Over The Side in Fearful Sea to Attempt Rescue of One of Prince's Sailors

British Tars From The Renown Make a Fine Effort

Battle Cruiser in Rough Weather on Way to New York for Prince of Wales Loses Two Sailors and Midshipman Has Legs Broken

New York, Nov. 13.—William Franklin and John Light, able-bodied seamen of the crew of the British battle cruiser Renown, were lost at sea on last Sunday morning when the Renown, ploughing through a gale, was coming here from Trinidad to take the Prince of Wales home. Midshipman Richard Knight was taken from the big battle cruiser yesterday to the Presbyterian Hospital with both legs broken as the result of the tempestuous weather.

Soon after running into the gale, Midshipman Knight, with a crew of four, hastened to make fast some of the movable gear of the ship. A heavy sea swept over the bows and jammed them against the breakwater, fracturing the midshipman's legs and carrying Light overboard.

A lifeboat was lowered, manned by a crew of fourteen. As this boat reached the water it was capsized by another huge wave and its occupants were thrown into the sea. General quarters was sounded and a port side lifeboat was lowered, and the crew of the first lifeboat except Franklin were rescued.

As Hiram Sees It

"Hiram," said the Times reporter, "I've about made up my mind that there's got to be a new deal. Things don't suit me. Here I'm allowed one day and never get any farther ahead. By and bye I'll fall over the edge of the grave and that will be the end. I can't stay home on stormy days or have good time on the days. It's grind, grind, grind. I'm sick of it."

"Kin you drive a car?" asked Hiram. "No I can't—I don't want to." "Spoke," said Hiram, "nobody else wanted to—what 'ud you do for a shofter?" "I hadn't thought of that," said the reporter.

"An' spoke," said Hiram, "a lot of other people wanted to live in the best house—which is only nacheral. Wouldn't it be sorto crowded after a spell?" "Maybe it would," said the reporter, "but others could be built."

"Who'd build 'em?" mildly queried Hiram. "Everybody," said the reporter. "Then everybody'd hev to go to work," said Hiram. "Oh, Lord," said the reporter. "That question of work comes up every time. It gets us going and coming. It can't be done."

"There's an old book," said Hiram, "that I don't read so much as you might—that says a good many things the experience of men has showed to be true. In the sweat of thy face, it says, thou shalt eat bread. It's true we got people that eat bread in the sweat of other people's faces, but their own time to sweat may come later on. I ain't upholdin' 'em—but, Mister, you an' me got to live our lives accordin' to the light we got. I'd rather be caly than to have a clear conscience than all the best houses an' cars an' trinkets there is in the world—yes, sir."

On behalf of the board of directors of the St. John and Quebec Railway Company, I invite you to make public anything you know concerning these alleged acts which the public may be interested in.

Here denial of "rumors" does not satisfy the public. If you will publish your information the directors are quite willing to investigate and be investigated. The affairs of the Saint John and Quebec Railway Company have been conducted so far as this board of directors is concerned, in an open and above board and with every regard for the interests of the province, and if you have any information to the contrary you will kindly publish it.

Yours truly, E. S. CARTER, Secretary and Director of the St. John and Quebec Railway Company.

Y. W. P. A. Now Are Selling Bonds

Booths Opened in Various Districts—More Than Million From City Yet Required

A feature of interest in connection with the local Victory Loan campaign today was the entrance of the members of the Y. W. P. A. into the selling staff. They opened booths at various centres through the city early this morning and before noon sales had been reported from our patriotic depots, those at S. H. Hawker's, corner of Main and Parahit row; Robertson's grocery, Douglas avenue; R. B. Travis, 542 Main street, and Glenmore, 4111 Main street. The members wish it understood that any commissions accruing to them from their sales will be devoted to the work of their association for patriotic objects.

Ward returns are available only up to Tuesday night, but they show continued sales throughout the city. The total for yesterday was reported at \$29,068,850 so that considerable work yet remains to bring the city to its objective of four millions between now and Saturday.

Through the province sales are continuing well. Charlotte and Gloucester counties went over their objective yesterday, York is very close and Westmorland expects to report sales tomorrow which will carry it beyond its objective. A telegram from Gloucester, Mass., from the Russia Cement Company, reported a subscription of \$2,000 secured through the local agent, E. E. Elwell.

Reports by wards show that Dukes is still in the lead. Lorne has crowded Lansdowne out of second place and Victoria is well in the last few days. The figures with those for the corresponding figure last year follow:

Table with 2 columns: Name and Amount. Includes entries for Guys (\$2,020), Brooks (\$7,090), Sydney (\$102,150), Dukes (\$165,600), Queens (\$483,850), Kings (\$172,650), Wellington (\$137,750), Prince (\$141,450), Victoria (\$108,450), Dufferin (\$87,700), Lorne (\$207,900), Stanley (\$21,850), Lansdowne (\$296,850), Beauséjour (\$116,100), Fairville (\$88,250), St. Martins (\$191), St. Simons (\$5,000), The Canada Permanent Mortgage Corporation (\$1,000,000), and the Victory Loan (\$40,000).

Charges of immorality of English women war workers hearsay

Preliminary Report of Lords Committee on Douglas Pennant Case

London, Nov. 12.—A preliminary report of the lords' committee on the Douglas Pennant case attracted widespread comment. Gossip about the immorality of English women war-workers was common in certain circles. The Pennant case brought this to a head, demonstrating the groundlessness of the statements. Earl Stanhope cuts a particularly inglorious figure. He championed Douglas Pennant in the lords, making a speech upon the peer's privilege against libel. When serious enquiry came, it demonstrated that his charges were based upon hearsay. He apologized but critics declare that had he made similar charges in the open court, it would have been his own undoing.

The Daily News describes the charges as very cruel and an outrageous wrong to a person primarily concerned. "If nothing else results than dispelling the cloud of foul suspicion, it is, in the public interest, fully justified." The Express describes accusations against women workers as mere hearsay gossip, tales with not better basis than rumor or rancor.

ASK CITY TO PAY OFF THE MORTGAGE

Grant of \$10,000 to Clear G. W. V. A. Building

DELEGATION IS HEARD

Request in Lieu of \$15,000 Voted for Memorial Building—Commissioners Told That Veterans Would be Saved \$600 a Year in Interest

A delegation from the Great War Veterans' Association, accompanied by three of the trustees of the Veterans' building in Wellington row, was before the common council this morning to ascertain if the council would make a grant of \$10,000 to pay off the mortgage on the Veterans' home in lieu of a grant of \$15,000 voted by the council some time ago towards the erection of a memorial building for the returned men. The mayor promised earnest consideration.

The delegation consisted of William Vassie, Alexander McMillan and W. J. Brown, of the G.W.V.A., and M. E. Agar, Allan Schofield and George Warwick, trustees of the present building. Mr. Vassie said that the building, which originally cost \$28,000, of which \$8,000 was taken in stock by some local citizens, \$4,000 was subscribed by the provincial government, and the association took up another \$3,000 in stock, and this year paid off another \$3,000, leaving a mortgage of \$10,000 against the building. It was pointed out by Mr. Vassie that the wiping out of this mortgage would save the association about \$600 interest annually, which, when added to the \$630 taxes on the property, made a fairly heavy burden.

He said that the expenditure for the period from May 1 to Oct. 31 this year amounted to nearly \$5,000, and it was estimated that the balance of the year would cost about \$2,065, while with the present membership of 1,400, the income from dues was \$7,200. Mr. Agar said that the balance of the year would cost about \$2,065, while with the present membership of 1,400, the income from dues was \$7,200. Mr. Agar said that the balance of the year would cost about \$2,065, while with the present membership of 1,400, the income from dues was \$7,200.

Mr. Schofield said that so far as he knew the city as a whole had not done anything to amount to much towards a memorial to our soldiers, and he thought this was a way in which the city could do something to show their appreciation of what these men had done. This might take the form of a memorial which had been talked about a year ago recently. He thought the amount asked for was not out of the way.

Mr. Warwick and Mr. Agar also spoke along the same lines. Mr. Agar added that the proposal has a good deal of reason behind it.

The council decided to consider the matter, and the delegation withdrew.

SAYS ALARMIST REPORTS CAME FROM BELGIANS WHO ARE FOR ACTION

Matter of Relations of Belgium and Holland Over Questions of Scheldt and Limbourg

Paris, Nov. 13.—(Associated Press)—Alarmist reports of high tension and possible rupture of diplomatic relations between Belgium and Holland, which have been current for the last few days in Brussels and in diplomatic and peace conference circles here, have their source in the interior politics of Belgium, and are fostered by the political party favoring an energetic policy toward Holland, according to a member of the Belgian peace delegation at Paris.

"The situation," he added, "is neither more strained nor better than it has been since the opening of negotiations between Belgium and Holland, which have been current for the last few days in Brussels and in diplomatic and peace conference circles here, have their source in the interior politics of Belgium, and are fostered by the political party favoring an energetic policy toward Holland, according to a member of the Belgian peace delegation at Paris."

MINORS AND MAJORS BURY THE HATCHET

Baseball Business Relations to Be Resumed in Springfield

Springfield, Mass., Nov. 13.—Business relations between the minor and major baseball leagues, strained a year ago with the abrogation of the national agreement, will be resumed as a result of action taken yesterday by the National Association of Professional Baseball Leagues in its annual meeting. According to Secretary John H. Farrell's report, following an all-day executive session, the minors have decided it is best to work in harmony with the major leagues. He made no announcement, however, as to the methods to be followed in bringing the subject before the American and National League representatives. Among other things, the new agreement would mean the re-establishment of the drafts and optional agreements.

DESTROYING TREES AT ROCKWOOD

It is a pity that all our people do not take greater pride in the natural and acquired beauties of the city and surroundings, but some must wreak destruction. The latest report in this regard comes from Rockwood Park and has to do with the pulling up of baby spruce trees which line some of the walks. Why they do so is known only to themselves, but they should give thought to the fact that this
