the third place William and his Kings and Grand Dukes wish to the French Republic, whose kistence is a menace to the sur- algebra of the sur- algebra of the sur- diords her time, but this Ger- does not intend doing. France out stand the gross insults heaped pon her by Germany, for a pur- on her by Germany, for a pur- tishe was quite ready. It was y and not Spain that exacted the apology to King Alfonso, and it nany which is now trying to France into an overt act by the Crown Prince to visit at Madrid. England is also en- a insulting France, but not from etion for Germany. The Congou, Madagascar and other scenes of aggression are causes sufficient unt for the hostile attitude of I. What people cannot under- , why France should pursue such essive policy alroad while she is imminent, such deadly danger at military writer gives it as his that France has embarked in	tacts to serve their purpose, and they make figures lie most abominably. In- deed, they overdo the thing, and thus annoy and distress the honest among their party who know they are ex- aggerating, and hurt themselves besides. No one believes a country is ruined which can show such signs of prosperity as Canada. When real depression comes we shall all know and feel it without waiting for gloomy Grit prophesies, When we see hundreds of wholesale houses go down in Montreal, and thousands all over the country, as we saw them in 1876, then we shall know the time has come: but we shall be excused if we refuse to see general commercial ruin because cotton factories have shortened time through over-pro- duction, or a Bank close up because of mismanagement. The signs of depression are small at present, but the signs of prosperity are unmistakable. October is a month in which wage-earning people draw money from the Saving's Banks to provide coal and other necessaries for the winter; it is certainly a month in which the least deposits are made. But how has it been with the October just gone past? The Postal Saving's Bank returns show that	superior; there were no cities like Bran- don. Emerson, Rat Portage, and Winni- peg was but a village. But, presto! Be- hold them now. Look at Winnipeg, growing up a rival of Chicago. Look at over a hundred thousand people in Mani- toba; look at the assessments, the wealth ; and above all, the glorions probabilities in the near future, all brought about, or to be brought about, by the manly policy of a Conservative party, which is not afraid to leap, and is ashamed to be seen crawling, stealing its way, as it were, over the finest country in the world. It is recorded of the famous American magician Ben Abou, that a youth went to him and asked of him a flock of sheep, that he might commence business in an honest way. They were given him, and he then wanted the wool takan off their backs and made into cloth, without the usual bother. This request was also granted, and the next demand of the modest youth was than Ben Abou would give him the worth of the cloth at once in money to save time and labor. "Go away, my son," said the magician, "it is whiskey you want.". It is something like this modesty actuates the Grit farm- ers of the Northwest. They got splendid land for littley nathing and now they.	 House of Orleans. THE Grits, not having the courage themselves to decry Canada as strongly as they would wish, are using the New York papers for the purpose, and then copying from them. It is in this way such fearful stories reach us of the flov-crnment treachery regarding the guarantee to the C. P. R. the cotton depression, and later still, a solitious movement in Manitoba looking to annexation to the United States. But the Grits are not thriving on these lying sensitions. They are depressed in spirits, and when that is the case we may safely assume Canada is prospering. If trouble of a serious nature does not arise in Manitoba it will not be the fault of Ontario Government agents, who are everywhere inciting the people to deeds of violence. The latest instance of this is the arcest of the Manitoba officers. The Grits are organizing seditious moetings everywhere they get a chance, at which law students are put up to spout treason and annexation. The Grits are alarmed at the prospect of Manitoba becoming the Premier province. THE Franco-Chinese quarrel is assuming a comical aspect. The two countries are always on the verge of war, but as yet no blows have been struck. It would 	 lately. General Bluementhal is expected to command the German army in case of war with France. At the forthcoming banquet to Parnell in Dublin two speakers will deliver gaelic addresses. Mowat's agents at Hat Portage acknowledge they have received orders to fire if necessary. The date of Poole's execution for the murder of Kenny is fixed for the 18th of December. Mr. Dowling, M. P. for South Renfew, has been unseated, and will perhaps be disqualited, for elevating the Grit standard too much. The British iron trade is in a bad way on account of over production and German competition. The Duke and Duchess of Connaught have arrived at Bombay, and met with a cordial reception. Ten days festivities will be held in Midrid to celebrate the visit of the Crown Prince of Germany. Eighty-eight of the crew and passongers of a French brig perished in a collision at sea on the 30th ult. The Italians of New York are very frugal and economical, and it is said they are making mong rapidly. Mitthew Arnold is to lecture in Canada before he return to England. If we can't beor bur we can see him. 	The fight at the Haitf Hai Dzuong lasted seven hours. The French loat 20 killed and wounded. BHANGHAI, Nov. 20. The North China Herald says the Emperor has privately instructed the Vicercy of Netuking to begin hostilities against the French in the event of an attack on Bacninh, and has strictly enjoined him to maintain order at treaty ports. HONG KONG, Nov. 24. News has been received from Hai Phong, announcing that a force of 3000 Chinese troops made an attack on Haid Zuong, on the 17th inst. The French garrison, sup- ported by a gunboat on River Tai Bigne, held out from nine o'clock in the morning until four o'clock in the afternoon, when the Chinese retreated. Loss of French land force was 12 killed and wounded. The French gunboat had its hull penerated by the onemy's shot in several places and eight to the erew wounded. The French newspaper Bosephere Egyptian has an article reflecting bitterly on the past and present action of England in Egypt. It instinues that victory of Tel El Kebir was won by brittery, bhames England for bloodhed in Sudan and hopes the English staff will have grace to disappear and no longer thwart the Egyptian Minister of War.
