

and planted with trees, so as to be uniform with the rest of the ground.

Your Committee expected a large sum from those in arrears to the building fund of the church, and from others of the congregation who did not subscribe to that fund to assist in erecting the Manse ; in this they were disappointed, but your committee are very glad to think that defaulters and non-subscribers will have an opportunity of coming forward and liberally assisting those who subscribed handsomely at the first, and will, no doubt, do so again.

The congregation is aware that there is a sum of \$9000 borrowed from the Huron and Erie Savings and Loan Society, and that \$720 a year is required to be paid as interest for this amount. Your Committee would respectfully recommend to their successors in office that as they are sure a larger sum than what is required for the Manse debt will be subscribed, the balance be applied towards the payment of this liability.

Your Committee beg to draw attention to the small sum collected on the arrearages of the Building Fund and Erection of Shed's subscriptions, which still amount to over \$800, and they consider that subscribers in arrears to these funds are in honor bound to pay their subscriptions forthwith.

Your Committee would recommend that the quarterly collections for meeting the interest on the amount borrowed, be continued for another year.
