

THAMES-STAR, SAINT JOHN, N. B., THURSDAY, MAY 14, 1925

DO YOU KNOW Where Mary Buys Her Hats?

Mary always has the most adorable Hats! All the girls think so. Some of her hats are large and some are small, but each one has that reguious "I-don't-care" attitude, that youthful verve and beguiling originality which distinguishes Hats that are "personalities" from Hats that are just Hats! Every girl in her crowd longs for a Hat that's as smart as Mary's. And—whisper—she buys them at the Marr Millinery Co. Limited.

Mary knows just how to tilt her hat at the auiciest angle. But then, so do the other girls—it's really a matter of Hats. Let a girl be "hatted" at the Marr Millinery Co. Limited and she can be just as smart as Mary.

SEES SPREAD OF CITY TO NORTH TO LARGE AREA

Commissioner Frink, in Report, Refers to Millidgeville Plateau Possibilities

STATES ROOM FOR CITY OF 200,000

Says Mechanical Sweeper and Incinerator Saint John Requirements.

In a report on his department to the Common Council today, Commissioner of Public Works J. H. Frink visualizes city expansion north as between the existing city limits and the Millidgeville Plateau. He sees room for a city of 200,000 people on a comparatively level area and a construction to link this area with the city will eventually be undertaken, he predicts.

The report reviews the work of the year in the public works department and makes reference to the need for a mechanical street sweeper, the necessity for an incinerator.

Douglas Avenue

In part the report says:—

The extension of Douglas avenue to the new provincial highway bridge has been held in abeyance for a long time, maintaining a section between the Government of New Brunswick and the Canadian Pacific Railway; the case having been finally heard before the Public Council in England and a decision given against the Government. The way having been cleared by this decision, it may be reasonable to expect that the paving will be continued to the bridge, or that an overhead structure may be placed in this locality so as to remove her former home at Newcastle Creek were invited to celebrate the event. Flowers and pretty gifts were presented and a dainty supper served, with a birthday cake and all the desirable things to make such a party enjoyable. Games and music were participated in during the evening.

Produce Bike Or Pay For It

ADMITTING that he stole a bicycle valued at \$30, a juvenile told Magistrate Henderson in the police court this morning that, in turn, the machine had been taken from him, and that he was not able to produce it. His Honor set the hearing over until next Tuesday, and in the meantime the juvenile will try and find the wheel and return it to the rightful owner. Failing that by Tuesday, he will be compelled to pay its value.

Local News

GETTING ON WELL.

Boy Clark, son of Mr. and Mrs. A. S. Clark of Lepreau, N. B., who was successfully operated on in the General Public Hospital, is reported resting as well as can be expected.

ENGAGEMENT

Mr. and Mrs. Charles C. Brown announce the engagement of their daughter, Frances, to Raymond Gerald Conway, of this city, the marriage to take place early in June.

UNDERGOES OPERATION

Friends of William H. White, 180 Douglas avenue, who was operated on at the General Public Hospital on Tuesday, will be glad to know that he is making satisfactory progress toward recovery.

BIRTHDAY CELEBRATED.

Mrs. S. P. Porter, matron of the Y. W. C. A., was given a nice birthday surprise last evening at the residence, King street east, when the girls in residence and a few friends from her former home at Newcastle Creek were invited to celebrate the event. Flowers and pretty gifts were presented and a dainty supper served, with a birthday cake and all the desirable things to make such a party enjoyable. Games and music were participated in during the evening.

IS SEVEN YEARS OLD.

Raymond Morrow, seven-year-old son of Mr. and Mrs. Fred Morrow, of Main street, Fairville, was given a delightful birthday party yesterday afternoon by his mother. Miss Beatrice Simpson assisted Mrs. Morrow in leading the children in games and serving at the tea hour. The table was very prettily decorated with cakes, candies and all the favors that please little folks. Those present were Miss Marie McKinnon, Miss Helen Snodgrass and Miss Mildred Morrow.

SISTER GERTRUDE'S FUNERAL SATURDAY

Superior of Saint John Infirmary Dies After Few Days Illness.

The Community of the Sisters of Charity suffered a great loss by the death of Sister Mary Gertrude, who passed away early this morning after a short illness with pneumonia. She was superior of the Saint John Infirmary, taking charge of the institution after the death of Sister Patrick. Although she had been critically ill, hopes were held for her recovery, but all the skill of the attending physicians and the loving care of other Sisters of the Community were unavailing and at 8:45 o'clock this morning life departed. During the night several of the doctors were in constant attendance, as well as Sisters of the Community and Rev. Charles Boyd, chaplain of the Infirmary.

29 Years in Community

Sister Mary Gertrude was 44 years of age and was a member of the Sisters of Charity for 29 years, making her final vows on August 7, 1895. She was born in the United States, but resided in Moncton for a short time prior to entering the novitiate of the Sisters in this city. She was formerly stationed at St. Patrick's Industrial School and later was appointed superior of the Infirmary's Home. From there she went to the Infirmary as superior.

Her name in the world was Miss Annie Saunders, and she is survived by two sisters, Mrs. Hilliard and Mrs. Kenny of Miller's Falls, Mass., who were with her during her last hours.

Sister Mary Gertrude was regarded as a highly competent administrator and was greatly esteemed by all the members of her community, as well as all of the medical profession and others with whom she came in contact during her work of mercy at the Infirmary. The body will remain in the Infirmary until Saturday morning and then will be taken to St. Vincent's Chapel, Cliff street, where solemn high mass of requiem will be celebrated at 9 o'clock.

THIRTY SHRINERS WILL GO FROM CITY

Hundred From New Brunswick to Montreal For Dedication of Hospital.

Thirty members of Luxor Temple, Myrtle Street, are expected to leave Saint John tomorrow afternoon for Montreal to attend the dedication of the Shrines Hospital for Crippled Children in that city. Special pullmans will be attached to the first Montreal train, leaving here at 5 p.m., daylight time, and it is expected this number will be swelled to at least 60 by the time the train pulls out from McAdam, as members of the temple from the western part of the province will join the Saint John delegation at that point.

Members of the temple from Moncton and North Shore points will travel by the C. N. B. and it is expected there will be at least 100 from New Brunswick at the dedication ceremony. This is the biggest event in Shrine history in eastern Canada and preparations are being made to celebrate it fittingly.

FLAGS IN CANADA

Lieut. J. H. Kimball, R. N. V. R. of Saint John Has Part in Booklet Production.

An attractive blue bound booklet entitled "Flags in Canada," has just been received, and is said to be the first of its kind published in Canada.

The Canadian coat of arms is illustrated in colors, and there is a short essay on it by Commodore Walter Hogg, O. B. E., R. C. N., director of the Naval Service.

The Canadian national flags are also shown in color, and there are some 20 pages devoted to "The Correct Display of Bunting in Canada—Ashore and Afloat." This section was planned by Lieut.-Col. LeGrand Reed, and it was published in part in "The Sailor" some time ago. As a result of some suggestions offered by Lieut. John H. Kimball, R. N. V. R. of Saint John, he was asked to collaborate in the production of this section of the booklet, and it appears as their joint effort. There are 12 sketches of flagpoles ashore and of sail and power yachts afloat, showing the proper positions in which the various flags should be flown, and beneath each of these there is reading matter (subdivided into lettered paragraphs) telling of the flag appropriate to mast, head, peak, yardarm and staff.

The booklet is well printed with clear type on a good quality of paper, and is of interest and value to everyone who has a boat afloat or a flagpole ashore, or to anyone who is interested in the use and usages of flags.

GERMAN ECONOMY

BERLIN, May 14.—As a measure of economy, the Germany railway administration announces 30,000 employees will soon be dismissed. The railways now employ 765,000 persons.

GOOD SHEPHERD W.A.

Closing Meeting For Season Hears Reports on Various Activities of Auxiliary.

The closing meeting of the W. A. of the Church of the Good Shepherd, Fairville, was held yesterday, with a good attendance of members. Mrs. Amy Bender, president, was in the chair. Mrs. Thomas Pile gave a Bible reading and a short address on the aims of the W. A. Mrs. Charles Hill, treasurer, reported a good balance in the funds. Mrs. Hannah Maguire reported that a sale for the Indian boy at McKay School, Saskatchewan, had amounted to \$50 and would be sent forward. Miss Mary Hoyt, secretary, reported a day fund, and Mrs. Colin Gilchrist for the Little Helpers. Mrs. J. Graham, secretary, read the monthly report of the board, after which refreshments were served. The Dorcas meeting will be held each week for most of the summer.

Those present yesterday were Mrs. Bender, Mrs. F. J. LeRoy, Mrs. J. White, Mrs. John Byers, Mrs. Colin Gilchrist, Mrs. H. Maguire, Mrs. H. Graham, Mrs. J. Smith, Mrs. H. Blagden, Mrs. William Maguire, Mrs. Gerhard DeGier, Mrs. T. Pile, Mrs. William Gibb, Mrs. Arthur Appleby, Mrs. J. Mitchell, Mrs. A. O. Patrick, Mrs. J. Darling, Mrs. Charles Hill, and Miss Mary Hoyt.

INCINERATOR

The necessity of an incinerator is being made more apparent year by year and this useful piece of civic apparatus cannot be much longer delayed, as the conditions existing at the asphalt plant for the burning of waste paper and other material are of the most primitive character, and must be a source of annoyance to the residents and cesspools of this immediate vicinity; besides serving more or less as a menace. This matter, of course, has been dealt with before, but, as usual, the financial condition of the city has prevented its installation. Plans and estimates of cost have been prepared and submitted by different manufacturers, and all information as to the layout, cost, etc., is available at any time should the Council decide to go on with the construction.

CITY STREETS.

The city has about twelve miles of paved streets and the necessity of a street sweeper is being made more apparent each year. Paved streets mean clean streets, one goes with the other, and while there may be some objection to the initial cost, I am quite satisfied that the outlay would be justified and that we should have at least one mechanical sweeper.
