ARRIVAL OF A. S. C. AT POLKESBORO AND OFFICERS RECORDED

Canada's (the London Magazine) special writer records the arrival of the 2nd Divisional Train, A. S. C., under Lieut.-Col. A. E. Macle, and the 19th Battalion at Shorncliffe.

Polkeshor, May 17.—Since writing my last article several thousand new Canadian troops have arrived in camp here.

This splendid battalion of picked men of the 19th Battalion, London (Ont.), where it spent the fall, winter, and early spring in arduous and strenuous training.

The following militia regiments of western Ontario, principally from the 1st Divisional Area—the 7th Fusiliers, London (Ont.); 22nd Oxford Rifles, Woodstock (Ont.); 24th Kent Regiment, Chatham (Ont.); 25th Regiment, St. Thomas (Ont.); Middlesex Light Infantry, Stratford (Ont.); 27th Lambton Regiment, St. Clair (Ont.); 28th Perth Regiment, Stratford (Ont.); 29th Waterloo Regiment, London (Ont.); Wellington Rifles, Guelph (Ont.); 32nd Bruce Regiment, Walkerton (Ont.); 33rd Huron Regiment, Goderich (Ont.); and the 1st Hussar, London (Ont.)

TORY HOPES OF CONTROLLING THE SEATE DEFERRED

Ottawa, Ont., May 18.—The passing of the amendment to the British North America act to the Imperial Government to give an addition of nine members from the west to the senate, will give the four western provinces their long delayed increase in the upper house.

The additional members cannot be appointed until after the dissolution of parliament.

In addition to these nine new senators, there are seven vacancies in Ontario, one in Prince Edward Island, and one in British Columbia.

The 2nd Divisional Train, A. S. C., arrived at Polkeshor on May 17.

Accompanying the 18th battalion on its way to England were 30 officers and 488 non-commissioned officers and men.

The primary object in organizing, however, he said, would be to establish a provident fund for employees too old for service.

MOVING AT ONCE TO ANSWER CALL FROM KITCHENER

Thursday, May 20. No time is to be lost in the provincial campaign for recruits for the 55th battalion. It is felt that Earl Kitchener's call for 300,000 men, though he spoke of "England," is a genuine call and loyal New Brunswick is not going to be left behind.

His honor the lieutenant-governor yesterday issued a proclamation desiring that next Sunday be observed throughout the province as Patriotic Sunday, and that on that day the clergymen of the several churches and others in sermons and addresses impress upon their hearers the necessity of further assisting the motherland in the great struggle in which she is engaged for a better civilization.

That the province can and will rise to meet the need there is not the slightest reason to question.

The following are the most recent recruits for the 55th battalion: E. J. Heine, 23, son of Rev. Dr. Heine, St. John.

Albert Ephraim, 30, (Mrs. B. Mann, Gt. mother), Benmore, Kent County.

Paul Allan, 27, (Clement Allan, father), Saint Herbert (N. B.).

Forester Moore, 20, born in Liverpool, England.

Hugh Campbell, 24, (Edward Campbell, father), Bass River (N. B.).

Gordon Ward, 21, (James Ward, father), Bass River (N. B.).

James McNeil, 23, (Mary McNeil, sister), Saint Louis (N. B.).

All the above went direct to Sussex and were there examined and attested, and are in addition to any enrolled at the regular organization centres.

Important War Events Pending; Kitchener Wants 300,000 Men

Italy Near to Decision—Austria's Offer—Kitchener Gives Lords Review of Conditions—The British Cabinet

London, May 18, 11 p. m.—The next few days, if not hours, will it be believed, find Italy renouncing her old allies of the Triple Alliance and joining the Triple Entente powers as a belligerent.

The German imperial chancellor in the Reichstag announced the offers that had been made to Italy as the price of her continued neutrality, and while he said he had not entirely given up hope that peace would be maintained among the powers of the Triple Alliance, he left no impression on the minds of his hearers that the end of the alliance, so far as Italy is concerned, is far off.

It is anticipated that the expected changes in the government of Great Britain are aimed at a closer consolidation of all parties for the purpose of carrying the war to a successful issue.

Earl Kitchener gave a general review of the situation in the war zones before the House of Lords adjourned for the Whit Sunday holidays.

"The Germans," said Lord Kitchener, "have persisted in the use of these asphyxiating gases whenever they favored or other opportunity occurred, and His Majesty's government no less than the French government feel that our troops must be adequately protected by the employment of similar methods so as to remove the enormous and unjustifiable disadvantage which exist for them if we take no steps to meet on his own ground the enemy who is responsible for the introduction of this poisonous practice."

The secretary spoke of the gallantry of the Canadian division, which defended its position tenaciously, notwithstanding the poisonous fumes.

"I am confident that in the very near future we shall be in a satisfactory position in regard to the supply of these shells."

Referring to the delay in producing the ammunition, Earl Kitchener remarked: "I would let the country know more men were wanted for the war. The time has come, and I now call for 300,000 men to form new armies."

"Those who are engaged in the production of war material of any kind should not leave their work. It is to men who are not performing this duty that I appeal, and I am convinced the manhood of England still available will loyally respond."

Turning to the Dardanelles, Earl Kitchener said that the progress of the Allies was necessarily slow, since the country was most difficult.

"But the Turks are gradually being forced to retire from positions of great strength," he continued, "and though the enemy is being constantly informed, the news from this front is thoroughly satisfactory."

Meanwhile, the British and French forces to the south of this town, continue their offensive against the German line, and according to their respective commanders, are making progress.

The German official statement, however, takes issue with the allied commanders in this respect, and declares that all the offensive movements against the Germans have been repulsed.

British Doing Attacking. The same inconsistency appears in the reports of the fighting along the Yser, although the Germans admit a retreat.

North of this war zone—in Southern Poland—the Russians are vigorously delivering counter attacks against the Austro-Germans. They also are pursuing their offensive in Bukowina, where it is asserted they have driven the Austrians and Germans back from the Dniester to the Pruth and are trying to clear them out of Bukowina.

At the other end of the long line in the east—in the Baltic provinces and along the East Prussian frontier—the fighting also is in progress.

MAN WHO SLEPT

Dr. Cassell's Tablets Recalled.

year ago, and now I am a strong, healthy man again."

The foregoing is no isolated case. Dr. Cassell's Tablets are a genuine remedy for Nerve Weakness, or bodily weakness in old or young, and reports constantly coming in tend to prove their power to cure even long-standing or severe cases.

UTTERLY RUN DOWN From Neuralgia and Dyspepsia

Mr. C. Hughes, 18, Lees-street, Lodge-road, Birmingham, England, said—"I think it is only right to tell you what a lot of good I derived from taking Dr. Cassell's Tablets. About two years ago

I got into a wretchedly run-down condition with no sort of strength in me. I was troubled all with dyspepsia and biliousness. I used to go quite dizzy, and sometimes a sour fluid would rise in my throat. Headaches were of almost daily occurrence, but the worst of all my troubles was neuralgia, which used to cause me positive agony, and nothing I could find did any good at all. My nerves seemed to be thoroughly weakened, and altogether I was just as weak and run-down as I could be. Often I could not do more than three days at a time, and then I would be off for perhaps a week. I can't tell you how weak I felt, and what made matters worse was that I never got a proper night's sleep. I was told the trouble was nervous breakdown, but though I had medicine, and also attended an institution, I did not improve in the least.

"I was almost hopeless of ever being cured, when I got my first supply of Dr. Cassell's Tablets. They did me good, so I persevered, and the result is that I am now well and strong again, and in regular work."
