CASTORI

The Kind You Have Always Bought, and which has be The supervision of the signature of the supervision since its infancy. ow no one to deceive you in this, and "Just-as-good" are but ith and endanger the health of xperience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Casto goric, Drops and Soothing Syrups. It is contains neither Opium, Morphine nor of substance. Its age is its guarantee. It de and allays Feverishness. For more than the Castor Oil, Par It is pleasant. nor other Narcot substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than threy years it has been in constant use for the relief of Constipation, Flatulency, Wind Colle, all Teething froubles and Diarrhea. It regulates the Stomag and Bowels, assimilates the Food, giving healthy and natural sleep. The Childran's Former The Mother Frand

aims.

St. John, N. B.

THE WHISPER IN THE SONG (By SOPHIE OSMOND)

There are a few things in it after Moyna comes to me my judg Moyna (Continued) CHAPTER IV The train that bore Geoffrey Crat-on to London had brought a pas-But Lady Paleston did not smile.

But Lady Paleston did not since. Use a society." She stood dumbfounded, for the box store a burg codar chest, crammed "I'll never dispute with you, Mar senger to Meerwald, a gray-haired lady, evidently much used to order was a huge cedar chest, crammed ing and being obeyed. Within five full of wonderful fabrics that are garet. It is because I have such conminutes of alighting she was seated rarely seen amongst the flimsy manin a cab, driving across the waste to the coppice. In a cab, driving across the waste to roll of gleaming brocade that was I am, with knowledge of the kind of

the coppice "Fancy any one living in such a neither white nor silver, yet held the life Moyna should enter. I live in place as this!" she commented, as, ifter telling the driver to wait, she er roll was of Indian gauze, embroid-her way unaided through the ered in fine gold, with real gems fusion of it frets me. I cannot leave obblestoned yard to the back door. amongst the raised stitches. With my quiet home, but it is no place What on earth has happened? Are this was a wide scarf of filmsy silk for a girl of twenty, who longs for hey all dead?" she mused. bordered in seed pearls.

As her knock remained unanswer "Good heavens!" gasped Lady Paled she walked into the house, and eston. "Where did you get these better. When?" entered the living room. From the things? Have you been buying up window she caught sight of Mrs. the wardrobe of some dethroned em press?" deeve in the garden, and the house

It fe is speedily : tarved out by the combination of the other bakers to reduce prices still lower. After he disposed of the prices are raised again. The larger "rewerles have a most wiped out the private publican tried by the makers of spring mat by taking over licenses through their tresses, cased tubes, spun mounts ominees, and converting public nouses fillo what are called "tied ouses" bound to sell only particular ture, electrical fittings, pottery ware kinds of liquors. Some of the large common building bricks, and iro millers are getting a similar control brass and electroplated coffin handl over the baking trade by setting up employees of their own in bakers' shops, or by granting credit on dition of exclusive dealing.

Extensive Organizations

"The Proprietary Articles Trade Association." consisting of both whole sale and retail chemists and druggists. is an extensive organization. It was organized in 1896 and one year later included 1,700 retailers and nearly all the wholesale firms. The member bind themselves to sell below fix wholesale and retail prices.- A state ment published by the association in the Pharmaceutical Journal says "The plan by which prices are secured is simple. The proprietors of rticles upon our list undertake to withhold supplies of their articles from any firm selling "ny one of them below the n.inimum .ices or from any firm who after due notice supplies such a cutter with any of the

"The Chemists' Aerated Mineral Waters Association, Limited." is a co-operative organization including 4,000 The firm of J. & P. Coates chemists.

> Such was the condition of affairs in Britain in 1899, when Mr. Macrosty wrote his article. A great many more combines have been established in Britain since the year 1899.

It is evident that neither protection nor free trade can be blar ed for the existence of combines. They flourish plan to regulate them is the solution for any evils they bring in their wake.
