HOLLOWAY'S PILLS.

CINE OF AFTHMA. Extract of a letter from Mr. Benjamin Mackie, a respec-table Qualier, dated Creenagh, near, Loughall Ireland. Sept 11th, 1848

Professor Hollowny,

RESPECTED FRENCE.—Thy excellent Pills have effectually cured me of an Astama, which affected me for three years to such an extent that I was obliged to walk my room at night for air, afraid of being sufficiented if I went to be a loy cough and phleam. Being-raking the Pills, I rabbed plenty of thy Onatment into my chest night and norving.

CURE OF TTPHUS PEVER, WHEN SUPPOSED TO BE AT THE POINT OF DEATH.

A respectable female in the neighbourhood of Loughall, was attacked with Typius Figuer. She lay for five days without having insted any description of food. She was given ever by the Surgeon, and preparations were made for her demise. Mr. Benjamin Macke, the Quaker made for her demise. Mr. Benjamin Mackle, the Quaker whose case is retensel to above, heard of the circumstance, and knowing the immense benefit that he hinself had derived from Holloway's Fills, recommended an immediate trial, and eight were given her, and the same number was continued right and morning for three days, and in a

continued hight and morning for three days, and in a very short time she was competely cured.

N. B.—Frem advice just received, it appears that Colonel Dear, who is with his Regiment in India, the 21st Fusicers, cured himself of a very bad attack of Fever by these celebrated Pills. There is no doubt that any Fever, however malignant, may be cured by taking hight and morning, copious doses of this fine medicine. The patient should be induced to drink plentifully of linseed tea, or barlow water.

CURE OF DROPHY IN THE CHREE Extract of a letter from J. S. Mundy, Eq., dated Kennington, near Oxford, December 2nd, 1848.

To Professor Holloway,

Bin.—My Shepherd for some time afflicted with water on the chest, when I heard of it I immediately advised him to try your l'ills, which he did, ond was perfectly cured, and is now as well as ever he was in his life. As I myself received so astonishing a cure last year from your l'ills and Ointment, it has ever since bean my most earnest endeavour to make known their exactlent qualities. (Signed)

THE BARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH

COMPLAINT.

Extract of a Letter from his Lordship, dated Villa Messina, Leghorn, 21st February, 1845.

To Professor Holloway,

To Professor Hollonery,

Sia,—Various circumstances prevented the possibility
of my thanking you before this time for your politeness
in sending your Pills as you did. I now take this opportunity of sending you an order for the amouunt, and, at
the same time, to add that your Pills have effected a cure
of a disorder in my Liver and Stomach, which all the
most eminent of the Falculty at home, and all over the
Continent, had not been able to effect; may! not even the
waters of Carls, Bad and Barienbad. I wish to have unother love and a not of the Chimment, in case any of my ther box and a pot of the Ointment, in case any of my family should ever require either. Your most obliged and obedient servant. (Signed)

CURE OF A DEBILIATED STOMACE. Ms. Mate, a storekeeper of Gundaga. New South Wales, had been for some time in a most delicate state of health, his constitution was deblinted that his death was shortly looked upon by himself and friends as certain; but as a forlorn look, he was induced to try Holloway's Fills, which had animmediate and surprising effect upon his systam, and the result was to restore him in a few weeks to perfect health and strength, to the surprise of all who knew him. He considered his case so extraordinary that he, in gratitude, sant it out for publication, to the Sydney Mouning H-raid, in which paper it appeared on the 2nd January 1848. A few does of the Pills will quickly rably the energies of both body and mind, when other medicines have failed.

These celebrated Pills are wonderfully efficacious in the following compiaints.

The number of Diseases mentioned above, as cured by this preparation of Sarsaparnia, may seem large; but we are, nevertheless, prepared to prove, by an extensive array of octificates, that such is the fact. A fraction of the evidence which we possess concerning each disease, would be received before any judicial tribunal as complete demonstration. It must be remembered that all this frightful array of maladies, though appearing in an endless variety of forms, are yet similar in their origin and causes; for they all spring directly or indirectly from a corrupt fountain. If the blood were in a pure, healthy, and active state, is would drive all these complaints from the system, and chronic disease would be impossible.

Sm.—Having been afflicted for the last twelve months, with an affection on the lungs, which prevended me attending to my work as well as I could wish, during which time I was under three Doctors' hands, and must say, I derived no benefit whatever, and began to despair of ever getting better. I was induced to try S. P. Townsend's Sarsaparilla, that you are agent for, by seeing it advertised, and after using 2 bottles, found immediate relief, and am now able to attend to my work as usual, I sincerely believe it has been the means of restoring ms. I have also been afflicted with the Piles for the last seven years, and when I began using your valuable Sarsaparilla, to my astonishment, I was cured.
