## "HOUSES BUILT WITH EASE." "JUST AS YOU PLEASE."

**AIR-BOSTENUTO.**

Should you want a vacant lot, on which to build a cottage or a villa or a mansion, you may save your walking boots, and find whatever suits. By going to Bryce Brothers in preference to others, they have every sort of lots to take a chance in.

If, on the other hand, you want house as well as land, you can get them there, and choose your own locality. They have houses great and small—you can choose from 'mong them all—in each avenue and street. With appointments all complete, and possession got at once without formality.

The advantages of Bryce's is the lowness of their prices. And the latitude they give you as to paying. You can pay just as you please. Which will keep your mind at ease. But call yourself and learn that the Brothers Bryce concern can suit you all—a fact there's no gainsaying.
