Corona
Steel
Range

Has a Perfected Oven

MANY women rightly judge a range by its oven. See at the dealers how generous the Corona oven is—size 21" x 21" x 14"—large and roomy. It's more than gratifying to see how evenly done the meal comes out in good time so as to economize coal. The system of heat distribution is an eye opener when you see how splendidly it operates. And it keeps on giving satisfaction. The bottom is made of the heaviest steel braced with heavy supports to prevent warping.

And the oven door—it forms a handy, shelf, and makes handling so easy!

See the wonderful closet door (exclusive), it opens and closes without obstructing in any way, either the closet or the space underneath the closet.

Absolute Security

Security is the all-important feature in making an investment; the rate of interest promised is a secondary consideration.

Probably the safest investment in the whole world is a monthly income policy on the endowment plan taken in The Mutual Life Assurance Company of Canada for the following reasons, among others:

If the policyholder survives the term of the endowment he receives an income monthly which is guaranteed for at least 20 years—or will be paid until his death.

If the policyholder does not survive the endowment term the payments are made to his beneficiary.

Should the beneficiary survive the 20 years during which the payments are guaranteed they will be continued until her death.

BT Water Bowls

Driving cows
out in the cold
prevents them
from doing
their best.

BT Water Bowls Pay for Themselves

BT Water Bowls pay for themselves in 60 days. The increase in milk production alone will pay back the cost of the bowls in two months.

To produce their best, cows must have water at the right temperature before them all the time. They must not be driven into the storm to drink big gulps of icy water.

Can you get any other investment that will pay 100% in two months? A BT Water Bowl outfit

will do this and save time, work and disease as well.

Don't delay. Put in Water Bowls this winter. The coupon will bring full details.

Please send your circular on BT Water Bowls.
