The project is on foot to incorporate the town of Dawson. A splendid idea, that, it sounds fine. But on second thought, what inducement is offered the people tor the change. Can we, for instance, have a voice in the affair, or are we to be placed in the position of the Britisher in the Transvaal. Are the people who pay the principal part of the taxes of this territory to be allowed a vote in the municipal affairs. We understand as the law now stands an alien, with certain property qualifications, has that right. Is it the intention of the Yukon council to change the law for the purpose of disfranchising the alien residents of this city? Commissioner. you will make a mistake if that policy is carried out.
