### THE COUNTY LEAGUE.

The initial season of the Kent County Lacrosse League is now nearing its close. Through the generosity of Robert Gray, of this city, the league is the possessor of a handsome silver trophy, which will do much to perpetuate its existence. The first season has been, on the whole, a promising one. Five clubs—Chatham, Wallaceburg, Blenheim, Thamesville and Rodney—entered as competitors and the contest has been a most spirited one. The games have also served to show that Kent is the possessor of a fine brand of young athletes. That Chatham has succeeded in winning out is a source of pride in the county town, but none of the other clubs have any reason to be ashamed of the showing made. The "light" of Rodney, who were especially plucky, and in the remaining contest between the cup winners and that team The Planet would suggest that many of the Chatham juniors be given the opportunity to play, thereby giving Rodney the possibility of winning a game on their own grounds. As for the Maple City team, it is well to afford to do the graceful act. Between the other teams, the contest has been fairly even and the prospects for next season should be exceedingly promising.

There is but one thing that the clubs must guard against if they are to effect a permanency of professional "ringers," and that is the importation of professional "ringers."

"If the league is killed next year," said Fetterly to O'Brien, the London man who was secured for temporary service by retained teams, "it is fellows like you that will cause it."

"What do I care," was the laughing rejoinder. "The Blenheim club got money ahead and I am after some of it."

This is the spirit that will kill lacrosse, and the executive of the league will do well to keep the professionalism in mind. It is quite true that Chatham has a liberal handicap upon the other clubs by reason of its having a considerably larger population from which to draw, and there may be some force in the argument that the smaller towns should be accorded the precedent once established it is difficult to control the conduct of the clubs.

For instance, The Planet is informed that the professional already mentioned was utilized in the contest between Blenheim and Thamesville. For this there is no objection, as Thamesville being the much younger team.

The Kents of Blenheim have a long and honorable career in lacrosse. The first match was rightly called the home of the game in Kent, and the centre which has developed such stars as the Appelfords, the Burks, the James, the Shillings, the Henrys and the Knights cannot afford to tarnish an enviable reputation by maintaining a prestige bought and paid for.

Wallaceburg's advent in lacrosse has been more recent, but under the guiding hand of such stalwarts as the Appelford boys and possessing the splendid material of the town does, there should be no call from the citizens for outside talent.

Thamesville, so far as we are informed, has stuck loyally to the team and the game will grow.

The Planet then sincerely trusts that the league executive will get together at the close of the schedule and discuss these matters and others of import to the success of the organization, with the result that the people of Kent who have loved to love the good old game once more, will have confidence in expecting a still brighter and better series of struggles next season.

Meantime, The Planet very heartily congratulates the whole league on the good work already accomplished.

### LACROSSE

The Wallaceburg Herald-Record in their account of the recent Wallaceburg-Chatham match here on the 10th of July, says:

The Chatham team played a hard fast game, their combination was fine, and the defence seemed impenetrable. Richards, in particular, played a fine game, their home play fell into the nets and if a shot was wild it struck something and glanced back. With a possible exception of one or two they are a team of gentlemanly players well trained and hard to beat. The Chatham Planet gave a fair, impartial report of the game.

### BLIENHEIM RAISES A GREAT HOWL

Blenheim raises a great howl about "ringers," on any other team; of course it is now quite evident they regard the exclusive right to that sort of business. They have added seven or eight new players to their list. Our new man, who played last night, was a real find. He scored 12 of their 16 goals.—Wallaceburg Herald-Record.

Judging by the way lacrosse is played these days, this team would beat anything on earth, says the Montreal Herald. Goal, John L. Sullivan; point, Bob Fitzsimmons; cover point, Jim Jeffries; defence, Gus Rablin, Peter Maher and George Dixon; centre, Terry McGovern; home, Young Corbett, Frank Erne and Joe Walcott; outside, Tom Sharky; inside, Jim Corbett.

BUT HE DIDN'T.

W. McCollum scored seven of the sixteen goals made for Blenheim. More says he intends to score at least five in the return game. We hope he may.—Blenheim Tribune in the account of the Blenheim-Thamesville game.

### TRULY SPORTSMANSHIP.

That Thamesville team is not to be sneezed at. They played a good clean game and excellent individual play was indulged in. Their chief weakness appeared to be their lack of an ideal referee. "Nate" was always a clean player when he occupied a position on the team, and we do not believe he could be crooked if he tried. The Blenheim boys are thinking of asking him to act as referee for them when they go to Thamesville to play the return game on August 8th.—Blenheim Tribune.

### WHAT WILL THEY SAY NOW?

With one-exception the Thamesville team was the same that played Chatham a tie game in the Dominion Day game. They don't win their game with Chatham to-day they ought to.—Blenheim News.

JUST A "BLUFF."

A number of spectators were present from Chatham, and though they were not in the best of luck, they were not disappointed. It is surmised from their unusual quietness that the form displayed by the Kents made them feel confident as to the result. Blenheim's return match with the Maple City team.—Blenheim News.

### BASEBALL

A game of baseball between the Walpole Indians and Dresden was played July 15 before a large crowd of interesting spectators and the Indians met defeat by a score of 14 to 7. Our boys for one part of the game played very listless ball or the men would have been shut out without a run.—Dresden Times.

The baseball game on Thursday afternoon between Wallaceburg and New Baltimore was attended by a large number of spectators. A good sample of ball was put up, although marred in the first few innings by considerable wrangling. New Baltimore not being satisfied with the decisions of Referee Miller, Perkins, of New Baltimore, was put on to assist him and the game then went more smoothly. The visitors played rather poorly in the field, making many errors, and this with their inability to hit Dephew, who pitched a star game throughout, was to some measure responsible for their defeat. At the finish the score stood 9 to 3 in favor of the home team with an innings to spare.—Wallaceburg Herald-Record.

The latest addition to Wallaceburg sporting circles is a golf club. Mr. Geo. Lydiatt has been agitating this for some time and has been successful in securing D. A. Gordon's farm east of town. The links have been laid out and a little preliminary practice

### BOWLING

LADY BOWLERS.

Thamesville bowlers wrote to the secretary of the Tilbury club and asked for a rink of lady bowlers to accompany the club to Thamesville last Tuesday to play a rink of ladies there. As there are at present no lady bowlers in this town, the request could not be complied with. However, when the Thamesville bowlers come to Tilbury, a ladies' rink will accompany them here, and in the meantime a rink of Tilbury ladies will practice the game to be ready for the contest.—Tilbury News.

### PLASTERS FAILED

Livements, Oils and Many Other Medicines Did No Good.

A New Brunswick Postmaster Tells of His Efforts to Cure His Kidney Trouble—He Suffered for Years and Tried Many Medicines, but Only Recently Found the Right One.

Lower Windsor, N. B., July 18.—(Special)—Mr. H. Belyea, postmaster of this place, has made a very interesting statement of his experience in his efforts to be cured of kidney trouble, which has bothered him for many years.

At times he would have very bad spells, and when these came on he was almost laid up.

He tried several doctors and used many medicines, but nothing seemed to help him in the least.

"Plasters, oils, liniments on the outside, and doses of all kinds and descriptions taken internally seem to have but one result. He was no better."

Finally through reading an advertisement he was led to the use of Dodd's Kidney Pills. He says: "Dodd's Kidney Pills were so highly recommended for kidney trouble that after reading some testimonials, I concluded to try them according to directions."

"I had tried so many things that I was very skeptical and had but little faith that Dodd's Kidney Pills could or would help me. However, I did not use them long before I found that they were all and more than was claimed for them."

"I have received more benefit from them than from any other medicine I have ever used for they seem to have made a complete cure of my case."

"I feel as well as ever I did and have not the slightest trace of the kidney trouble that bothered me ever so long."

"I want to say that I believe that Dodd's Kidney Pills are the right medicine for kidney trouble."

Mr. Belyea is very well known to everybody in this neighborhood and there are but few who have not been aware of his serious illness.

Everyone is delighted at his improved health and his published statement has done much to make Dodd's Kidney Pills even more popular in this neighborhood than they have been.

#### ERIEAU

July 17.—One of the finest sights around here was the wind storm to-day. The lake was lashed to a fury and the waves made a grand spectacle as they rolled and dashed their foam against the beach.

W. Brackin took a party of ladies for a sail in the "Pirate" on Wednesday evening last, and while heading for the Shrewsbury dock, they saw a small skiff about aimlessly. As they neared he waved just once and a faint call was heard. Suspecting something was wrong, Mr. Brackin made for the boat and found his services were badly needed. They took the occupant on board the "Pirate" and towed the skiff back. It appears that the rescued party, an elderly gentleman from Cleveland, had had been a guest at the "Bungalow," had gone out fishing in a small row boat, early in the morning, and before he realized it he was far from the pier. Seeing the pavilion at government park, he headed for that place. The wind changed and too late he realized that his strength was going. After a final struggle he gave up the fight and when rescued he was so weak and exhausted that he could not sit up and his muscles were in a rigid condition. But for Mr. Brackin's gallant rescue the results might have been fatal.

About six o'clock to-night there was a beautiful rainbow. One unusual feature about it was the fact that both ends were visible to the residents—a sight seldom seen in the city. One end was in the east, the other directed by on Lone Tree Point, so that any one wishing to secure the pot of gold may have the opportunity.
