PROTECTION OF INDIA

Britain and Japan Enter Into Important Agreement.

New and Secret Treaty Between Two Island Powers—Japan Will Lend Support of Navy in Event of Menace to India—Britain's Undertaking Not Divulged—May Assist Japan Financially.

London, June 4.—(C.A.P.)—I am informed that very important negotiations have recently taken place in London between Prince Fushimi and Admiral Yamamoto, representing Japan, and Sir Edward Grey of the British Foreign Office. The purpose of the negotiations is to arrange an extension of the scope of the Anglo-Japanese agreement, so as to provide that Japan shall be bound to assist Great Britain in the event of British control of India being attacked by any other power.

Japan's Navy Will Act.
Japan, I am told, does not contemplate sending an army to India to support her ally in case the latter should be in trouble. Her undertaking would be to support Great Britain in India against any other power with the full strength of the Japanese navy. I am unable to state precisely to what stage the negotiations between Japan's representatives and the Foreign Office have been advanced, but my understanding is that a complete agreement has been drafted for submission to the Japanese Government.

What Japan would get in return for what she gave my informant was unable to state, but he suggested that for one thing it might be agreed that this country should do everything possible to help Japan to maintain her financial standing here and elsewhere.

Is Russia Aimed At?
Of course, the only power that is likely to interfere with British control of India is Russia, so the proposed agreement between Japan and Great Britain must be regarded as in the nature of an alliance against Russia. That being the case, it seems extraordinary that such an alliance is contemplated at a time when Japan is concluding a treaty with Russia in connection with the Portsmouth protocol and Great Britain to negotiating with Russia for an entente similar to that she has with France. When I suggested this to my informant his reply was that the intention of Japan and Great Britain was to keep the negotiations in which Prince Fushimi figured a secret; in fact to negotiate a secret treaty.

IRISH BILL WITHDRAWN.

Measure Dropped Owing to Opposition of Nationalist Convention.

London, June 4.—In the House of Commons yesterday Premier Campbell-Bannerman formally announced that the Government, in view of the action of the Irish Nationalist convention at Dublin in rejecting the Irish bill, had decided to drop the measure.

The Premier said the Irish people would have done well to give the details of the measure more attention than appeared to have been the case at the recent convention at Dublin, but in view of the unanimous decision to reject the bill, the Government could not go any further. He added that the decision of the representatives of the Irish people was a source of sincere regret and disappointment to the Ministers.

Now that the Irish bill was dropped, the Government intended to introduce an "evicted tenants' restoration bill" with powers of compulsory purchase. The licensing bill would be dropped, as also would be the case with the measure designed to relieve the "passive resisters" from paying education rates for religious instruction, but the Government was determined to introduce next session a comprehensive education bill, putting the whole educational system of the country in order.

In regard to the proposed restriction of the powers of the House of Lords, the Premier said it was proposed later in the session to introduce a resolution on the subject, when the Government would fully set forth its views.

FIFTEEN YEARS OF ECZEMA

Affected Hands, Arms and Legs—
Endured Terrible Itching and was
Unable to Sleep—Would Tear
the Bandages to Scratch the Skin
—In less than One Week

CURED BY THE
CUTICURA REMEDIES

"I had eczema nearly fifteen years. The affected parts were my hands, arms and legs. They were the worst in the winter time and were always itchy, and I could not keep from scratching them. I had to keep both hands bandaged all the time, and at night I would have to scratch through the bandages as the itching was so severe, and at times I would have to tear everything off my hands to scratch the skin. I could not rest or sleep. I had several physicians treat me, but they could not give me a permanent cure, nor even could they stop the itching. After using the Cuticura Soap, one box Cuticura Ointment and two bottles Cuticura Resolvent for about six days the itching had ceased, and now the sores have disappeared, and I never felt better in my life than I do now." Edward Wood, Band 30th U.S. Infantry, Fort Crook, Nebraska.

The most torturing and disfiguring humors, eczemas, rashes, itchings, irritations, and inflammations of the skin, scalp, and blood, with loss of hair of infants, children, and adults, are instantly relieved and speedily cured by the Cuticura Remedies, when all else fails.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap to cleanse the skin, Cuticura Ointment to heal the skin, and Cuticura Resolvent to purify the blood. Sold throughout the world. Cuticura Soap & Ointment, Sole Proprietors, Boston, Mass.

Humor and Philosophy

By DUNCAN M. SMITH

PERT PARAGRAPHS.

We owe a debt of gratitude to thinking people when they abstain from telling what they think.

Queer that everybody likes to practice foolishness, yet hates to be thought anything of a fool.

Of course it always seems to us that everybody's scheme is doomed to perdition that doesn't bear our own private O. K. somewhere about its anatomy.

Light troubles are those of other people. That kind never comes to us.

In selecting your lies get colors that will wear well.

Some people are so keen on the trail of possibilities that they can't see the probabilities that they are tumbling over.

It is better to get the estimate of your ability from an enemy than a friend if you have any pluck in you.

Don't fool yourself on being able to do well a thing that you don't like to do.

The kicker who won't be still is the one whose case has to be attended to and is.

The Back Number.

Spawn
Of the dark ages, begone.
Disgrace
To civilization,
Chase
Yourself.
The abelf
For you.
Shidoo!
Please retreat
To the last seat.
Hump
Yourself. The dump
Yawns for you.
One and twenty-two
Is your number;
Cumber
The earth no more,
Grim visaged war
Or war of any other kind,
Mind
What we say.
It's you to the hay
Or some other nest
For a fine rest.
We will have peace
If we call the police.
But no, we need not resort
To short.
Heroic measures like that.
The Hague to bat;
The Hague
Will rid us of this plague
And write twenty-three
On scrapping. See?
No longer
Will the stronger
Nations lick the tar
Out of those far
Smaller. The great
Will arbitrate;
Trouble will be adjusted;
Gunmakers will go busted;
Warships will bring
The price of old iron, and it will be
Just too lovely for anything.

In the Year 4000.

"Our family descended from an old pirate."
"Pshaw! That is nothing to talk about. We have positive proof that among our ancestors was one of the first trust magnates."

Her Preference.

"You told me before our marriage that you were fond of cooking."
"So I am, dear, but it has to be the cooking of an accomplished chef."

Might Have Been.

"You asked for bread, and she gave you a stone."
"Well, not exactly. Some of the first biscuits she ever made."

Slight Prejudice.

"Are you fond of eggs?"
"Er—that depends."
"What do you mean?"
"I am an actor."

Where He Had Met Them.

"If there is anything I despise, it is a bad egg."
"I never knew that you had been on the stage."

In His Line.

"That is a fine account of the eclipse of the moon."
"Yes; it was written by the star reporter."

How Could He?

"Have you heard the latest?"
"No; my wife hasn't been able to speak above a whisper for a week."

A Difference.

"Do you like dates?"
"The kind you eat or the kind you keep?"

Natural Question.

"He is a friendless sort of fellow."
"Indeed; how did he lose his money?"
