WORDS & SORCERERS

BY J. CAMERON

Last time, we found Jerek Thurstrom wandering around in a dark and dreary dungeon as he searches for the lost treasure of Ikhumus. He had just descended the stairs to the crypt of Shariv, when a heavily-armored giant stepped forth...

The guard charges...

I am the protector of the crypt. None may enter the burial chamber! You must perish!!

...but Jerek parries his attack.

Until only Jerek is standing!

Ah! At long last! I've found it!
