

SH-SH

"Your husband dresses very quietly, doesn't he?" remarked one lady to another. "Well," was the response, "not always. You should have heard him this morning when he couldn't find a collar stud!"

The Sammy—"Over in America we gotta lilac bush fifty feet high." The Tommy "I wish I could lilac that."

The cost of living in Canada has increased 105 per cent. since 1913.

DISABLED CAR OWNERS' RIGHTS

That the disabled car, unable to proceed upon its way, is as much a responsibility to drivers of other cars as though its owner was driving it has been ruled in several of the Eastern states. These courts hold that though an owner be compelled to leave a car that has broken down, other motorists must look out for it and are responsible for any damage to other property that adjoins the highway.—Motor Life.

Canada's population is two persons per square mile.

BATTERY REPAIRING

Is it necessary to take a storage battery to an expert for repairs? This question was recently asked of I. M. Noble, electrical engineer for a large manufacturing concern, who replied: "Unless a man has made a close detailed study of storage batteries he ought to leave any repairs that may be needed to an expert. He should neither make them himself nor permit a so-called handy man to do them for him."

Nothing Like Internal Bathing for Constipation

If people only knew what Internal Bathing is doing for thousands of others there would be fewer Pills and Laxatives swallowed, and very much less suffering from Constipation and the accompanying Stomach and Nervous Troubles resulting from it. J. A. Darrach, Copper Cliff, Ont., writes: "I have been using your J. B. L. Cascade for the past three months, and am convinced that it is the most modern and scientific method of dealing with Constipation that has ever been devised, and I will lose no opportunity to promote its use among my friends, as I can speak truthfully and enthusiastically as to its merits."

By the proper application of Nature's cure, warm water, by means of the J. B. L. Cascade, the lower intestines are kept free from all poisonous waste. Drugs force Nature. Internal bathing assists her.

Dr. Chas. A. Tyrrell of New York, a specialist on Internal Bathing, invented and perfected the J. B. L. Cascade, which has done more during the past 20 years in restoring health and lessening disease than all other means combined.

See A. V. Rand, Druggist, Wolfville, for booklet, "Why Man of To-day is Only 50 Per Cent. Efficient." They will also be pleased to show and explain the J. B. L. Cascade to you, or write to Tyrrell's Hygienic Institute, 163 College Street, Toronto.

AN ALLEGED CURE FOR TUBERCULOSIS

TORONTO, Oct. 4.—A special despatch to the Mail and Empire from New York under yesterday's date says:

"Countess Delgarca, reputed one of the most brilliant women in Europe, arrived here today aboard the Emperor, and stated that she brought with her a most positive cure for tuberculosis. The Countess holds a physician's degree, and is the widow of the late Belgian minister to Russia. She said that the cure was the discovery of a famous French doctor, who is preparing to follow her to the United States. She would not discuss the details of the discovery."

An Established Reputation The quality of KING COLE ORANGE PEKOE TEA needs no explanation. Its four years of service to the public has earned for it a reputation of which we are justly proud. From the first we claimed it to be "the extra in choice tea." Users repeatedly tell us it is all that and more. We shall see to it that it is never any less. KING COLE ORANGE PEKOE TEA THE EXTRA IN CHOICE TEA

"Save the surface and you save all" Paint & Varnish Furniture, floor and Woodwork all Transformed BY A LITTLE China-Lac When the floor, woodwork or furniture gets dull or cracked, there's one easily applied remedy that both beautifies and protects the surface. China-Lac stains and varnishes and gives a tough elastic finish of pleasing lustre and yet does not destroy the natural grain. There's a suitable China-Lac shade for every piece of woodwork in your home—a "gloss white" for kitchen or bathroom, and a "flat white" for rooms requiring a soft finish. Try China-Lac on a shabby table or for brightening up a floor—a few cents worth goes a long way to make your home beautiful. Covers up scratches completely and supplies a surface so permanent that you can wash it with soap and water without fear of damage. L. W. SLEEP, - WOLFVILLE BRANDRAM-HENDERSON

"Your Teeth" By Rea Proctor McGee, M. D., D. D. S. Editor ORAL HYGIENE.

CONTOURS The shape of a tooth is the result of ages of evolution. It would be impossible for us to improve upon the plan of a normal tooth. When decay, or caries, has destroyed a part of the contour of a tooth, that contour must be restored if the tooth is to do its work and remain a desirable neighbor to the other teeth in the mouth and to the gums. After the cavity is shaped right, the dentist thoroughly dries and sterilizes it and places the filling material so that every part of the cavity is exactly filled. Then he builds the filling to imitate the original shape of the tooth. Every little line and every ridge and cone is duplicated. The margins of the filling are so carefully and closely approximated that the cavity is hermetically sealed. The most difficult place to shape and finish a filling is at the gum margin between the teeth. If a filling should be left rough or should become roughened from hard use, it becomes a source of danger to the health of the mouth because it retains food, causes irritation to the tongue or cheek or lip and many times holds food tightly packed against the gum. If there is too much space between the teeth, or if there is a projection filling or a roughened area, pyorrhea will usually be started by infection that follows constant bruising of the gum. If a filling is too high, the tooth will have more than its share of pressure and either the filling will give way or the tooth will be loosened in its socket and the pulp will be destroyed. This means soreness at first and eventually an abscess. The correct filling of a tooth is one of the most skillful operations that man has ever learned to perform. Like many other good things, the better they are, the less we hear about them. It is the bad ones that raise Cain.

THE TRUTH

A certain clergyman has said that no newspaper which took truth for its standard would make a pecuniary success. The press might return the compliment by remarking that no minister who told the truth about his congregation, alive or dead, would occupy the pulpit much longer than one Sunday afterward.
