J. N. HARVEY, Clothing and Furnishings, 139 to 207 Union St.

ACCIDENT IN INTERCOLONIAL RY. YARD AT MONCTON

Five Cars Derailed Early This Morning—Moncton People Going Wild Over Hockey Championship—The Police Force Changes

MONCTON, N. B., March 19.—A bad run of occurred in the I. C. R. yard this morning, by which five box cars were derailed and one badly smashed up. Freight train No. 14, in charge of Conductor Crockett, was pulling out about five o'clock when some undercarriage of one of the cars got across the rails and threw a loaded Illinois Central car from the tracks.

The car was loaded with four and feed consigned to F. J. Sherry, of Sydney, and four bags of this broke open while the remainder of the contents was not injured. The other cars were not damaged but the first car was pretty badly broken up, the top being torn from the trucks, and badly smashed in falling.

No one was injured. If Moncton was excited over the first game in the Starr trophy series, the city went wild last night when over the telegraph wires came the news that after a long drawn out and strenuous struggle, the local team had downed the Nova Scotia champions, and gotten away with the hockey championship of the maritime provinces.

It was after twelve o'clock when the news reached here but a big crowd remained around the telegraph office and there was wild enthusiastic scene when the news was announced. For a couple of hours the crowd paraded the streets singing and cheering. The Victoria will be given a great reception home.

They will arrive on the Maritime express tonight, and will be met at the depot with a band and a barouche, and a big crowd of supporters.

At a meeting of the police committee last night the need for more cars in the physical requirements of applicants for positions on the force was discussed, and as a result it is likely that a standard will be established, by which applicants will be judged. The minimum amount of policemen's wages is now forty dollars. This is likely to be increased as it has been found necessary to make additions to the force and good men are difficult to procure.

PRINTING ESTABLISHMENT IN AUGUSTA BURNED

Fire Threatened Other Properties, But Was Subdued With Loss of \$80,000

AUGUSTA, Ga., March 19.—At 2:35 this morning fire broke out in the building occupied by the Augusta Chronicle, and the Western Union Telegraph Company. By four a. m. the building was completely destroyed, the fire was spreading to adjacent buildings, among which is the Chelsea hotel. The scene of the fire is on Broad street, between Jackson and McIntosh, and directly in front of the Confederate Monument. Immense property loss is probable unless the fire is controlled.

The fire started at 3:10 o'clock this morning in the office of the Augusta Chronicle, which was ruined. The main office of the Western Union Telegraph Company and the Union City ticket office were destroyed. Eight type-setting machines in the Chronicle office were wrecked and the presses of the paper were badly damaged. The losses are estimated at \$75,000 to \$80,000, with partial insurance.

The Chronicle was able to print a four-page paper from the Herald office at ten o'clock.

FOUGHT TO DEATH FOR LOVE OF SAME WOMAN

Italian Brothers in a Desperate Struggle. Were Rivals for Girl's Affections, She Married the Elder, and He Neglected Her

NEW YORK, March 19.—Two brothers, who loved the same woman, fought with knives and clubs in an East Side saloon early today, but both were so desperately injured that they probably will die. The men are George and Giovanni Francesco, who came from Palermo, Italy, about two years ago. There they had both been rivals for the hand of the same girl, a handsome young Sicilian, who for some time could not make up her mind which to choose of the two brothers. Eventually she accepted George, the elder, and they were married shortly before the trio came to New York. Not long after their arrival George began to neglect his wife and at length she left him and went to live with friends in Brooklyn.

When the brothers met in the East Side saloon early today, Giovanni, who had been followed by the police, was the aggressor. He struck George on the head with a bottle, and the younger man had a deep knife wound in the body. At the hospital where they were taken their condition is regarded as critical.

LARGER SUBSIDIES FOR THE PROVINCES

Details Showing Effect of Provisions Given Notice by the Premier

OTTAWA, March 18.—An analysis of the provisions regarding provincial subsidies, of which Sir Wilfrid Laurier has given notice, shows these particulars:—Population, 1901, 2,182,947; allowance, old subsidy \$80,000, new subsidy \$240,000; per capita grant, old subsidy \$1.16,872; new subsidy \$1,746,257; total, \$1,196,972 and \$1,966,357.

Quebec—Population, 1901, 1,649,598; allowance, old \$70,000, new \$240,000; per capita grant, old \$89,232, new \$139,118; total, old \$99,232, new \$158,118.

In the case of both Ontario and Quebec the per capita allowance has been based upon the population of 1861. Hereafter it will be based upon the population at each decennial census.

Nova Scotia—Population, 1901, 459,014; allowance, old \$60,000, new \$190,000; per capita grant, old \$320,000, new \$367,659; total, old \$380,000, new \$557,659.

New Brunswick—Population, 1901, 331,150; allowance, old \$50,000, new \$130,000; per capita grant, old \$354,596, new \$264,886; total, old \$314,596, new \$444,886.

Manitoba—Population, 1906, 285,688; allowance, old \$50,000, new \$130,000; per capita grant, old \$230,000, new \$232,530; total, old \$280,000, new \$472,530.

British Columbia—Population, 1901, 178,687; allowance, old \$35,000, new \$150,000; per capita grant, old \$142,925, new \$142,925; total, old \$177,925, new \$292,925.

Special allowance for ten years, \$100,000; total \$292,925.

Alberta—Population, 1896, 185,412; allowance, old \$50,000, new \$150,000; per capita grant, old \$230,000, new \$148,329; total, old \$280,000, new \$298,329.

The explanation of the reduction in the per capita grant is that the population was estimated at 250,000 when in reality it was only 185,412.

Saskatchewan—Population, 1906, 257,763; allowance, old \$50,000, new \$130,000; per capita grant, old \$230,000, new \$206,210; total, old \$280,000, new \$336,210.

MURDERER SEES HIS VICTIM'S BODY FOUND

Hole He Ordered Man to Dig Three Years Ago Intended for Grave

MUNICH, March 18.—A sensational murder mystery was partially solved this afternoon, when the body of a wealthy young man named Hentchel, who disappeared from home at Munich three years ago, was dug up on a piece of waste land outside the Bavarian capital.

Hentchel was the son of one of the wealthiest business men in Munich. He spent money lavishly, attended the pleasure resorts regularly, belonged to the fashionable clubs and kept race horses and motor cars. He was very friendly with another young man named David Nelderhofer, son of the proprietor of a stationary circus at Munich. Hentchel and Nelderhofer were nearly always together, Hentchel finding the money for their amusements.

Hentchel suddenly disappeared on May 24, 1904, and not the least trace of him could be found. Crime was suspected, but the police abandoned their investigations without finding the least clue.

A few days ago Nelderhofer attempted to sell to a jeweler several articles of value which formerly belonged to Hentchel, and, as it happened, the jeweler remembered that they corresponded with particulars circulated by the police describing articles of jewelry which Hentchel commonly wore.

These included diamond rings and an extremely expensive bracelet. The jeweler immediately communicated with the police, and detained young Nelderhofer until they arrived to arrest him.

Publication of the news of Nelderhofer's arrest brought other suspicious circumstances to light. A former employee of the Nelderhofer circus informed the police that David Nelderhofer had ordered him about three years ago to dig a deep hole in waste land adjoining the circus. He had no idea for what object the hole was dug, but offered to show the police where the hole was made.

Excavations on the waste land began early yesterday morning, and continued all day without success. When the news resumed this morning young Nelderhofer was brought to watch the work, handcuffed and fettered, and held in custody.

Late this afternoon Hentchel's body was recovered, amid the intense excitement of the police. It was quite unrecognizable, and was quite unable to overcome his agitation. He was then taken back to prison.

BOY DROWNED WHILE SKATING AT SHERBROOKE, QUEBEC

SHERBROOKE, Que., March 19.—A sad drowning accident occurred in the river last evening, when a young boy named Faton, aged 10 years, lost his life. In company with his younger brother he was on the ice when he fell away and both boys fell into the water. The younger of the two clung to the edge of the ice and succeeded in getting on to the plank which was placed upon the hole by those who were attracted to the spot. The older boy was unable to get up and never rose. His body was not recovered until hours after the accident.

DYING, HE KILLED THE MEN WHO HAD SHOT HIM

BIRMINGHAM, Ala., March 19.—H. P. Chamberlain, formerly of Richmond, Va., superintendent of mines of the St. Vincent Coal Co., and Joe Creek, a miner, are dead, and Will Creek, the latter's brother, is dying, as the result of a three-cornered pistol fight at the mines late yesterday. The two miners were drinking and were creating a disturbance, when Chamberlain tried to quiet them. Joe Creek resorted to his inflicting wounds which resulted in Chamberlain's death. While dying mortally wounded, Chamberlain fired several shots, one of which killed Joe Creek, and another fatally injured his brother Will.

KENDRA WINS MANITOBA LEAGUE CHAMPIONSHIP

WINNIPEG, Man., March 19.—The cup holders won the Manitoba league championship from Brandon in the second game of the series last night by a score of 4 to 1. The game was very hard throughout and was very clean. Whitcroft, of the Thistles, scored a name for himself, outclassing such stars as Phillips, Smith and Westelk throughout the whole play.

WALL STREET. NEW YORK, March 19.—Opening: The stock market opened weak. Opening prices showed declines generally which were wide in some of the most active stocks. There was a sprinkling of gains, a rise of a point in Southern Pacific being the most conspicuous.

FRENCH TROOPS SURROUNDED BY NATIVES IN GUINEA

THAW CASE TO THE JURY ON FRIDAY Evelyn Will Not Be on the Stand Again

PARIS, March 19.—The Echo de Paris publishes a despatch from Konakry, capital of French Guinea, West Africa, saying that a French column entered a serious reverse in upper Guinea, while attacking the Thomas tribesmen, who were strongly fortified in a village. Seven French officers were badly wounded and eight sharpshooters were killed and twenty-five wounded. The column entrenched itself and is now awaiting the arrival of artillery.

BRASSVILLE, French Congo, March 19.—A French punitive expedition has administered defeat to the revolted Waddian tribesmen at the village of Tialo. Sixty-two of the tribesmen were killed, while the French column lost 4 men.

ST. ANDREWS WANTS MONEY FOR HARBOR FACILITIES

And for an Electric Light Plant—Chatham and Other Municipalities Seek Legislation

FREDERICTON, March 19.—The municipality committee met this morning and took up the consideration of the bill to authorize the alms house commissioners of the county of Kings to issue debentures. Mr. King explained the object of and reason for the bill, which had been prepared by him, and said that since drawing it he had found it necessary to make some alterations in section three which he proposed be struck out and a new section which he then read and inserted instead. This was agreed to and the bill recommended.

The committee also agreed to the bill relating to side walks in the town of Chatham and also to the bill to incorporate the village of Perth Centre for fire and water purposes with certain slight amendments.

The bill in amendment of and in addition to act 5 Edw. VII Cap 33 entitled an act relating to the town of St. Andrews was next considered. Mr. Hart explained that the bill was for the purpose of enabling the town council to borrow money for the purpose of establishing an electric lighting system, constructing sewers and making a deep water landing and other harbor facilities.

The mayor of St. Andrews spoke in support of the bill and was followed by Mr. Grimmer and Hon. M. Hill, the latter saying that the increasing importance of St. Andrews as a summer resort rendered it desirable and necessary that the proposed improvements be carried out. The bill was agreed to and ordered to be recommended.

SHERBROOKE MAN HAD MARRIED TWO WIVES

SHERBROOKE, March 19.—Stephen Liddell was committed to the court of King's Bench yesterday by Judge Mulvaney on a charge of bigamy. On Dec. 8th last the accused married a young Montreal girl named Bella MacDonald. At that time he was bandmaster of the Cookshire band. The fact soon leaked out that he already had a wife and family in the Old Country.

YORK COUNTY COURT.

FREDERICTON, N. B., March 19.—The York County Court opened this morning. There was no criminal business, and the civil docket consisted of three jury and two non-jury cases. The court adjourned until two o'clock.

M. R. A.'S RECORD MILLINERY SHOW.

Immediately the doors were opened at Manchester, Robertson, Allison's this morning a very large assembly of ladies filled the millinery show rooms on the second floor, and up until considerably after lunch-hour the large attendance continued. That this spring's display of hat wear for the sex of all ages is the most complete and most delightful yet exhibited by the M. R. A. Corporation was the general verdict of the ladies. Not only the foreign buyer but his efficient staff of modelers and trimmers came in for a general share of praise and compliment from the host of visitors. The show of Paris and New York hats, also home-trimmed models, was made in the newly appointed silk room, resplendent on plate glass cases, eliminating the counters and tables used heretofore. Blinds were drawn and the light turned on, the matinee effect and lavish floral decorations making a charming setting for so much modish millinery. The show continues tomorrow.

LOST.—Sum of \$15, either at car sheds, Indiantown, or between that and Adelaide street. In envelope addressed "G. VINCENT." Communicate 274 Main street. Reward.

MORE EXPERT EVIDENCE WILL BE HEARD TODAY—ADDRESSES LIKELY TO BEGIN TOMORROW.

NEW YORK, March 19.—Unless all signs fall today will see the completion of the evidence of the long drawn out Thaw trial, and on Friday the case will go to the jury after nine full weeks before the court. Four more medical experts will be called to the stand today by the defense, Dr. Charles W. Pilgrim, superintendent of the insane hospital at Poughkeepsie; Dr. Gregory, superintendent of the psychopathic ward at Bellevue; Dr. Britton D. Evans and Dr. Charles D. Wagner. Each will be asked, basing his opinion on the hypothetical, whether Thaw, when he shot White, knew the nature of his act and knew that it was wrong. Each will reply that in his opinion Thaw did not.

Mr. Jerome's cross-examination will probably be brief, and it is probable all the evidence will be in this evening. Thaw's attorneys stated last night that Evelyn Nesbit Thaw would not be recalled to the witness stand. The only thing she could do would be to again deny that she told Hummel that she had been beaten by Thaw and to affirm that she did not know what she was signing.

The attorneys for the defense state that they do not consider that the introduction of the affidavit has done their case the slightest harm, while the District Attorney Jerome is quoted as saying that he considers it one of the strongest features of his case. Under the agreement, each side will take one day for the summing up. If the case is finished today, Mr. Delmas will begin his address to the jury on Wednesday morning, and Mr. Jerome will begin Thursday morning. It is probable that Justice Fitzgerald will charge the jury the following morning, and the case should go to the jury by noon Friday.

Mr. Delmas in his address to the jury will urge the acquittal of the defendant on the theory that he was temporarily insane at the time he killed White. He will argue that the defense has shown beyond doubt that Thaw's mind was unbalanced by the story which Evelyn Nesbit Thaw told him before they were married, and that it was while in a condition of mental irresponsibility that he took White's life.

Mr. Jerome will argue that Thaw was sane at the time he killed White, and that he was sane when he signed the affidavit, by showing Hummel's conviction of Thaw for murder in the first degree. He will claim that there is nothing in the case to show that Thaw suffered from anything more than jealousy, and that his hatred for White, who had been his wife's lover before he married her, with full knowledge of the fact, led him to revenge himself by taking White's life.

The case has been fought to the last ditch by both sides and what more the jury will do no one can tell. In case of a conviction there will, of course, be an immediate motion for a new trial. Mr. Delmas has saved all his exceptions and his constant objections may have served to inject reversible error into the case.

TEN WORKMEN WERE HURT ON TRAINING SHIP

COPENHAGEN, Denmark, March 19.—The Danish training ship Viking was blown over during a storm in a shipbuilding yard here today. She had four hundred workmen on board at the time, and it is believed that about fifty of them were drowned. The Viking was a new ship in course of construction.

FRANCE MOURNS THE DEATH OF HER GREATEST SCIENTIST

PARIS, March 19.—The newspapers here unite in recognizing that in the death yesterday of M. Berthelot, the celebrated chemist, who was foreign minister in the Bourgeois cabinet, France lost perhaps her greatest scientist.

PARIS, March 19.—The Petit Parisien says:—"The twentieth century will leave no greater name to posterity." The cabinet has decided to ask parliament to authorize a national funeral for M. Berthelot and his wife, who died a few minutes before her husband; but the deceased scientist's desire that his funeral be devoid of military display, will be honored.

LISBON, March 19.—The efforts of the Liberals in favor of liberty of speech and of the press have been rewarded. The new bill was adopted today by the Chamber of Deputies by 51 to 33 votes.
