Starvation Will Not Cure Dyspepsia. But a Stuart's Dyspepsia Tablet Will Enable You to Eat Your Meals Without Suffering After Doing So.

Every person knows that to live in a healthy, happy manner we must eat. Diet, starvation, indigestion, food, etc. are not the correct methods of eliminating digestion disorders.

Many dyspeptics know that they must eat and so they go to their meals in a half-hearted manner. When they see food before them they are made miserable. Their judgments tell them to eat, but their stomachs revolt at the idea and so whatever food they consume does them more harm than good.

Reason Says EAT. Stomach Cries DONT. "If I Were Sure This Meat Would Not Injure Me I Would Eat for 1 am Leaking Weight Every Day."

In cases of dyspepsia, catarrh of the stomach, gastritis, heartburn, rash, foul breath, bowel complaint, stomach trouble, etc., a Stuart's Dyspepsia Tablet taken after each meal will do more good than anything you have ever tried.

You simply cannot realize how these little digestors put away a meal, without effort, pain or distress and at the same time so build up the digestive apparatus as to make the next meal more easily taken care of.

To understand what Stuart's Dyspepsia Tablets are composed of is to realize that when they reach the stomach they dissolve into digestive juices just as desired by Nature. They hold ingredients which the healthy stomach is supplied with and the unhealthy stomach lacks.

These natural qualities have a great digestive influence upon all food. One grain of one ingredient contained in Stuart's Dyspepsia Tablets is sufficient to digest 3,000 grains of food.

When you have given this a single thought consideration you will then understand why it is that Stuart's Dyspepsia Tablets are the greatest stomach and dyspepsia remedy known to-day.

Thousands of stomach sufferers all over this country, who have been relieved of all kinds of digestive diseases are the influences which have made these tablets sold by druggists in every city, town and village in this country.

Look at the tongue, mother! If coated, it is a sure sign that your little chubby smokes them and shows not a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sour throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it does not make them feel spendid.

Ask your druggist for a 5-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by California Fig Syrup Company. Refuse any other kind with counterfeit.

Death Penalty For Smokers of Opium

Reports that Proclamation Against 'Dope' Fiends Has Been Issued.

SOLDIER CAUGHT IN ACT EXECUTED. President Yuan Shi Ki's Edict Against Gambling Evil Strikes a Popular Note in China.

Peking, Jan. 22.—Proclamations announcing the death penalty for smokers of opium have been promulgated, according to reports from various provinces. Although definite cases of executions for this breach of the law seldom come to special notice, it is reported from Wu Chang that a smoker among the soldiers of the garrison there was caught indulging in the habit and after "trial" before a court made up of his comrades he was sentenced to immediate execution and was shot to death.

This is one of many instances of the fact that courts of law are not employed in China in cases where they would be in western countries. An attempt is being made now by the government of Yuan Shi-kai to institute rural police system in very feeble, especially at this time of transition from one form of government to another. When hard pressed by soldiers his outlaws vanish into fastnesses easy to defend, or disappear among the country people, who are made to hold their tongues by threats of terrible vengeance. It is said that the followers of White Wolf in Honan secrete their arms and law aside their fine clothes and become, to all appearances, ragged farmers and villagers when expediency demands. It is announced that \$10,000, which is an enormous figure in China, is to be offered for the capture or death of this notorious leader.

President Yuan Shi-kai seems to have struck a popular note in his celebrated anti-gambling mandate. The Shenpa, an independent paper of Shanghai, praising the stand taken by the government in this and other matters of social and political importance, says: "Without first eradicating the evil habit of gambling in making it would be futile to discuss politics or reforms. What the government has done was but what we expected it to do, otherwise it would have lost all standing ground."

Much the Same. Harvey, aged five, was being instructed by his grandmother in morals. She told him that all such terms as "By golly," "by jingo," "by thunder," were in reality oaths, and but little better than other profanities.

"You can always tell an oath, my boy," she said, "by the prefix 'by.' All such are oaths.

"Well, then, grandma," asked the young hopeful, "is 'by telegraph,' which I see in the newspapers, swearing?" "No, Harvey," replied grandma; "that's frequently only lying."

RINGWORM ON FACE IN SCALY SPOTS

Around Mouth and Chin; Spread All Over Face in Big Disfiguring Blotches. Burning and Itchy. Used Cuticura Soap and Ointment. Ringworm Disappeared.

Burns Church, N. B.—"For about four years I was troubled with ringworm on my face. It first made its appearance in little scaly spots around my mouth and chin which would last for about a week, then would disappear and in two or three weeks' time would appear again. As the little scabs or scabs came off it would get like a cracked sore which was always increasing in size and eating into the flesh. It was always getting worse until it had spread all over my face in big disfiguring blotches which did not disappear at all. They would have a burning itchy soreness. The ringworm disfigured my face very much for the time being and was always very irritating.

"I tried all the known household remedies but a case of Cuticura Soap and a box of Cuticura Ointment. The first application afforded relief. I washed with the Cuticura Soap and warm water as directed, then applied the Cuticura Ointment. In a week's time the ringworm had entirely disappeared." (Signed) Miss Marjorie E. Morrison, May 26, 1913.

Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. For a liberal free sample of each, with 32-p. book, send post-card to P. T. D. & Chem. Corp., Dept. D, Boston, U. S. A.
