### HERE AM I—SEND ME.

It is a personal challenge—this call to the colors. It is a personal duty—this service in defence of freedom and justice and peace. It demands a personal sacrifice—this crisis in the life of Canada. It makes appeal to each now by himself apart, to his conscience, to his honor, to the deepest sense of his patriotism, to the very soul of his religion.

Not in this generation, indeed, never before in Canada's history has there been a testing time such as this. In this hour of the nation's Gethsemane, the Genius of Canada puts the challenge to the young manhood of the nation. There is one answer: Here am I—send me.

As Canadians come to know in their inmost lives that this is Canada's war as truly as it is Britain's or France's or Belgium's, a sterner resolution will come into the blood, and the answer to the recruiting officers will be in no uncertain tones. The recruiting has been good. It will be better yet.

But let no man deceive himself: the supreme question is personal. Canada says, whom shall I send? Flag-waving, shouting money raising all may count, but for a hundred thousand young Canadians there must be one answer, only one. Here am I—Send me.

You are needed. Next spring your training will be needed still more urgently. You who read these words, if you can qualify in years and in fitness, you will be needed—you or perhaps your son. Canada awaits the answer. Canada—Freedom—Conscience. Who among the morally sound and physically fit will answer—Here am I—Send me?

### EIGHT PAGES

In issuing 8 pages this week The Observer comes near to seeing the fulfilment of its hopes. The management would like to produce such a paper every week, and would be able to do so if the merchants fully realized the opportunity the thorough circulation is to them.

The cost of producing this issue of The Observer is \$70, and the revenue from subscriptions and advertisements is not sufficient to meet this cost. The paper has no other sources of income than these two avenues, therefore it is too much for subscribers to expect, as yet, a regular eight-page edition. The manager is hopeful, however, that the time will not be long before eight pages will be the rule rather than the exception. As it is there is satisfaction in knowing that The Observer is read by more Carleton county people than any other, and it is cheering to have it frequently said that it is at once the newest, the cleanest, and the best printed paper in the county.

### THAT REPORT

"Everybody is asking, and has been asking for many weeks, 'What about the report of the Royal Commission on the Dugal charges?' The report was handed to the Lt. Governor some days ago. Acting Premier Clarke stated on Tuesday that it had not been presented to the Government. Why the delay? If the Commission whitewashes Mr. Flemming, he ought to have the benefit of it at once. If it reports that the so-called campaign fund was collected by his authority or consent, and handed over to a treasurer of his selection, then he should be dismissed at once."

The above is from the Chatham World, a Conservative newspaper.

### CARLETON'S CONTRIBUTION

"All the County Councils of New Brunswick," says an exchange, "have voted liberal grants toward the Patriotic and Relief Funds." Does any one know the amount granted by Carleton, the banner county?

The Observer does not hold to the idea of a special session for the purpose of voting money. The regular session will be held in two months, and any donation should be of Carleton county products—1000 barrels of potatoes, 100 tons of hay, or 2000 or more bushels of oats.

### WILL THE GRAFT CONTINUE?

The sanctimonious Premier Fleming has been in St. John this week looking around to see what the prospects are for getting his job back. The premier is firmly of the opinion that he has done nothing wrong, which means that if he is permitted to get back on the job he will go on in the same old way. If he is not kicked out of the government he certainly should be. Most men in his position would be mighty thankful at getting off so easily. Mail.

### PECULIAR PATRIOTISM

The Woodstock Press says: "Owing to the vast quantities of patriotic news in this issue we have been compelled to hold over several letters from correspondents."

In the same issue the Press prints nearly three columns of cheap, vitriolic abuse of P. B. Carnell, M. P., which is the brand of patriotic peevishness to that pass.

### To the People of Hartland and Vicinity

The Nations of Europe, as every one knows are engaged in the most terrific war of all time. The very existence of the British Nation and its Colonies is at stake. Canada has sent to the aid of the Mother Country thousands of her finest sons and thousands more are in training to go. Many will die on the field of battle, many more will be wounded and others crippled for life. Behind there are left mothers, wives, children and other dependants. How are these to be provided for? The small allowance made by the Government is not sufficient but all over Canada today a fund is being raised by voluntary subscription that will go a long way towards alleviating the necessities of those left behind. It is called the Governor General's Patriotic Fund. A branch of this Fund has been started in Hartland. Upwards of Nine Hundred Dollars has already been subscribed here but many, very many, have not yet responded. Many do not seem to realize that "When England is at war Canada is at war", and that England's defeat means Canada's defeat.

Late advices say that Turkey has joined our enemies. If Germany and Turkey join, "We might", to use the words of Lord Charles Beresford, "as well say good bye to civilization".

The Iron Heel of Militarism will be upon us. It will be impossible for the committee to call on everybody but subscriptions may be handed into the following and will be acknowledged in The Observer: P. Graham, S. S. Miller, A. F. Campbell, J. T. G. Carr Chairman W. D. Keith, Secy-Treas.

### SEVERE PAINS AROUND HEART

Are Nearly Always Caused By Stomach Trouble.

Don't let a pain in the region of the heart frighten you into thinking you have heart disease. Just as a pain in the back seldom indicates kidney trouble, so pain near the heart scarcely ever present in organic heart disease. The pain is nearly always caused by stomach trouble for the stomach and heart are connected by many nerves, and gas on the stomach causes pressure on the heart.

The alarming pains will disappear if you tone up the stomach, eat the right things and don't worry. Dr. Williams' Pink Pills for Pale People are the best stomach tonic. One or two Pills after each meal soon produces a healthy appetite, the food does not distress you, you are no longer troubled with gas, sour risings in the throat, and those misleading pains around the heart. Strength and energy return, and the rich, red blood, carries renewed vitality to every part of the body. Mrs. Henry Connolly, Brookvale, P. E. I., says: "For a number of years I was a great sufferer from indigestion which, despite all the treatment I took, was gradually growing worse. I would sometimes feel as though I was smothering, and when the trouble came on I would suffer from violent palpitation and pains around the heart which greatly alarmed me. I was under doctor's treatment for a long time, but with no benefit. A friend suggested Dr. Williams' Pink Pills and I decided to try them. In about a month I felt much better and by the time I had taken another four boxes I was in the best of health and able to eat all kinds of nourishing food. It is now several years since I was cured and I have never felt a symptom of indigestion since. I take every opportunity of recommending Dr. Williams' Pink Pills to friends who are ailing."

If your dealer does not keep these Pills you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## SPECTACLES

If, as we sometimes do, meet such a complicated case of defective vision that requires the treatment of an oculist rather than an optician, we do not hesitate to say so, and we do not make matters worse by putting off on to customers' glasses that we know will not correct the difficulty. But most cases of defective vision can be remedied with proper fitting lenses and bows. In every case of this kind we give the broad guarantee of Perfect Satisfaction or money back. In fact we don't want your money until you are given as good vision as glasses can give you.

Another point: We are here every day in the week. You are welcome to come and consult us on the spectacle question at any time. If you break a lens or a bow we can replace the broken part quickly. Still another point: We not only guarantee perfect fit, but we sell goods guaranteed for quality. If we sell solid gold bows, we guarantee them so. We can furnish a variety of styles of bows, in different materials. Our goods are always more dependable than the come-and-go peddler.
