### BLAINE'S NEW DEPARTURE.

The most important event in recent United States politics is Mr. Blaine's break | The Week's Events in Brief-The Cream with his party on the question of reciprocity. It is not easy to foresee what this means, but it may mean a very great deal. Undoubtedly the secretary of state stands | near Port Arthur. head and shoulders above all his colleagues in those elements which make up a statesman, and is quite aware that the present policy of the United States cannot be very long persisted in, with Canada to the north and the Central and South American nations to the south - he sees a chance for a stroke of diplomacy greater in its results than anything achieved in many a long year, by foreign war, either in this or the other hemisphere. Those who are keeping themselves informed upon economic questions know that great changes must occur in the very near future, and religious orders. in anticipating these changes, and setting his sails so as to catch the breezes of Halifax, has assigned, with liabilities of popular opinion, which will very soo 1 be- \$8,500 and \$4,000 assets. gin to blow with strength and steadiness Mr. Blaine has taken the surest plan to reach the goal of his ambition and gain

#### for himself a reputation as the foremost statesman of his time. Canada is greatly interested in the success of his plans and will watch closely every step in their working out.

THE INSURANCE OF CHILDREN. A bill has been introduced by the bishop of Peterborough, and passed its second reading in the House of Lords. in England, for the purpose of limiting lic knowing it—it was the intention of the Gregory, whom it regards as almost angelic the sum for which the lives of children respondents to have fought the petition in a political sense, to offer himself for may be insured to from £4 to £8, and for-\$100,000. out. In doing so, they would have dis- election as an independent; publishing a bidding the payment of the insurance money to the child's parents. The bill itself is a remarkable one, and that it disqualified themselves. A number of position of a watchman on the tower, not should have been deemed necessary to witnesses who know and could testify to as an enemy in the field, when at the legislate in this direction, is a terrible reflection upon the English people. The evidence showing that children are murdered by their parents, all over England, for the sake of the insurance, is so conclusive, that it is admitted on all hands to sole reason why the petitioners did not go so long as it is the recipient of a bountiful be hopeless to resist its weight. Judges, coroners, and doctors agree upon the fact with startling unanimity. It is not ar- fax. country if in striking at the Attorney Genevery act which it had hitherto approved. leged that children are strangled or poisoned. A little neglect applied at the right time, a diet of insufficient or unexposure to cold or damp, and as the bishop of Peterborough said, "the little charge withdrawn. production, and if we had space this week cause and tendering unwelcome support life is quenched." It is to be sincerely we should have reproduced it that our to a party of which it only spoke for years hoped that the proposed law may stamp
