

Old-Time Champions.

Much interest is being taken in the championship ice racing meet which takes place on Tuesday next. The race for men of 40 years and over should draw out some of the old time champions. Twenty-two years ago, Feb. 20th an interesting race took place at the Parade Rink, when Mr. George Marshall won the three mile championship in 12 minutes and 15 seconds. The contestants included such skaters as Fred McCarthy, A. Chislett, F. Woods, A. Farrell. On March 9th a championship race between P. Chislett and Marshall took place at the Prince's Rink. Both contestants finished together, and as there was no special judges Drs. Harwood and Rendell, the timekeepers, decided it as a draw, and the prize of \$25.00 was divided. Time for the 3 miles, 10 minutes and 35 seconds. The ice skating race was held at the Parade Rink on March 20th, Marshall won by about 7 feet. Time 10 minutes, 53 seconds.

Commercial Travellers Appreciate Telegram.

Editor Evening Telegram.
Dear Sir:—The Executive of the Commercial Travellers Association feel that it would be a most ungracious manner to ignore you if we allowed that splendid and totally unsolicited article which appeared in your Editorial of the 10th, under the heading "A Wordy Association" to pass without a word of thanks to your good self for the boost which you then gave to the Association known as the C.T.A.N. None of the Executive had the least doubt that you were going to hunt such a "bouquet" in our favor, and what came to us as a "thunderbolt" by the goodness of some and reading between the lines, the lucid writing of the possibilities of our Association and the consciousness and length of your article, a whole editorial column, the possible ravages of the "bolt" were entirely eliminated by your facile and logical pen. We hasten to assure you that our Executive, speaking for the whole Association (over 100 members) repeats that it was greatly appreciated by every member of the C.T.A.N., and that you can add another 100 names to your friendship list.

Again we thank you and remain, Yours sincerely,
A. E. Chown,
Secy.-Treas.
THE COMMERCIAL TRAVELLERS OF NEWFOUNDLAND.
P.S.—The Board of Trade as a recognition of the C.T.A.N., has actually appointed the President to be one of the councillors of that institution.

Square Riggegrs vs. Fore-and-Afters.

Editor Evening Telegram.
Dear Sir:—I notice in your issue of today that a radio message has been received saying that the Barquentine "Czarina" has been reported distressed (I presume this means distressed) in mid-ocean, but the captain has not need assistance. The "Czarina" was built at Gosport, England, in 1871 and is a 255 tons register, and the fact still holds true:
"British oak are our ships."
The captain and crew of the "Czarina" are evidently quite contented to rig fore-and-afters and bring their ship to a halt when they know they have reached land. This ship is 45 years old, but it is not interest those who do not know the difference to know that the insurance rate on the "Czarina" is little more than half of what it is on most of our "fore and aft" rigged vessels. Of them built a few years ago; fore-and-afters are unnecessary, and which is the safest class of ship is obvious as the whole mercantile world agrees that the Marine Underwriters in London are generally considered to know their business.

I am not a seaman but have known the North Atlantic in various kinds of vessels and I have heard my forefathers, who all come from a long line of Devon and Dorset seamen, say 15 years ago that fore and afters were the most floating danger, which has been proven in the month and past winters by so many losses, but fortunately the news have been taken out of them before they went down in a watery grave.

Thanking you for space, Mr. Editor, I am,
Yours faithfully,
A SAILOR'S SON.

Concert on Dieby.

On her last trip to this port an extraordinary concert was arranged on S.S. "Dieby" by Mr. Eddie McGinley, who has just opened an engagement with the Star Music Company. Mr. McGinley is an amusing vaudeville entertainer and was assisted by Messrs. Richard and Whitford of the ship. The concert was very original "turns" and was taken up in aid of the Liverpool Sallor's Widows and Orphans Fund and a substantial sum was realized.
