FIFTY YEARS IN

Rev. C. W. Pickett of Oak Point, Present ed With Two Addresses and \$150

Rev. David W. Pickett of Oak Point on Friday completed fifty years of ser-vice in the Anglican church. The an-niversary was the occasion of two happy gatherings. One was the meeting of the Kingston rural deanery at Gagelown on Thursday afternoon and Friday morning, and the other a gathering of Mr. Pickett's former parishioners at his own home at Oak Point on Friday evening. At both the ven-erable pastor was heartly congratulated on his anniversary, and was also given tangible evidence of the good will of the people towards him when he was presented with a purse contain-

At the rural deanery meeting at the At the rural deanery meeting at the rectory at Gagetown the visiting clergymen were entertained at dinner at the rectory, and the rural dean, Rev. C. P. Hanington, presented Rev. Mr. Pickett with a bouquet of fifty beautiful roses, emblematical of his fifty years of service for the Master. Several of the clergymen present spoke, heartily congratulating Rev. Mr. Pick-ett on the work he had done during his to all the expressions of good will he

feelingly responded.

At the meeting of the deanery on Friday morning he was presented with an

home, and in the evening he was waited upon by many of his former parish-loners, led by their present pastor, Rev. Mansel Shewan, who read an address signed by 124 names. To the Rev. D. W. Pickett, M. A.:

parishioners and friends desire to greet you with our hearty and affectionate congratulations upon the fiftieth anniversary of your ordination to the sacred office of priest in the church of God. A. J. Gorham Has Been Missing—A Body Seen Floating in the River

MONCTON, N. B., Sept. 24.-A. J. Gorham, a well known citizen who was assistant manager of Peter McSweeney Co., Ltd., store here, has been missing since yesterday morning and a good deal of apprehension has been caused among his friends by the fact that about, hylf-past twelve o'clock while sitting in his home a month yesterday afternoon the body of a man was seen floating in the river. Gor-ham hus been traced up to about 11 o'clock yesterday morning, but later than that his movements are unknown. Shortly after the bore came n yesterday, a body floated by on the tide, being within 25 feet of the shore and observed by a number of boys brain and kidney troubles.

Deceased was forty-six years of age and observed by a number of boys who were fishing along the banks.

The police were notified and Chief Chappell drove up river to a point beyond the bridge but was unable to locate the body. There are a number of boys brain and kidney troubles.

UETAILED PLANS FOR AN INVASION OF CUBA FORMULATED

Greater Activity in U.S. Army and Navy Than at Any Time Since War With Spain

WASHINGTON, Sept. 22.-Vigorous work is on the programme in prepara-tion for any possible eventualities of the trouble in Cuba. There is greater ac-tivity in both the army and the navy than at any time since the war with Spain. Careful and systematic arrangements are being made in every branch of the military service for active work in the field. A formidable fleet of American warships already is in Cuban waters and the army only awalts the signal from President posevelt to move it in force to Cuba Detailed plans for an invasion of Cuba have been worked out by the general staff of the army. When Gen. Frederick Funston left Washington this afternoon for Havana he knew precise ly what troops would be ordered to Cuba, in the event of a decision by the president in favor of armed intervention; how these troops would be mobilized; from what ports of this country they would embark for the island, and what means the government had secured for the transportation of the invading forces.

It was admitted at the war depart-

ment today that the troops for service in Cuba already had been selected and that they were being prepared for the campaign. No intimation of either the number of present location of the troops, however, was obtainable. In view of well informed officers it is believed the force detailed for the Cuban service numbers at least 5,000 men and that it will consist of infantry, cavalry and light artillary.

and light artillery. It is expected that the troops if or-dered to Cuba, will be mobilized at Norfolk and Newport News and a part Norfolk and Newport News and a part of them possibly at Port Tampa, Fla. While the war department has not at its disposal just now on the Atlantic coast a sufficient number of transports to carry an expeditionary force of five thousand men, it has arranged to use for the transportation of the troops nearly a score of harbor boats, each of which is able to carry about 300 men and their necessary equipment and supplies.

The three great supply bureaus of the war department, the quartermasters, commissaries and medical, are prepared to take care of the army, and all of them are now engaged in work-ing out the details of an expedition. Horses and mules are being purchased accept the accompanying purse as a small token of our esteem and affection and for what you have done for us, and was are being bought in large quantities at some of the contains depots and anticipatory arrangements for the railway transportation of troops

Fardrank less spirits than the year be-ris, commissioner of agriculture, and Solicitor General Jones will be the principal speakers. The indications are that the fair will be far ahead of any other ever held in Woodstock.

> COPENHAGEN, Sept. 23.-A glant by the name of Christensen, who used to be a policeman of the city of Slagelse, has been selected from 188 applicants for the post of public executioner to the government of Denmark.
> It is more than twenty years since the last execution took place in Den-mark, owing to the refusal of the late King Christian IX to sign a death wal-

neer of the passenger train, ed a law providing for the flogging of
