

The Machines that Made America Famous

DEERING IDEAL BINDER Is the lightest draft, strongest built, easiest to operate, longest-lasting, and will cut and handle any grain that grows. Ask any of your neighbors who have been using an IDEAL what they think of it.

material throughout. Regular price. Send for catalogue, describing
a complete line, and
AMES PLOW CO., 32 Market St., Boston.

SAFETY

JUBILEE

A DURABLE mower having a long pitman. Can be put out of gear by the lift lever quicker than you could say "Jack Robinson." The cutter can be raised into perpendicular position without driver getting off the seat and it goes automatically out of gear when being so raised and goes into gear again automatically when lowered to its work. The best mower on earth—is not too much to say.
