TWO MURDERERS
MAKE CONFESSIONS

A Terrible Tale of a New Orleans Desperado—Surrender of a Man Who Killed His Mother and a Brother.

Memphis, Tenn., April 9.—The Commercial Appeal publishes the following: A negro, giving the name of Charles, and claiming to be a desperado who killed Captain T. Day and Patrolman Peter J. Lamb, and also to have caused the death of ten other persons and the kidnapping of two men, women and children at New Orleans, from July 24 to July 27, 1900, lies at the point of death at a pest house at Clarksdale, Miss. Dr. Martin, health officer at Clarksdale, Miss., states that a negro was delivered at the pest house suffering from smallpox. The negro, realizing that he was about to die, made a most startling confession. He said that his right name was Levi Charles, and that he had killed a woman and two policemen at New Orleans. He says he managed to escape from that city, and made his way to Mississippi, where he assumed the name of Geo. Peters. The man says he has killed seven persons; that while going under the name of George Peters, he killed Geo. Palfrey, Geo. Roberts and B. Moore. He also confessed to the murder of two women, whose names he does not give.

The New Orleans police have claimed that they killed Charles. Sunbury, Pa., April 9.—Remorseful, haggard and worn, John Gulick, who last Tuesday murdered his mother and brother at his home near this city, was lodged in jail here yesterday morning. He was discovered in the spring house of the Gulick farm. Since the day of the crime he had roamed through the mountains during the day, and at night went to nearby towns and begged for food from back doors. He positively refused to speak about the crime, merely saying that he was very sorry. He stated that he witnessed the funeral of his victims from a nearby hill. The revolver with which he committed the crime was found in his coat pocket.

The Massachusetts Senate favors a constitutional amendment to permit three-fourths of a jury to render a verdict in civil cases.

When
in Bed

Put some Vapo-Cresoline in the vaporizer, light the lamp and place it near the head of the bed. Then all the time the baby sleeps it will breathe in the healing, soothing vapor. The hard, tight cough loosens; the fever gradually goes down, the breathing becomes natural, and pneumonia is avoided. Every part of the throat and bronchial tubes are touched by the medicine. For the hard colds and coughs of children nothing equals Vapo-Cresoline.

Vapo-Cresoline is sold by druggists everywhere. A Vapo-Cresoline outfit, including the Vaporizer and Lamp, which should last a life-time, and a bottle of Cresoline, complete, 50c; extra supplies of Cresoline 25c and 50c each. Illustrated booklet containing physicians' testimonials free upon request. Vapo-Cresoline Co., 136 Union St., New York, U.S.A.

A ROBBER'S RECORD

Looted Church Poor Boxes and Vestries and Gutted a Great Store of Communion Cups.

Toronto, April 8.—The record of Peter Wheeler, the church robber, caught in the act yesterday, is a remarkable one. Over twenty churches have been looted within the last eighteen months, and in almost every case the contents of the poor box were taken. Wheeler also took anything of value in the vestries, and these thefts are being traced to him. He had a big collection of communion cups.

Boston, Mass., April 8.—The freshest conditions in the various rivers of New England, resulting from the copious rains of last week, did not improve today. The rivers continued to rise, and indications at nearly all points were that the record of the great floods of 1896 would be reached, if not surpassed. The absence of ice, which went out last week from many of the rivers thus far has prevented serious damage to property, but today the prospect of mill operatives were compelled to stop work, as factories could not be operated on account of the high water. Railroads and highways suffered from washouts.

Watford Guide: T. L. Swift and H. W. W. Taylor had good success pike fishing on Thursday afternoon. They hooked in a couple of hours they hooked eleven big fellows. Mr. Swift broke the spearing record, nailing four at one stroke. This may sound fishy, but is vouched for by reliable eye-witnesses.

Tilsburg Observer: There is no doubt that Mr. J. E. Weston is the champion egg buyer of this district. A feat he accomplished this week certainly entitles him to this distinction. He hustled around, and on Tuesday was able to ship 3,000 dozen, and had another 1,000 dozen ready to go forward Wednesday.

The body was brought to St. Thomas Saturday afternoon, and interred in the St. Thomas cemetery.

There died at 6:45 a.m. Saturday, Catherine Stewart, wife of Mr. James Dow, Mornington street, Stratford, and sister of Mr. Duncan Stewart, of North East-hope. Mrs. Dow had reached 90 years of age. A CUBAN CARTOON

Crucifixion With President McKinley and General Wood as the Thieves.

Havana, April 9.—The Discussion published an illustration having the title of "The Cuban Calvary," representing the Cubans in a Cuban soldier, being crucified between the two thieves, General Wood and President McKinley as the other. Senator Platt was represented as a Roman soldier, giving vinegar and gall in the form of the Platt amendment, while public opinion, as Mary Magdalene, was weeping at the foot of the cross. Below was the inscription: "Destiny will not reserve us a glorious resurrection."

Editor Senor Coronado was arrested, but was released on bail. On his solicitation, Gen. Wood allowed the Discussion to continue publishing the cartoon. The cartoon is a caricature of the Platt amendment, which is a subject of controversy between the United States and Cuba.

Loss of Appetite.

A person that has lost appetite has lost something besides vitality, vigor, tone. The way to recover appetite and all that goes with it is to take Food's Sarsaparilla, which strengthens the stomach, perfects digestion and makes eating a pleasure. Thousands take it for spring loss of appetite, and everybody says there's nothing else so good as Food's.

Prizes for Sugar Beets.

Interest in the sugar beet industry is increasing, and no doubt several beet sugar factories will be erected in this country next year, but we must have the co-operation of the farmers, as we have to look to our sturdy yeomen to produce the beets, and to the capitalists to furnish the wherewithal to build the factory. However, before we ask farmers to contract to grow beets, we want them to test the industry by growing ¼ or ½ of an acre this year, and to keep an accurate account of the cost per acre for growing the beets; we will then have them analyzed at the Experimental College at Guelph, and if the quality is up to or above the standard there will not be any trouble raising the money to erect a factory, if the farmers will contract to grow the beets. In order to encourage the farmers to grow the beets we offer about \$300 in prizes, ranging from \$10 to \$15, for beets of the best quality grown in the county of Middlesex this year. I have arranged for a full supply of the best imported German seed, which I can supply at 20 cents a pound. Those who compete for prizes must take their seed from me, as we want to know that your seed is good. You cannot grow good beets from poor seed. It is hoped that all who want seed will send in their orders soon. We will supply the seed to all who order it. If our farmers will grow the industry with a hearty good will, and grow beets like our American cousins, they will soon be out of debt and happy.

The twenty samples of beets we had grown in this county last year were far above the average. Every farmer in the country should grow a sample tract, until he knows he can grow the standard quality of beets. If we can grow 50,000 tons of beets in the county of Middlesex, that would mean about \$250,000 to the farmers, and a net profit of over \$120,000, after paying all expenses, including rent of land.

Send in your orders for seed as soon as possible, and strive for one of the \$15 prizes.

New York, April 9.—Mary Rivers, 18 years old, daughter of Mr. and Mrs. Charles W. Rivers, evangelists, of Jersey City, committed suicide Sunday by taking carbolic acid. The parents say they know of no reason why she should have ended her life.

How to Cure a Corn.

It is one of the easiest things in the world to cure a corn. Do not use acids or other caustic preparations, and don't make a hole in your foot. It is simply to apply Putnam's Painless Corn and Wart Extractor and in three days the corn will be removed without pain. Sure, safe, painless. Take only Putnam's Corn Extractor.

SCINTILLATIONS BEHIND THE SCENES.

"I want you to remember," snapped the leading lady, who had had a misunderstanding with one of the chorus girls behind the scenes, "that I'm the star in this play!"

"I know you're the star," returned the chorus girl, glancing at the slender proportions of the other, and shrugging her plump shoulders, "but you'd look better, my dear, if you were a little meatier."

DON'T ALLOW OPERATION FOR CANCER.

There is a Simpler, Safer and More Effective Method of Treatment.

Dr. J. C. Oliver, of Cincinnati, Ohio, U. S. A., in a paper he read before the Ohio State Medical Society, May, 1895, said: "I have operated in a considerable number of cases of cancer recently, and with one exception, all have died within fourteen months after the operation."

This statement of a prominent surgeon, should make anyone suffering from cancer hesitate before submitting to operation, and consider carefully the evidence offered on behalf of the new constitutional remedy, which cures cancers, tumors and all malignant growths, without the necessity of operation. It is a simple vegetable medicine that searches out and destroys the cancer growths, completely eradicates the disease, and at the same time builds up and invigorates the system.

St. J. J. Bowmanville, Ont., will be pleased to send full particulars of this treatment, in plain, sealed wrapper, to any sufferer, on receipt of two stamps.

RADWAY'S
PILLS

which will quickly free the system of all the above-named disorders.

DR. RADWAY & CO., NEW YORK:

Dear Sirs,—I have been sick for nearly two years, and have been doctoring with some of the most expert doctors in the United States. I have been bedridden in and drinking hot water at the Hot Springs, Ark., but it seemed everything failed to do me good. After I saw your advertisement I thought I would try your pills, and have nearly used two boxes; been taking two at night, and one after breakfast, and they have done me more good than anything else I have used. My trouble has been with the liver. My skin and eyes were all yellow; I had sleepless, dreary feelings; I was a drunken man; pain right above the navel, like as if it was bile on top of stomach. My bowels were very constipated. My mouth and throat were most of the time. Appetite fair, but food would not digest, but settled heavy on my stomach, and some few mouthfuls of food came up again. I could only eat light food, and that I could not digest. I send "Book of Advice." Respectfully, BEN ZAUGG, Hot Springs, Ark.
