LATE FATHER MURPHY

FUNERAL SERVICE AT MAISONNEUVE.

The little Parish Church at Maisonneuve was crowded recently by a devout congregation anxious to pay the last tribute of respect to Rev. Father Laurence Murphy. There were not many men in the congregation, comparatively speaking, and those for whose preservation Father Murphy had labored in the gold cure, were conspicuous by their absence from his funeral. The church was completely darkened, the only light being obtained from the tapers burning on the altar, and round the bier on the catafalque lay the casket containing all that was mortal of the late priest, covered by a black pall with a large white cross, and surmounted by the biretta, stole and other emblems of the priesthood.

The church was fully draped in purple, every possible portion, and all the sacred figures, and ornaments, being covered with purple cloth. Rev. Father Patrick Murphy, of Scranton, Pa., brother of the deceased, assisted by the clergy of the parish, celebrated the solemn mass. After the service the interment was made in the cemetery at Cote des Neiges.—Montreal Star.

SKIN ERUPTIONS CURED FOR 35 CENTS—RELIEF IN A DAY.

Eczema, tetter, salt rheum, barber's itch—all itching and burning skin diseases vanish where Dr. Agnew's Ointment is used. It relieves in a day and cures quickly. No case of piles which an application will not comfort in a few minutes. If you have used high-priced ointments without benefit, try Dr. Agnew's Ointment at 35 cents and be cured.—Sold by E. Lee Street.

NEW BRUNSWICK LUMBER AT LIVERPOOL.

Farnworth & Jardine's wood circular for the last month states of the English importations: 'Of N. B. spruce there has been an import of 2,372 standards against 2,551 standards in the corresponding month last year, and deliveries have been fairly satisfactory. Stocks are moderate, and although there is no change in value to report, sales are now more difficult to effect for forward delivery. Birch—Of logs the imports, which consist of shipments by steam from St. John, has been large, the deliveries have been disappointing and prices are low; the stock is too heavy. Of planks one small parcel has been imported; there has been a little more enquiry but prices rule low; the stock is reduced.' The timber tonnage from this port since January is given as 9,704, against 7,194 for 1896 and 5,401 in 1895.

VICTORY FOR EAST SIMCOE.

Of one thing Mr. W. H. Bennett, the Conservative Standard bearer in East Simcoe, is Sure—He Suffered from Catarrhal Trouble and Found Speedy and Fixed Relief in Dr. Agnew's Catarrhal Powder.

In the coming by-election it will not be settled until the votes are counted, whether Mr. W. H. Bennett, who has represented the constituency with ability for years, will again be the successful candidate. One thing Mr. Bennett is perfectly certain of, whatever turn the election may take: When attending to his duties in Ottawa two sessions ago he was taken down with catarrhal trouble in the head. He used Dr. Agnew's Catarrhal Powder and over his own signature says that it worked like a charm, and quickly removed the trouble and made him fitted for his parliamentary duties.—Sold by E. Lee Street.

MISSISSIPPI STILL RISING.

DAVENPORT, Iowa, April 24.—The Mississippi is within two feet of the danger line at this point, and is rising at a rate of several inches daily. Merchants are moving their goods from cellars in the business district, and families are moving back from the river to escape the advancing floods. At Burlington, Iowa, the river is again rapidly rising and is now three feet six inches above normal. The residents of Huron Island have moved to the mainland, as that island is nearly under water.

Dr. Agnew's Cure for the Heart positively gives relief within 30 minutes after the first dose is taken. James J. Whitney, of Williamsport, Pa., says: 'Cold sweat would stand out in great beads upon my face, and I indeed thought that my end had come. But relief was found in Dr. Agnew's Cure for the Heart. After using it for a short time I feel now that the trouble is altogether removed.' It's effects are magical.—Sold by E. Lee Street.

LIEN NOTES NOT NOTES OF HAND.

His Honor Judge Van Wart delivered judgment this morning in the appeal case of Wm. Crandle vs. The Massey-Harris Company. This was an appeal from a judgment of a civil court in Queensbury, in which judgment was given in favor of the Massey-Harris Company. His Honor's judgment reverses the judgment below, and declares the lien notes of the Massey-Harris Company not to be notes of hand under the Bill of Exchange Act.

THE ONLY ONE

Dodd's Kidney Pills Cure where all other Remedies Fail.

BRIGHT'S DISEASE NOT INCURABLE

But there's Only One Cure in the World, and That we Have named.—Hundreds Testify to Cures.—Never a Failure Recorded.

It used to be said, 'If you have Bright's Disease, it won't be long before people are walking slow behind you.'

Bright's Disease affects brainy men particularly. The brainier and more active a man, the more liable he is to Bright's Disease. Bright's Disease is a disease of the Kidneys. It is the name given to the fatty degeneration of those organs. It is caused by excessive eating of rich food. It may be caused by exposure to cold and moisture. It may be caused by improper living.

But it's not with the cause we have to deal. It is with the cure.

It used to be thought that Bright's Disease was incurable. We know better now. Restore the Kidneys to health, and you may eat what you like, drink what you like, work as hard or be as active as you like, and bid defiance to death-dealing Bright's Disease.

But woe to the man who doesn't take care of his Kidneys! When they cease to filter the blood, the blood reeks with poison. Urine actually flows in the veins. You die a lingering death. The spine and extremities first; the brain last. Dying at the bottom while living at the top!

Bright's Disease may be cured by DODD'S KIDNEY PILLS, which restore the Kidneys, making them filter the blood properly. DODD'S KIDNEY PILLS are the only specific for Bright's Disease. They were compounded just for that purpose. They have cured hundreds of cases. They will cure your Kidneys. Try them. Fifty cents a box. For sale by all druggists.

Wm. G. Wade, 940 Queen St. East, Toronto, says:—'I have used thirty-six boxes of Dodd's Kidney Pills and am cured of Bright's Disease after all else had failed.'

T. E. Craig, 769 Queen East, Toronto, says:—'Never expecting a cure of Bright's Disease, I have been agreeably disappointed by a few boxes of Dodd's Kidney Pills.'

Miss Maude Cotterell, Bellville, Ont., says:—'I have used two boxes of Dodd's Kidney Pills and have been cured of what the doctor said was Bright's Disease.'

Mr. James Went, Orillia, Ont., says: 'I began to use Dodd's Kidney Pills about six weeks ago, have taken three boxes which have cured me perfectly of Bright's Disease.

THE KIND OF ROAD IT IS.

THAT IS TO BE PALMED OFF ON THE GOVERNMENT.

MONTREAL, April 13.—In order to ascertain what kind of a road interested parties are trying to palm off on the government to form a part of the I. C. R. and which Premier Laurier appears ready to accept, private parties sent a first-class engineer, who walked from one end to the other of the Drummond county railway and has made his report. He was instructed to be impartial, yet the sixty miles of line turns out to be a deplorable piece of work, running through the barren country and swamps, of a wretched grade, a good part of which will have to be rebuilt if brought up to the I. C. R. standard. Everything in fact is of the cheapest kind and not by any means up to a colonization road. The Drummond county road is owned by wealthy Quebec friends of Mr. Laurier and it is thought they hoped by selling the line to the government to recoup themselves for contributions to the grit election fund. An order in council taking over the road was passed in September last but not made public and it is doubtful in view of the exposure that has been made and the opposition developed if the government dare attempt to carry the scheme through parliament.

Dominion Parliament.

OTTAWA NEWS LETTER.

OTTAWA, 13th April. — To-morrow closes the third week of the Session, and for all practicable purposes the House might just as well not have met, for beyond passing the address in reply to the Speech from the Throne, answering a few questions, and adopting about a dozen motions for papers really nothing has been done. The Government has shown that it was not ready to meet Parliament, and it will not be until after the close of the first month that the Tariff will be introduced, Mr. Fielding having stated yesterday that he proposed making his Budget Speech on Thursday the 22nd. This is carrying on the programme already referred to in this correspondence of delaying the Tariff until after the Nova Scotia elections, and also until after the Government has consulted with its followers in the House. It is noticeable that there are such very serious differences in the party that it is considered dangerous to hold a caucus until it can be arranged that there shall not be a free fight. So far as can be learned the Tariff will have very little free trade in it and the principle of protection will be well maintained. This has caused quite a split in the cabinet, and it is very openly stated that Sir Richard Cartwright will not remain in the Cabinet very much longer. As to where he will go there are two stories. One is that he will go to Australia on a visit with the possibility of remaining there as High Commissioner for Canada. The other story is that he will succeed Sir Donald Smith as High Commissioner in London immediately after the Jubilee ceremonies, in which it is desired that Sir Donald should participate. Sir Richard's position in the House this Session has been very humiliating. He has not even been allowed to play second fiddle. In fact he is almost entirely out of the orchestra and it is not at all likely that he will take his seat in the House again after this Session.

DISSENTIONS IN THE CABINET.

Mr. Laurier's 'Sunny Ways of Peace' appear to be getting more and more cloudy every day, and rumors of serious dissentions in the Cabinet are rife. While there is a pretence of unity on the School Question there is still a feeling of unrest and disquiet. Mr. Sifton is said to have twice left Council in a pet because he is not allowed to have as free a hand as he thinks he is entitled to with regard to Northwest patronage. Not long ago he reeked his vengeance on a son of the late Hon. John Norquay, who held a petty position under the Department of the Interior by dismissing him, and was very much put out when forced by his colleagues in Council to reinstate him. Mr. Sifton is very dogmatic and dictatorial and is not proving a happy factor in the Liberal menagerie. A more immediate or more troublesome cause of dissention, however, than the School question is that of the Crow's Nest Pass Railway, and so serious has the split on this question become that it is now said the Government will not bring the matter up in Parliament at all this Session, but allow matters to drift along until next year. Meanwhile, the Canadian Pacific Railway is quietly going on building the road. Mr. Tarte is said to be the most troublesome factor in the Crow's Nest Pass embroglio. That versatile little gentleman, after abusing the Canadian Pacific Railway in Opposition, has become its most pronounced champion now that he is in office, and is not only favoring the building of the Crow's Nest Pass Railway but insists upon the granting of a very big subsidy to that Company. Sir Richard Cartwright and Mr. Mulock are said to be the strong opponents of the Canadian Pacific Railway, while Mr. Laurier is unable to decide between the two factions and simply lets matters drift in the hope that something will turn up to get him out of his difficulties. The kick of Mr. McInnes last week was more serious than appeared on the surface, for he not only represents four of the British Columbia Members, but it is understood there are twelve Ontario Liberals behind him who are prepared to vote against the Government if the proposal is made to subsidize the Canadian Pacific Railway for building the Crow's Nest Pass Railway. Under these circumstances, it is not surprising that the rumor that the Government will take no action this Session is generally believed.

SHORTENING THE SESSION.

When Mr. Fielding announced on Monday that he would deliver his Budget Speech on the Thursday after Easter on the motion of the Committee to go into Ways and Means, Mr. Laurier immediately followed with a motion that the Budget be made the first order of the day for Thursday and the debate continued from day to day until the whole matter was concluded. It is not at all likely that the Tariff can be disposed of, even under these circumstances, in less than two or three weeks, and with the Estimates to be gotten through with there is very good ground for the belief which is now current, that practically all the business to be done this session will be to pass the Tariff. Mr. Laurier almost as much as admitted on Monday that it was not seriously intended to pass the Franchise Act, and with that out of the way it will not be surprising if all the business of the House was closed up early in June so that prorogation may take place before Mr. Laurier leaves for England. There are some small bills which will, of course, go through, but it is not likely that either the Superannuation or Civil Service Amendment Bills will be seriously pressed if they meet with strong opposition, which it is certain they will. From all I can gather as to the disposition of the House, there seems to be a strong feeling on both sides that once the Tariff is disposed of nobody wants to spend the summer here, and as the majority of the members have some local celebration in connection with the Diamond Jubilee which they wish to attend, there is a desire to close up business early in June so that everybody may go home. There has been a good deal of talk about an adjournment from the middle of June until the end of August; but I hear nothing of that now, and it does not seem very probable.

WILL LAURIER RESIGN?

There has been a rumor afloat for sometime past that there will be an entire reconstruction of Cabinet before the year runs out. Sir Oliver Mowat has introduced in the Senate the Bill which was introduced in the Commons in 1894 by Sir John Thompson, but not passed, providing for the forced Superannuation of Judges of the Supreme Court who are over 70 years of age. While this is undoubtedly aimed at Mr. Justice Gwynne, it is also said that it will affect Sir Henry Strong, and that Judge Taschereau's resignation, which has been talked of any time the last two years on account of his health, either has been or shortly will be offered to the Government. The rumor goes that Judge Taschereau's resignation will make a vacancy for a French Judge, and that vacancy will be filled by the appointment of Mr. Laurier, who will take the Chief Justiceship to be vacated by Sir Henry Strong. Sir Henry, it is said, will go to England about June to be sworn of the Privy Council and take his seat on the Judicial Committee. It is believed that he will not return, but will reside permanently in England and will be paid by the Dominion Government a salary equivalent to what he is now receiving as Chief Justice. I may say that this idea of Canada paying the salary of a representative on the Judicial Committee of the Privy Council was entertained by both Sir John Macdonald and Sir John Thompson some seven years ago, when it was first proposed that Canada, Australia and South Africa should be represented on the Judicial Committee. As to Mr. Laurier's retirement it is said that he is sick and tired of the squabbling and dissension going on in the Cabinet and will be glad to wash his hands of the whole business and retire to an honorable and dignified position where he will feel less hesitancy about accepting the honors which will undoubtedly be conferred on him in connection with the Jubilee celebration than he would if he remained as a Leader of a political party which has always affected
