TAPPED CATARACT WIRE CHARGE AGAINST LUTHER

Charles Wamsley Arrested for Selling Liquor on Christmas Day Without License.

HAMILTON, Jan. 6.—(Special).—J. A. Luther, 495 East Cannon-street, has been summoned to police court Thursday morning on the charge of diverting electric current belonging to the Cataract Power Company.

Charles Wamsley, 66 1-2 York-street, has been summoned before the same tribunal on the charge of selling liquor without a license on Christmas Day.

Hugh G. Stout, 155 North Westworth-street, was arrested this afternoon, charged with getting J. McEwen, 30 East Hunter-street, to falsify a receipt for a grocery store, to back a promissory note for \$400. The alleged offence was committed at Hamilton on March 1st, and was in connection with a horse deal.

Archie Snider, West Jackson-street, who fell down the steps of the terminal station on New Year's Day, is still lying at the City Hospital in a semi-conscious condition, and his recovery is regarded as being doubtful.

Bond Free for a Minute.
When the extradition proceedings were resumed this morning before Judge Snider in the case of B. B. Bond, the produce merchant from Nashville, Tenn., arrested on a charge of fleeing the First National Bank of between \$8000 and \$9000, George S. Kerr, K.C., contended that the arrest was illegal because it had been made on a Tennessee warrant. Crown Attorney Washington admitted that the contention was correct, and the judge ordered the release of the prisoner. Mr. Kerr then asked for an order for the \$8000 until next Tuesday. Mr. Kerr's court refused to grant an order. So long as Bond remained in the court-room he was not to be arrested, but the moment he stepped outside he was to be seized upon by the detectives again, and arrested on a Canadian warrant.

The whole proceedings will have to be gone over again, and the witnesses brought from Nashville to prove the case. The prisoner was remanded until next Tuesday. Mr. Kerr's court refused to grant an order. So long as Bond remained in the court-room he was not to be arrested, but the moment he stepped outside he was to be seized upon by the detectives again, and arrested on a Canadian warrant.

Some Toronto Victims.
It is alleged that Clair Van Wyck, the Hamilton boy arrested on the charge of trying to pass a worthless cheque for \$1800, for damage alleged to have been caused to his premises by sparks from a locomotive.

The civic statement is busy trying to form a slate. It is pretty well agreed that Ald. Peregrine is to be chairman of finance, Ald. Allan, chairman of the board of works, and Ald. J. J. Wright and T. S. Morris are mentioned for the fire and water committee and Ald. Lees for the market committee and Ald. Gardner or Anderson for the House of Refuge.

Favorable Compensation.
The temperance people have been claiming a majority in favor of license reduction, one of the main points counting upon has gone back again, unless compensation is granted. If they fail to secure a reduction, the temperance people will ask for the submission of a bylaw to the people either at once or next January.

The hospital governors this morning approved of the establishment of a laboratory in connection with the city hospital, provided that the city council would set apart \$1200 for the salary of an expert bacteriologist. The idea is to have food tested, as well as general hospital work attended to. Dr. Roberts, the medical health officer, wants a laboratory in connection with his office and says one at the city hospital would not answer his purposes.

The police commissioners say they will not meet until after the new mayor has been installed. It is said they will suspend the rules in order to allow Sergt. Moore, Robinson and Knox to serve another year.

Thomas Hobson will be the next chairman of the board of education. Richard Gracey was sent down for 27 months and David Vint for three years by the magistrate this morning. The charges against them were petty thefts. John Smith and James Henderson were each fined \$15 for shooting crack Sunday.

John J. and Mrs. Bowman, Sunnyvale Farm, Dundas-road, are celebrating the 50th anniversary of the wedding. T. J. Johnston and Addie Burke, who are leaving for California, were presented with traveling bags by their friends.

GREAT NEW U. S. BATTLESHIP.
WASHINGTON, Jan. 6.—Plans have been outlined by the bureau of construction of the United States navy for a great battle ship, 25,000 tons, designed to carry eight 14-inch guns.

Class for Deaf Mutes.
The first of the weekly two-hour sessions in Lansdowne School, Spadina-avenue, for deaf mutes, will be held on Friday evening, commencing at 7:30 p.m. This class is to teach wood-carving and other departments of manual training. All deaf mutes over 14 years of age are eligible.

GIVE COMMISSION POWER.

Roosevelt Suggests Added Legislation Due to Harrison's Silence.

WASHINGTON, D.C., Jan. 6.—President Roosevelt to-day sent a special message to congress calling attention to the recent decision of the supreme court of the United States in the case of Harrison v. the Interstate Commerce Commission as indicating that the legislature in the way of amendments to the Interstate Commerce Law is advisable. E. H. Harrison was upheld in his refusal to answer certain questions put to him by the commission, in the main relating to the purchase by the Union Pacific Company of the stock of other companies.

In his message the president said: "It is obvious that congress should amend the act and change the language so as explicitly to empower the commission to require by subpoena the attendance and testimony of witnesses and the production of all books and papers relating to any matter under investigation."

FIRE INSURANCE AND ELECTRIC WORK

It is understood that the fire underwriters will shortly re-visit the insurance risks in the high pressure district.

If your electric work is defective you will not benefit to the full extent. Have us put your electric equipment in good order. We will inspect and furnish estimates without charge. Rogers Electric Co., Limited, 145 West Queen-street. Telephone Main 3227.

TWENTY-NINE SUSTAINED.

All the Local Option Repeal Movements Failed, Except in Two Places.

The 31 local option repeal contests have all been heard from. They show that local option was sustained in 29 places and repealed in two. They were Courtwright and Hepworth. The number of licenses which would have been out for a denunciation of the three-fifths majority clause would have been 118 instead of 58. A proposition is under consideration in temperance circles for a denunciation of the three-fifths majority clause. The proposition is to wait on Hon. W. J. Hanna, to request his repeal and to protest against licenses in their municipalities.

MISREAD REGULATIONS.

Nothing to Prevent Importation of Hides and Skins From U.S.

OTTAWA, Jan. 6.—(Special).—Officials of the department of agriculture say there is nothing in the existing quarantine regulations to prevent the importation of hides and skins from the United States. A provision in the regulations provides that skins that are not those of ruminants are exempt. The protest, which fur dealers of New York City have made to the state department at Washington against the Canadian regulation, it is said, must be based on misconception of the regulations.

Montreal Family Nearly Suffocated.
MONTREAL, Jan. 6.—(Special).—A woman, two girls and a little boy were at 115 o'clock this morning carried by firemen down a fire escape from the fourth story of the St. Alexis and Hospital-street. The rescued family was that of James Marsh, the caretaker. Marsh and the four members of his family were not aroused until after the firemen arrived.

They might have been suffocated before being rescued had not Marsh, who tried to get to the fire escape, but found the smoke too thick, thought of closing the fire doors leading to the stairway.

JUDGE WRIGHT THREATENED.

WASHINGTON, D.C., Jan. 6.—"I have not been measured for my shroud yet, nor can I say I am afraid to go home in the dark," commented Justice Daniel Wright to-day when asked about the hundreds of threatening letters sent to him by persons who are displeased over his recent decision sentencing the labor leaders.

Dogs Menace to Quake Sufferers.
MESSIAH, Jan. 6.—Dogs now constitute one of the dangers to the earthquake refugees.

These animals, starving and often rabid for lack of water, gnaw the corpses like hounds and frequently attack the refugees themselves.

The dogs are being shot on sight.

Theatre and Hotel Burned.
SPRINGFIELD, Mo., Jan. 6.—The Baldwin Theatre, which was empty, was destroyed by fire shortly after midnight to-day, together with a number of smaller structures. The Colonial Hotel was damaged to the extent of about \$100,000.

Protestant Hotel to Reopen.
KINGSTON, Jan. 6.—(Special).—The big Protestant Hotel will be re-opened May 1, and run on the European plan. An arcade will connect the Protestant with the British-American Hotel and both are to be run by W. Teller.

Richard Gracey Sent Down.
Richard Gracey was sent down for 27 months and David Vint for three years by the magistrate this morning. The charges against them were petty thefts. John Smith and James Henderson were each fined \$15 for shooting crack Sunday.

John J. and Mrs. Bowman, Sunnyvale Farm, Dundas-road, are celebrating the 50th anniversary of the wedding. T. J. Johnston and Addie Burke, who are leaving for California, were presented with traveling bags by their friends.

WAS FAREWELL MEETING FOR COUNCIL OF 1908

Victors Gave Condolences to the Vanquished, Who Explained How It Happened.

Yesterday was, in sporting parlance, "get away" day at the city hall, the occasion being one wherein the defeated members of the city council received the condolences of their more fortunate colleagues, and gave reasons why the electors were deluded into leaving them at home.

There were seven members upon whom were carried out the last sad rites, namely, Controller Spence and Ald. Hales, Whytock, Lytle, McBride, Stewart and Richardson. All faced the music excepting Ald. Whytock.

A little regular business was disposed of first, council unanimously passed a resolution to the effect that a report by the city engineer and assessment committee, extending from Farnham-avenue north to Olive-avenue.

Controller Harrison, seconded by Ald. McBride, moved a resolution to have memorials testifying to the valuable services of the retiring members presented to the electors. Ald. Stewart, seconded by McBride, moved against this, declaring that the \$100 expenditure was not justified.

The mayor expressed regret at the departure of members whose good work, he said, had largely contributed to his own re-election.

The senior aldermen of each ward paid tribute to colleagues who had fallen. Ald. Keeler, Vaughan, Brougher and McBride all spoke. There had been so many funeral orations on my political remains that I was hardly necessary, said Controller Spence cheerfully. He said further that the people had said very emphatically he was not to come back, the magnificent license reduction victory overshadowed his own defeat. The victory had been a harbinger of the great success of local option contests.

The controller congratulated the great achievements of the year the carrying out of the power policy, the victory and fitting projects.

Ald. Hales said he did not wholly regret his retirement. He believed the electors to be better than the one of 1908.

Ald. Lytle's Remarks.
Ald. Lytle considered that he had been unfairly attacked on his license reduction vote. He thought the position of The Globe very inconsistent in that while clamoring for reduction it published liquor advertisements read from the Dominion Presbyterian an extract from The Herald and Free Press and other newspapers for publishing such advertisements.

Ald. McBride was in extraordinarily meek mood, inasmuch that he expressed contrition for his license reduction vote of the year with Controller Hoken and Ald. Keeler, even going the length of saying that the former had made a good controller.

"I was in the running for a while, but dropped back to fourth place, and so didn't finish inside the top four," admitted the owner of Johnny K.

Ald. Sanderson attributed his defeat under criticism to his attitude towards license reduction.

Bill Stewart Speaks.
Ald. "Bill" Stewart announced his simple creed on the temperance question.

"If I want a glass of whiskey I don't sneak in at the back door and get it, I know a great many pretending to be good temperance people who, if your back is turned, can take a pretty good slug." This statement caused much laughter and some applause from members of gallery seats.

The alderman's remarks as above followed his explanation that his defeat was due to a dead set against him on the reduction question.

NEW YORK LEGISLATURE.

Stiff Opposition Promised to Governor's Election Measures.

ALBANY, N.Y., Jan. 6.—Direct primary nominations for the coming year are being discussed by the legislature. The purview of the law for the protection of the purity of elections are chief among the recommendations in the annual message of Governor Hughes, presented to the legislature at its opening session to-day.

It is said that the proposed measures will result in a legislative struggle this year, which may equal in point of bitterness the conflict over the anti-race law of 1907.

Governor Hughes recommends a system of direct nominations by all parties for all elective offices, other than those of presidential electors, for the November elections or at special elections called to fill vacancies in such offices.

The governor also recommends the adoption of a simplified form of ballot without a party column in which the names of candidates for the respective offices shall appear, but once grouped under the names of offices.

In the message, although the governor has been asked by the anti-saloon league to recommend legislation for the extension of local option to cities.

Architects' Convention.
The annual convention of the Ontario Society of Architects will be held next week, on Tuesday and Wednesday, at the rooms of the Engineers' Club, 96 West King-street.

There will be an exhibition of photos showing recent work and papers by Dr. A. Dick of the International Congress of Architects, Vienna, Walter J. Francis, C. E. of Montreal, Prof. F. Osborne of the University of Pennsylvania (read by A. P. Wickson), and W. A. Longuet, and a drive around the city are also on the program.

J. W. Leonard's Illness.
The report that J. W. Leonard of the C.P.R. was seriously ill has been denied by his son, who says his father was only slightly indisposed, and is again attending to his duties.

\$2000 Per Foot.
The property at 47 1-2-3-4 West Queen-street, opposite the City Hall, was sold by R. B. Harcourt to W. L. Williamson for \$50,000, or about \$2000 per foot.

SPRING HAS CAME.

Eels, Wild Duck and Angle Worms Make Their Appearance.

SOUTH NORWALK, Conn., Jan. 6.
Theodore Smith, dean of the north fishermen, reports that eels are coming out of the mud, and with frost fish, are biting at the hook as in summer.

Irving Wilson, hunter, states that the wild duck are flocking and mating as they do in the spring time, while men of the Roton Point Life Saving Corps go in swimming daily at Hickory Bluff.

Weather students report the appearance of angle worms, sure harbingers of the vernal awakening.
