Many people, and principally booklovers, will possibly remember-although it is several months ago-that we purchased the entire book stock of the Bain Book and Sationery Co. So that we feel sure you will be pleased when we tell you that we carefully selected over 1000 volumes of the best standard works of fiction and poets, in the choicest and most exclusive bindings, and reserved them, as they appealed to us as particularly suitable for gift-giving. These books are all practically new, in fact, some of them are entirely new, but at the time of the sale we put them carefully away, knowing that they would be more appreciated at this season than early in the summer. We have made a special showing of them in one of our windows, where yon can judge for yourself that the value we are offering is exceptional. These books will be on sale on Wednesday, and as there is only one copy book and a limited supply at that, we would suggest an early call. All these books will be sold at one-third to one-half off the regular prices.
