**Unsightly Pimples
And Face Eruptions**
In The Spring Most People
Need A Tonic Medicine.

One of the surest signs that the
blood is out of order is the pimples
unsightly eruptions and eczema that
come frequently with the change
from winter to spring. These prove
that the long indoor life of winter
has had its effect on the blood,
and that a tonic medicine is needed
to put it right. Indeed, there are
few people who do not need a tonic
at this season. Bad blood does not
merely show itself in disfiguring
eruptions. To this same condition
is due attacks of rheumatism and
lumbago; the sharp stabbing pains
of sciatic and neuralgia; poor ap-
petite and a desire to avoid exer-
tion. You cannot get rid of these
troubles by the use of purgative
medicines—you need a tonic, and
a tonic only, and among all medic-
ines there is none can equal Dr. Wil-
lams' Pink Pills for their tonic,
blood-improving and nerve restoring
powers. Every dose of this medi-
cine helps make new, rich blood
which drives out impurities, stimu-
lates every organ and brings a feel-
ing of new health and energy to
weak, tired, ailing men, women and
children. If you are out of sorts
give this medicine a trial and see
how quickly it will restore the ap-
petite, revive drooping spirits and
fill your veins with new, health-giv-
ing blood.

You can get Dr. Williams' Pink
Pills from any dealer in medicine, or
by mail at 50 cents a box or six boxes
for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

VALUATION LIST
The Valuation List for the Town
of Newcastle is now posted at the
Town Office, and is open for inspec-
tion up to April 22nd. This is the
ratepayers opportunity of learning
their valuation for 1922; and if they
have any objections should make
same at once and not after the as-
sessment is made up and the tax
bills delivered.

Harkins Academy Items Of Interest

(Continued from page 4)
every day. Mr. Arthur Jubien has
the care of the large Union Jack
which is used, and he handles the
ropes to the satisfaction of all.

Continued from last weeks issue
of this column.
A paper by Miss James B. A. of
Westmount High-school "The rela-
tions of a parent and teacher."
"Some parents would like a short-
er school course, to give pupils more
time for outside interest and perhaps
it would be a good thing in many
ways, if it doesn't give frivolous
girls a greater opportunity to waste
time and money promenading "Main
Street" or to attend the movies. Par-
ents who desire this shorter day will
need to remember there is no miracu-
lous way of obtaining knowledge
and the less time spent in school
the more time will have to be spent
in home preparation. As things
stand, the average parent could study
a few more and see how much more
they can do for their children."
