WOMENS HOSPITAL AID

Details of the Annual Gathering Reported by the Secretary

The Annual meeting of the W. H. A. was held on Friday, Jan. 11th at three o'clock—the president Mrs. Schell, presided. The attendance was large about forty being present. The December reports and unfinished business were first taken up. The treasurer's report showed that all accounts presented had been paid. Letters were read from Mrs. Charles Taylor full of good wishes for the W. H. A. in which she has worked vigorously until laid aside by illness. Mrs. Cornelius acknowledged the receipt of three wheel chairs for the Returned Soldiers' Home and conveying the thanks and appreciation of the men for the same—from Miss Forde thanking the ladies for gifts and more substantial remembrances at Christmas.

Mrs. Mitchell and Mrs. Webster presented the visitors report for December which was of more than usual interest. They had visited every week and had taken up oranges, grapes, lettuce, oysters, tea biscuits, Johnny Cake etc., also reading matter. They had distributed the Christmas gifts on the Saturday before Christmas to all the patients not forgetting those in the isolation wards, and whether visitors or patients, were most pleased it would be hard to decide.

Before the reading of Annual minutes and reports Mrs. Schell spoke in terms of deep appreciation of the sympathy and kindness of her fellow-officers and members towards herself during her term of office as president from which she now wished to withdraw and spoke particularly of the efficient service given by Mrs. Reville while acting treasurer during the unavoidable absence of Mrs. Watt.

The President's Annual address followed and was greeted with deserved applause. The other yearly reports, the Secretary Treasurer, visiting and county membership convenors, and J. H. A. officers were listened to with interest and elicited applause.

Forde, who was present, was then called upon for a few words, when she gratefully thanked all members present and absent for the many comforts contributed to her at the hospital, with special mention of the linen supply of the high price and great scarcity of hospital supplies necessary for surgical and other uses and closed with expressions of appreciation for the retiring president and said that relations between herself and the W. H. A. and J. H. A. could not be better than they are at present. The chair was then taken by Mrs. Waterous who presented the nominating committee's report as follows:

Report of Nominating Committee.
Your nominating committee met on Thursday Jan. 10th and decided with regret that two of last year's officers were not eligible for re-election—Mrs. Schell and Mrs. Livingston. Their places could be filled. We have felt that in view of the gradual withdrawal of some of the "old guard" from active service, it is necessary to call on other members of the W. H. A. to fill their places, at the same time guarding against any change in the personnel of those who are faithfully serving in the various branches of the organization.

We beg to nominate the following ladies for office during the coming year:

Hon. President—Mrs. Schell.
President—Mrs. Douglas Reville.
First Vice-President—Mrs. G. L. Laing.
Second Vice-President—Mrs. Gordon Smith.
Secretary—Mrs. T. S. Wade.
Treasurer—Mrs. George Watt.
Signed, Annie V. Waterous, convener, Susie J. Henwood, Emma L. Agnew, Frances Mitchell, Julia Ames.

Other nominations will be accepted.

This report was adopted by a standing vote of thanks. The minutes were read and the ladies moved by Mrs. Nelks, seconded by Mrs. Henwood, and carried unanimously: "To Mrs. Schell, who for two years has so efficiently and unselfishly filled the office of President, and to Mrs. Livingston, who as Vice President, has for many years been always ready to give her help whenever needed. Their work has been such as to win the gratitude of all the members of the W. H. A."

Mrs. Schell and Mrs. Livingston, both returned thanks expressing their regret in having to sever relations that had always been so pleasant and amicable, but assured all of their continued interest and effort.

Mrs. Reville then assumed charge of the meeting and in a splendid introductory speech thanked the ladies for their confidence in her, in appointing her to so responsible an office.

Mrs. Laing, Mrs. Smith and the other officers returned thanks, and the January business was taken up. Mrs. Waterous was re-appointed convener of the visiting committee, and Mrs. Hurley as convener of county membership.

Collectors were all re-appointed. The printing of the annual reports was left in the hands of Mesdames Schell, Watt and Wade.

The date of the annual reunion was fixed for the last Wednesday in February, with Mesdames Ames, Mitchell, Webster, Bates, Davis and Colquhoun a committee to attend to the refreshments. Appropriations for expenses were voted for Secretary-Treasurer and Visitors.

By motion, the visitors' monthly

BOLSHEVIKI BALDERDASH

Petrograd Journal Satirizes Fanaticism of Maximalist Party

Petrograd, Jan. 15.—(Correspondence of The Associated Press)—The Bolsheviks have indulged in sarcastic rallery at prevailing conditions by propounding a number of problems in the form of arithmetical exercises. Here is one of the problems:

"In the city of A, the public prosecutor, B, arrested the suspicious individual C. On the following day the Bolshevik D arrested the prosecutor for which reason D was in turn arrested by the temporary government commissioner E. Thereupon F, the chairman of the revolutionary committee, arrested E. How far down the alphabet will the arrests reach in 24 hours, and how long will it be before persons whose names begin with X and Z are arrested?"

Another is: "A Bolshevik delegate departs from the city of A to attend a democratic conference. When will these delegates start pulling each other's hair and how many resolutions will they propose?"

Following are others of the satirical propositions propounded:

"An internationalist writes for a newspaper and receives 1,000 roubles for each article. How many deliberately false reasons for an immediate peace must be present, if every reason is paid for at the rate of five marks apiece, assuming that five marks equal eight rubles and forty copecks?"

"A democratic conference proposes at the rate of 125 resolutions per hour, while the Germans advance at the rate of only ten versts a day. Which of the warlike masses will first reach its goal."

"There are 8,000 casks of brandy in the depot at A, and the city's garrison has 40,000 troops, all testotallers. How long will it take the testotallers to drink up all the liquor, and how long will it be after that before the municipality decides to destroy all alcoholic drinks?"

The newspaper concludes: "Persons sending in a correct solution will receive one minister-president's portfolio."

ALLIES BUY WHEAT FROM ARGENTINE

Purchase 2,500,000 Tons—To Open Credit for Entente

Buenos Aires, Jan. 15.—The Foreign Minister to-day signed an agreement with the British and French ministers to sell 2,500,000 tons of wheat (over \$3,000,000 bushels) to the Entente Allies. Argentina is to open a credit at the Bank of the Nation in favor of the allies, which is to be liquidated in two years. This arrangement is virtually a huge loan to the allies and is made in order to stabilize the rate of exchange.

CHILD'S BODY TURNING TO BONE

Little Girl in Philadelphia Hospital is Attacked With Dread Disease

Philadelphia, Jan. 15.—"Progressive myositis ossificans," one of the rarest pathological manifestations known to science, has put in its appearance again.

In plain, every-day English, "progressive myositis ossificans" means gradual transformation of muscle and cartilage into bone. A little 9-year-old girl, whose name is withheld, is now in the Jefferson hospital awaiting the day when she will be completely petrified. This, according to surgeons studying the case, is probably but a few years off.

The case—the second of its kind known to Dr. John Chalmers Da Costa—came to this city from a Wilmington, Del., hospital as soon as the nature of the ailment became established. Prof. W. W. Hawke has the child under special observation, and will conduct a series of experiments to analyze the patient's digestive processes.

The disease is thought to be caused by the improper functioning of the parathyroids, small masses of gland-like epithelium lying beneath the thyroid glands in the neck. It is the parathyroid glands which control the supply of lime salts or bone building elements to the body, and if these glands are removed death invariably follows.

The child appears normal to the untrained eye, but when one touches the muscles of the neck, arms and back they are rigid and hard as stone. The disease attacks progressively the body. The involuntary muscles are unaffected, death resulting from inability to eat or move any portion of the body.

Dr. Da Costa places the outside limit to the age which the child may attain at 20 years.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS
The sole head of a family, or any man over 18 years old, who was the owner of the present land, and has since continued to be a British subject or a subject of an allied or neutral country, may homestead a quarter-section of available Dominion Land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at Dominion Land Agency or Sub-Agency for District. Entry by proxy may be made on certain conditions.

A settler after obtaining homestead patent, may take a purchase mortgage in certain districts. Price \$300 per acre. Must reside six months in each of three years. Cultivate 50 acres and erect a house worth \$200.00.

Years of entries may count time of employment as farm laborers in Canada during 1917, as residence duties under certain conditions.

When Dominion Lands are advertised or posted for entry, returned soldiers who have served overseas and have been honorably discharged, receive one day's priority in applying for entry at local Agency Office (but not Sub-Agency). Discharge papers must be presented.
