ELECTRIC RADIANT TOASTER.

Price \$4.50.

Let us demonstrate one for you at your Home.

The "Helping Hand" OF ELECTRIC SERVICE.

It is the General ELECTRIC RADIANT TOASTER. This Toaster was designed to make PERFECT TOAST for discriminating people—and it does.

Perfect Toast is therefore vitally essential. Aside from the quality of this Electric Toast, each slice only costs one-tenth of a cent. And there is positive joy in making it, for there is something cozy and cheerful about the soft glow of the coils reflecting on the shining white porcelain base. The General Electric Radiant Toaster adds grace and charm to any table.

When you eat Toast made on a General Electric Radiant Toaster you will quickly appreciate the big difference between Perfect Toast and the other kind. And you should recollect that Toast is very "versatile" food; it is the foundation for scores of the most deliciously toothsome viands.

Your House is Thirsty

for paint. It's furnishing for a good swig of Linseed Oil and pigments.

It's been through a strenuous winter, after your failure to give it any attention last year, and now with cracks and pores gaping and gasping, it faces the summer sun within a few short weeks. Try our house tonic.

It's cheaper to paint than not to paint, and the sooner the cheaper.

Use Good Paint, that's Matchless.

Answer: MICHELIN

As a Time and Money-Saving Proposition, 77 per cent. say MICHELIN. As an Experimental Proposition, 23 per cent. are undecided, still experimenting with various makes, with the consequent loss of time and money.

Fancy pattern covers are no doubt attractive, they are intended to be; they are also a good advertisement.

To the shrewd buyer the very fact of such a great variety of Fancy Pattern Tyres proves conclusively that none of the patterns are correct.

Either one is best and should be universally adopted, or all are unnecessary.

MICHELIN are not fancy pattern covers: Quality is their watchword, and in their merits they stand or fall.
