NEWS OF THE DISTRICT

SLON.

Bulletin News Service.

On Thursday last, the slon, the slonites entered upon their annual sports. The weather was magnificent, but with a nice, refreshing and cooling breeze. The sport selected for the day's enjoyment was an ideal one, upon a slight knoll, with a fair quantity of trees for shade from the sun, and with a splendid view of country all around.

The working bees of slon were early hard at work, erecting tents, tables, refreshment booth and getting ready for the many and various entertainments that make for the comfort of visitors and the success of a gathering such as this.

Visitors in their hundreds began arriving between ten and eleven o'clock from Ray, River Qui Barre, Independence, La. La. Noma, Pembina, Glenford, Rich Valley, in fact from every where, such a large gathering has not been around here for many years.

A substantial dinner was served on the grounds of which a goodly number partook. The refreshment booth was operated by John F. Kelly, who did a roaring trade all the time, with his varied commodities, such as oranges, bananas, lemons, lemons, and things too various to mention.

The sports commenced about one o'clock with a baseball game between an Independence team and a Glenford team. The game was well played and caused a great deal of pleasure and excitement and ended in a victory for Independence.

The baseball game having taken much longer time to play than was expected, the long and very varied program prepared by the committee was not to be abandoned, the greater number of the visitors were so satisfied and pleased with the baseball game that they did not go to the other sports, but the program was proceeded with.

First event—100 yards run, for which there were eight entrants. First prize, one dollar, won by H. Huff, second prize, half dollar, G. Baker.

Second event—Boys' race, 44 yards for entrants. First prize, one dollar, won by H. Huff, second prize, half dollar, G. Baker.

Third event—Children under seven years, 50 yards race, Noah's Ark, Eddie Walker.

Fourth event—Girls' race, 44 yards for entrants. First prize, one dollar, won by H. Huff, second prize, half dollar, G. Baker.

Fifth event—Ladies' race, 44 yards for entrants. First prize, one dollar, won by H. Huff, second prize, half dollar, G. Baker.

Sixth event—Men's horse race, seven entrants. First prize, \$500, H. D. Conner, second prize, \$1, Smith.

Seventh event—Tug of war, four teams of eight each entered. Slon, Independence, River Qui Barre, Glenford. After many and strenuous pulls and great excitement, the River Qui Barre team came out victorious.

Eighth event—Quota, or throwing the horseshoe, twenty entrants. First prize, one dollar, won by H. Huff, second prize, half dollar, G. Baker.

Ninth event—Tug of war, four teams of eight each entered. Slon, Independence, River Qui Barre, Glenford. After many and strenuous pulls and great excitement, the River Qui Barre team came out victorious.

Tenth event—Quota, or throwing the horseshoe, twenty entrants. First prize, one dollar, won by H. Huff, second prize, half dollar, G. Baker.

Eleventh event—Tug of war, four teams of eight each entered. Slon, Independence, River Qui Barre, Glenford. After many and strenuous pulls and great excitement, the River Qui Barre team came out victorious.

Twelfth event—Quota, or throwing the horseshoe, twenty entrants. First prize, one dollar, won by H. Huff, second prize, half dollar, G. Baker.

Thirteenth event—Tug of war, four teams of eight each entered. Slon, Independence, River Qui Barre, Glenford. After many and strenuous pulls and great excitement, the River Qui Barre team came out victorious.

Fourteenth event—Quota, or throwing the horseshoe, twenty entrants. First prize, one dollar, won by H. Huff, second prize, half dollar, G. Baker.

WILL FIGHT THE MEN TO A FINISH

The Attitude of President Hays Leaves Government Powerless to Intervene.

Ottawa, July 25.—The question as to whether or not the Grand Trunk Railway strike will come to an end at once is in the hands of President Hays, but apparently the company has made up its mind to fight the strike to a finish.

This is the view of the Labor department, which admits that a deadlock has been reached. The government is ready to lead its good offices in any capacity the parties to the dispute might desire, but in view of Hays' attitude there is nothing further to do at present.

The Grand Trunk situation is somewhat altered by the announcement from Hays that the time for arbitration is past, and that the company is prepared to fight to the end.

The strike leaders are holding a series of conferences lasting over the whole of yesterday and today. S. N. Barry, V.P. of the Brotherhood of Railway Conductors, who has been in Toronto since the beginning of the strike, came to Montreal to consult Murdoch, who has charge of the situation here.

It is rumored that the strike leaders are making strong efforts to get the government to interfere in the matter, and that failing this the strike will be called off immediately.

The following official report was given out by the Grand Trunk management today:

"The general situation is improving every hour. At 10.30 today started on the eastern division alone fourteen freight trains. These are moving past the fence plainly in view of those who doubt. Two excursion trains went out of Toronto yesterday and carried a thousand people."

Earnings of G.T.R. Show Decrease. The Grand Trunk shows at Point St. Charles a decrease of \$105,000 in revenue for the past week as compared with last week. The average weekly increase this year has been \$140,000, showing that the company has lost \$290,000 in one week through the strike.

Windsor, Ont., July 25.—The first freight on the Grand Trunk since the strike was started pulled into the station here this morning. The first freight to leave since the trouble started went out about ten o'clock.

The Government Will Intervene. Washington, D.C., July 25.—The government will not interfere in the strike situation on the Grand Trunk unless the strikers or sympathizers seriously interrupt the transmission of the United States mail.

This is the opinion expressed today by George F. Stone, assistant general superintendent of the railway mail service, who is in charge of the department here. Stone had heard of the lifting up of a mail train at South Bend, Ind., but was inclined to think the incident was of minor importance.

Toronto, July 25.—The Grand Trunk cars shops at Mimico reopened today, and the freight handlers here resumed work. One car was being loaded with a large volume of business during the last few days, but the action of the company has come as a great relief to the men who were out of work through no fault of their own.

South Bend, Ind., July 25.—Sixteen deputy sheriffs are guarding the Grand Trunk railway property here, and declare they will prevent violence. The officers have found it necessary to disperse a crowd of about thirty men who were gathered around the property.

Three trains, passed through the city today.

A NEW CUNARD

London, July 25.—The new giant Cunard liner Franconia was launched from the shipyards of Swan, Hunter & Wigham Richardson, at Wallsend-on-Tyne today. The Franconia is designed for the company's Boston service and she will be the biggest vessel entering Boston harbor.

The principal measurements of the Franconia are: Length overall, 425 feet; breadth over all, 32 feet; top of houses to keel, gross tonnage, 15,000 tons; displacement, 25,000 tons; height of funnels, 140 feet above lowest funnel base; diameter of funnels, 17 feet 6 inches; height of masts, 200 feet above the keel.

The keel was designed on the graceful lines for which the Cunard boats are noted. In all, there will be no less than seven steel decks above the hull, and the ship into a number of water-tight compartments, thus securing, as far as possible, her unsinkability should the bottom by any means be pierced.

About four miles of girders and about 100,000 square feet of scaffolding were utilized in the construction of the vessel. The number of men engaged on the construction of the boat was about 3,500. The same firm has just received an order to build a sister ship to the Franconia, also for the Boston service. This vessel will be named the Laconia.

Fire in Livery Barn.

Toronto, July 25.—Seventy-five horses were rescued from death by fire or suffocation by a crowd of volunteer helpers and the stable corps at Pat Myers' stable on Hayden street, near Yonge, last night, when the west wing with 10 tons of hay were burned.

LIGHTNING CAUSES A DOUBLE TRAGEDY

Quebec, July 25.—News has just been received of a double tragedy near Laurierville in Magalloway county, Quebec, where a lightning bolt struck the barn of Benjamin Paquet, killing his son. Paquet and Albert Jumeau rushed to the assistance of the son, and Paquet was overcome by smoke. Both bodies were burned to a crisp.
