

SELF-DENIAL FUND REACHES BIG FIGURE

Fifty Thousand Dollars Raised by Salvation Army in Campaign.

More than fifty thousand dollars has been subscribed by Toronto towards the Salvation Army Self-Denial campaign fund to date, and it is expected that the objective of \$150,000 will be reached finally without any trouble. A tag day is to be held on Saturday, and many of the plants and factories are still to report. Several donations of a thousand dollars each were reported at yesterday's luncheon, and more are looked for.

Yesterday was experience day, and antitheses was the order of the day. A grave and gay mingled in the river of narrative, each endeavoring to overwhelm the other. Undoubtedly the gay dogs won the day. One canvasser was asked, whom he represented—which army.

"That of the Lord," was his ready response.

"Ah, well, in that case you are easily ten miles from my barracks, my dear man," quoth the merchant. "Well, it will cost just a dollar a mile to get back," replied the canvasser.

He got his ten dollars. Another story was of a different calibre. One, a dear old member of the Salvation Army home for incurables, had no coin. He had only twenty-five cents in stamps. He gave it over to the canvasser, and it now belongs to the Salvation Army fund.

Will Close Campaign.

The dinner which is to be held at the King Edward Hotel tonight will practically close the campaign, although much will be done after that, as evidence, the tag day which is to be held tomorrow. Many quaint articles will be auctioned tonight. Among these are a pair of gongs which saw service through the war in the fighting area, a silver cord which was presented to Staff Captain Hill by Heng Huo Hua Kuein Hong Hang, a Korean dignitary, and last, but not least, a Korean wheelbarrow with a unique and ancient history.

Among those organizations which have done much toward the campaign is the Gyro Club, with its membership of sixty young men under 35. This club has worked in conjunction with the board of trade under the leadership of Dr. Austin Evans.

Many Subscriptions.

Among the large subscriptions were the following: W. R. Brock & Co., \$1,000; Gordon, McKay & Co., \$1,000; Goodyear Tire Co., \$500; Lowndes Co., \$500; Cowan Chocolate Co., \$500; Massey-Harris Co., \$500; Rolph, Clark Co., \$500. Many subscriptions of lesser order were received from firms and individuals.

Jimmy Wilde, the boxer, is under orders to attend tonight's banquet, his wife having promised his attendance, and a six-footer of the Salvation Army having undertaken to see to it that he does attend.

NEW BOULEVARD FALLS TO QUEENSTON

Niagara Park Commission Purchases Right-of-Way—Surveyors at Work.

The Queen Victoria Niagara Falls Park Commission have purchased from the Provincial Hydro-Electric Commission a right-of-way from the Falls to Queenston. A small portion of land just before leaving Brock's monument, and another small portion at the northern boundary of the city of Niagara Falls, will require to be expropriated, but can be taken possession of as soon as a proper notice is given. This will complete the right-of-way controlled by the commission from Lake Ontario to Lake Erie. The cost of this section of the right-of-way was \$100,000.

Surveyors are now at work making the necessary surveys preparatory to extending the boulevard from Niagara Falls to Queenston Heights.

The park commission have had an airplane survey made of the boulevard system from Lake Erie to Lake Ontario. No time will be lost in connecting Queenston Heights with Niagara Falls, so that the public may at the earliest possible moment take advantage of this most picturesque drive. The right-of-way from the Falls to Queenston has been purchased wide enough to avoid a monotonous straight drive.

This will reach the long-looked-for objective of the commission, by means of a drive along the river side, to preserve the banks of the Niagara River to the Canadian people for all time to come.

FEDERATION PROGRESSING.

WHY EXPERIMENT?

Food scientists claim that the leavener is largely responsible for the flavor, texture and wholesomeness of your home baking. That on no other one ingredient does so much depend. It is important, therefore, to use a baking powder that you know possesses the necessary leavening qualities.

OWEN SOUND, I.O.D.E., TRY NEW EXPERIMENT

Owen Sound Chapter of the Daughters of the Empire are undertaking an interesting educational experiment. The annual meeting of the Ontario Historical Society is to be held in Owen Sound on June 10 and 11, and as that town is to become a city on July 1, it was thought that this would be a good occasion to hold an exhibition of articles which would illustrate the history and development of social life and action during the seventy years since the first settlers came. The prospects for a fine exhibition are good, as the idea has caught the imagination of the people, and the meeting of the Ontario Historical Society will be a great success. Rev. Father Cadot, S.J., the missionary to the Indians of Cape Croker and the Christian Islands, will give one of the evening addresses. Rev. Canon Spencer of Hamilton, who arrived in 1853 at where Owen Sound now is situated, will give his reminiscences, and Professor J. L. Morrison of Queen's University will speak.

UNIVERSITY NOTES

In the opinion of Sir Robert Falconer, president of Toronto University, the statement that is said to have been made last Saturday by the Hon. R. H. Grant, minister of education, concerning the abolition of the faculty of education, is rather premature. When interviewed by The World, Sir Robert stated: "As I understand it, Mr. Grant has not yet come to a decision, and the whole matter is under consideration. The announcement came as a complete surprise. In any previous conversation with the minister of education, the matter had been mentioned but not discussed. Naturally we will be very sorry indeed if the statement that is accredited to Mr. Grant is his final decision. We certainly do not want to lose our faculty of education."

Dean Parkman, when interviewed on this matter, was also of the opinion that some mistake had been made, as he was under the impression that the matter would probably be the subject of conferences between the faculty of education and the department of which Mr. Grant is head for the next two or three weeks. "One thing is certain," he stated, "and that is that there must be some place where students who desire to become high school teachers in Ontario could be trained."

The dean was also of the opinion that as the whole question is one of proper administration, there would not be any drastic changes, were the faculty to be taken over by the department of education.

This week will see the wind-up of all the examinations, that for the past month have been producing a feeling of skin to terror in the hearts of the students at the university. The majority of them have all completed the papers and have left for their various homes, where for the next six weeks

they will be anxious readers of the various papers, trusting that they have managed to pass.

A LOVELY REGION.

One hundred and forty-five miles north of Toronto lies the "Lake of Bays region," one of the most attractive of the summer playgrounds in the "Highlands of Ontario."
