

What the Agent says
about the

U.S. Separator

"Yes, sir; you've the Best Separator on the market. I've handled others and I know. The U.S. has no equal. My customers all confirm my claim that the U.S. Skims Closer, Runs Easier, Lasts Longer, and is easier cleaned than others." "Easy to sell? Yes, I find it easy to sell. You see I know what the U.S. can do and I stand ready to prove it any time. I know that it will pay for itself within a year in the gain of butter—many customers have nearly doubled the amount of butter after getting the U.S.—besides the better quality brings a higher price. I am sure of the lasting qualities, as many U.S. separators have been used 5 to 10 years without costing a \$5 bill for repairs. As to easy running; on many farms the youngsters—10 to 14 years old—work the U.S. easily. It has only two parts inside the bowl, therefore is easy to clean. Yes, sir; you have the best separator, as you will find, as I have, by experience." "Do other agents find the U.S. easy to sell?" "Sure thing, read what one says of it:"

LOWELL, N.Y., April 17, 1903.—We do not have much trouble in securing orders for the U.S. For each machine we sell makes a place for more. We have sold more machines since we got the agency than all competitors combined. They are easy to run, clean, run easy, and make everybody happy; they all want a U.S.

For Manitoba and the West we trans-fer our Separators from Chicago and Minnesota, sell for Eastern Provinces from Quebec, Sherbrooke, Montreal and Hamilton.
