KIDNEY-LIVER PILLS. "Billous" is the word used by many people to describe the condition of ill-

health into which they are thrown by derangement of the liver. Biliousness is caused by the failur of the liver to filter the bile and other poisonous impurities from the blood.

The result is a clogging and poisoning of the whole system. Indigestion, headache languid mel ancholy feelings, irritability of temper, constipation, alternating with looseness of the bowels, pains in the muscles and bones and a pale, sallew complexion are among the symptoms.

Fortunately there is a prompt and certain cure for billousnes and toroid liver in Dr. Chase's Kidney-Liver Pills. They cure by thoroughly cleansing the filtering and excretory systems and awakening the action of the liver to renewed energy and activity.

When you feel out of sorts and no tice any of the symptoms of torpid liver and biliousness put Dr. Chase's Kidney-Liver Pills to the test, and you will then understand why this great medicine is considered indispensable in the great majority of homes.
