—Wholesale Murder on Rum Runner.

STRIKE ENDED.
SYDNEY, June 15. The strike of miners and maintenance men employed by the British Empire Steel Company at North Sydney, N.S.W., which commenced yesterday morning at four o'clock, ended at noon to-day following a conference between the Corporation and members of the U. M. W. Executive. The threatened strike in Sydney and Glace Bay District also has been averted for the time being, satisfactory agreement having been reached. The reinstatement of the men of the Florence Colliery, over whom the trouble arose, was the basis of settlement to-day. No conferences are planned and the situation in Cape Breton labor is now brighter than for some time.

other British leaders came into contact with him at Genoa, the Hague, and Lausanne Conferences, and were impressed by his desire to retain the friendship of the Allies, carry out the terms of peace treaties and restore tranquility to the Balkans. As a reward for Bulgaria's exemplary conduct since the war under his leadership, the Allies recently reduced the Bulgarian war indemnity from four hundred and fifty million to one hundred million.

HURDER ON RUM SMUGGLER.

NEW YORK, June 15. The discovery of scraps of a woman's clothing on the two-masted smuggler Mary Beatrice, which was picked up Wednesday at the entrance to New York Harbor, after her crew had been slain in battle with Chinese passengers, to-day added another knot to the tangle the port authorities are seeking to unravel. Captain William Williams, of the Treasury Department, said he had been given information by an unnamed "stool pigeon" that he and a woman had gone aboard the vessel a week ago from a rum running motor boat as the Mary Beatrice lay with this rum fleet off the Jersey Coast. The man and woman fled, Capt. Williams was informed, when the light broke out between the passengers and crew in which all the crew of five, except the Captain, who had abandoned the schooner, were slain, after the killing of five Chinese whom the captain had agreed to smuggle into the United States. One of the Chinese who was wounded said to-day that the battle started when a member of the crew attempted to collect an additional two hundred and fifty dollars from each passenger. He said five of the Chinese had been summoned on deck to help handle the schooner on the pretext that a storm was coming up. As they went up three were stabbed and two shot, he said, the rest swarmed on the deck and slew the crew.

FIRE BEYOND CONTROL.

FREDERICTON, June 15. The forest fire which swept across from Quebec into New Brunswick, destroying hunting clubs on the Restigouche, is reported to have reached such proportions that it is futile to try to control it by human means.

FOREST FIRE LOSSES.

FREDERICTON, June 15. Lumbermen to-day placed the monetary forest loss suffered so far in destruction by the forest fire which has burned more than two hundred and fifty square miles in New Brunswick during the past two weeks, at not less than four million dollars. These figures were reached by a valuation basis of an average of twenty-five dollars to the acre; in addition there have been losses in destruction of mills, houses, barns and other buildings, several highway bridges and crops.

TWO VILLAGES COMPLETELY WIPED OUT.

QUEBEC, June 15. The villages of Sully and Les Etrolles, Témiscouata County, have been completely destroyed by forest fires, and unconfirmed reports say that two lives have been lost. Every residence and even the churches suffered in the flames, seventy-five structures having been reduced to ashes. The fire came upon them so swiftly that many of the people saved nothing.

UNEARTHLY SCANDALS IN BULGARIA.

SOFIA, June 15. Newspapers continue to publish various versions of alleged irregularities and scandals of the Peasant Premier's regime. Trains are now running to all points in Bulgaria and private messages are permitted over the Government wires.

DROWNED THE LIQUOR.

NEW YORK, June 15. The steamer George Washington arrived off of Sandy Hook to-day with eighty-seven cases of liquor which the passengers had not consumed. The liquor was thrown overboard.

RESIGNED UNDER DURESS.

LONDON, June 15. Li Yuan Hung, former President of China, has issued a statement from Tientsin repudiating his resignation, which he declares was tendered under duress.

GOLF CHAMPION.

TROON, ENGL., June 15. A. G. Havers, of Great Britain, won the British open Golf Championship competition which was concluded here to-day. His aggregate score was 295.

IMPERIAL OFF AGAIN.

The Imperial Oil Co.'s tanker Imperoyal, which ran ashore on Grimes Rock near Canso at an early hour this morning, managed to extricate herself later in the day and is proceeding to Halifax under her own steam, although badly damaged.

A smart three-piece costume shows a cape effect. The material used was green homespun, striped with darker green. The sleeves were in reality little half-capes, set on just below the shoulders.

Public Opinion Must Rule.

Sooner or later it will have to be considered whether the public does not merit the contempt with which it is treated. In the last few years as it was never evidenced before people displayed little or no resentment against the indifferent and somewhat greater flagrant manner in which the country's best interests have been violated. Force of public opinion in years past proved a strong check against any persons or party who by right of position endeavored to encourage misrule or maladministration of the country's affairs. We have instances whereby patriotic citizens stood firm against a policy that meant disaster. In these instances public opinion gained the day and the perpetrators of the misdeeds in question received severe setbacks. The proposed Reid-Humber Deals which will be debated in the House of Assembly the coming weeks are indeed matters that mean a lot to the people of Newfoundland. From the facts already elicited a certain ring of politicians duped the people into the belief that they possessed a policy which held a great future for the Colony but which apparently throws back on an already overtaxed populace a burden which a country of much greater population and resources might hesitate to assume. The Newfoundland Power and Paper Limited, owned and controlled by the Reids and some of the directors of the Reid N.H. Co., hold 20 grants totalling 571,887 acres of land in the Humber Valley and vicinity; this Company seeks the ratification of a deal from the House of Assembly that will guarantee them the sum of ten million dollars; they also asked that they be paid one hundred and ten thousand dollars yearly for certain railway transportation services, which because of the grave mistakes made by the Government have already cost the Colony some five millions of dollars in the short space of three and a half years, when they (the Government) annulled the contract the Reids had with the Colony as contractors. Surely public opinion is going to assert itself at such a crisis. The situation as it stands to-day is a very serious one for Newfoundland. The mere promise of employment under such terms will be poor recompense to the people who will naturally have to bear increased taxation to pay the interest on stupendous loans which will be necessary to finance this enterprise. If the people are content with such conditions as pointed out, then by all means endorse the Government's intention to increase the burden by sitting silently; and without raising a voice of objection satisfy themselves that when called upon to pay the consequences they will do so without a murmur of protest. The concessions granted to the Reids under the terms of the agreements now before the Assembly are of vital importance to the people whose money will make possible the projects as already outlined. In this instance it is the will of the people that will sanction the proposals or set them aside. The will of the people must be heard and it only can be heard by a united expression of public opinion in its manifestation of approval or discontent. Patriotic Newfoundlanders who love their country, who have a stake in the country, who want to live and bring up their families in the country, to them the duty is paramount. Party politics or party prejudices are lost when such grave measures which threaten to jeopardize the welfare of the people and country are made apparent to all. The responsibility rests with true public spirited Newfoundlanders who must sponsor public opinion at a time when anything in the nature of a national scandal is about to be enacted.
