

Recognition Service.

According to a call made, a recognition service was held at Glencoe, Oct. 7th. The number of delegates were not large, but we considered it best to proceed with the business in hand. We found forty-six baptized believers here constituting the Glencoe Baptist church. Thirty-one were present. Being satisfied that these brothers and sisters were sound in the faith, and that they were one with us, we cheerfully recommended them to the great brotherhood of Baptists in these provinces, and advise the recognition of the people as a regular Baptist church. They have a good house of worship, and a bright prospect for further growth. Rev. F. D. Davidson preached, after which a glorious time was experienced. Fully twenty persons rose for prayers, and two young men offered themselves for baptism.

The Great Life Line.

That Has Rescued Thousands of Wrecked Mortals.

Take Hold of it and Be Saved.

It is Known as Paine's Celery Compound
The Disease-banisher and
Life-giver.

Tens of thousands of people in every walk of life have reason to thank Professor Phelps, M. D., of Dartmouth College, for the life line he has thrown out on the surging and billowy sea of disease and suffering. This glorious, never-failing life line has blessed humanity to an extent that can never be equalled by any other agency on earth.

Life saving is a glorious undertaking, the most blessed and most noble work that human skill can engage in.

Professor Phelps, when he devised his wonderful and now famous Paine's Celery Compound, gave mankind an agency of life that men and women had for long years been praying for. The doctor's study of the nervous system and such diseases as nervous prostration, paralysis, neuralgia, rheumatism, kidney and liver troubles, dyspepsia and debility, led him to that marvellous discovery of the age, Paine's Celery Compound.

This wonderful medicine has been called by many the "Eleventh Hour Medicine," and justly so, because it saves life, builds up the system, and establishes health after the ordinary physician fails to cure.

This medicine will certainly meet your case, reader, if you are still struggling with disease and pain. The experience of thousands in this wide Dominion has proven that Paine's Celery Compound "makes people well."

"It is with great pleasure that I testify to the value of your great medicine, Paine's Celery Compound. For nearly two years I suffered from indigestion, kidney and liver troubles. After trying several medicines that did not effect a cure, I decided to try your Compound. Before using it I was so low in health that I could not eat or sleep. I could not lie in bed owing to pain in my back; it was only by resting on elbows and knees I was enabled to obtain a slight degree of ease. Before I had fully taken one bottle of your medicine I began to improve. I have now taken in all fourteen bottles with grand results. I am a farmer and am now working every day. Anyone may refer to me in regard to these statements, or to any of my neighbors around Sheffield, where I am well known. I am a living witness to the worth of Paine's Celery Compound."

An Example.

A young man employed in the railway service learned shorthand studying only evenings. His employer was informed of his achievement, tested him and found in every way worthy and promoted him over the heads of 3 or 4 years of ordinary routine workers.

Those who want advancement in the civil service, in the professions or in business should master the art of shorthand writing. Learn the best shorthand—at home?

An Important Letter

The following letter speaks for itself. Its value lies in the fact that it was entirely unsolicited and the lady who writes speaks from her experience of taking Wyeth's Liquid Malt Extract, the only true Malt Extract on the market:

St. John, West End, N. B., June 12, 1897.

MESSES. DAVIS & LAWRENCE CO., LTD.:

DEAR SIRS,—I have been taking Wyeth's Liquid Malt Extract for some time and have now taken seven bottles and at present weigh more than I ever did in my life. It is also excellent for baby, as the one or two days I have not taken it he did not have milk enough, but always when I am taking it he has plenty and is just as strong and well as can be.

Wyeth's Malt Extract has been so good for us both that I thought I must write and tell you of it. Three people whom I have told of it are now taking it and are highly pleased with it. I thought at first I would not be able to take it, as my digestion is rather weak, and the nicotinic preparations distressed me. Now I take a wine glass full of Wyeth's in a glass of water and it helps instead of injures my digestion. As the preparation has done me so much good I thought I would let you know this fact."

The Return Of the Pendulum.

In 1892 the prosperity of the commercial school was at its flood. . . . Desiring to find more expedient that would render them still more prosperous, the proprietors of many of these schools abandoned methods that had produced excellent results and adopted others which were wholly experimental. It may safely be said that in most cases the change was not made with the expectation that the schools would be strengthened educationally, but that the new ideas would have greater advertising value. But a reaction has set in. The conclusion has been forced upon thoughtful teachers that the school that educates its pupils best advances itself best; that a device which may attract inexperienced boys and unthinking parents, may not commend itself to the class of people whose friendship and patronage must be secured and retained as a basis of permanent prosperity. Those schools which adhered to tried and approved methods, which gave their pupils solid and symmetrical knowledge, which steadily refused to be carried off their feet by patented systems of education, are now reaping the benefit of their wise conservatism. Such schools have not the task before them now of repairing the damage done by experimenting with fads. Those schools which have trifled with their reputation by experimenting with one or another of the new schemes are realizing that their reputation for real efficiency has been injured, and are seeing their more conservative co-workers forging ahead. Only a small proportion of the larger schools swung off in '92 and some of them reeled as soon as the character of the road they were travelling was discovered. When pretence will pass for performance, and when clap-trap will be accepted in lieu of genuine educational advantages, then, perhaps, the public will take kindly to patented systems of education.—Progress, Rochester, N. Y.

Just so! Ours was one of the colleges preferring unimpaired reputation and a clear conscience to temporary gain. Result: our fall opening is the best we ever had. It is most gratifying to find ourselves classed in the right list and our position vindicated from so important an educational centre.

Webster's International Dictionary

The One Great Standard Authority,
So writes Hon. D. J. Brewer,
Justice U. S. Supreme Court.

IT IS THE BEST FOR PRACTICAL PURPOSES, BECAUSE

Words are easily found. Pronunciation is easily ascertained. Meanings are easily learned. The growth of words easily traced, and because excellence of quality rather than superfluity of quantity characterizes its every department.
