## Thomas McCormick, Annie M. Purdy, Myrtle McEwen, Robinson Orr and Robin Thompson.

—It is announced that the annual retreat of the Roman Catholic clergy of the Diocese of London will begin at Assumption College, Sandwich, on the evening of July 10, and not of July 3, as had been announced. The change has been made to allow the exercises for the first Friday to be held as usual in the various parishes.

—The ADVERTISER says that the total sum of money subscribed by the ladies of London to the Princess May bridal present, amounted to \$5 and that was given by the wife of the mayor. The aggregate of the sums subscribed by the several towns and cities of Ontario less than London, reaches nearly \$600. What an amount of good that money might have done if given to the missionary cause.—[Mitchell Recorder.]

—The bride, who was the daughter of Mr. John McD. Millar, of Chicago, formerly of this city, was a pretty one, and the bride was charmingly attired. After receiving the congratulations of the assembled friends, Mr. and Mrs. Millar left for the west. They will make their home in Chicago.

The Hospital Trust met yesterday afternoon at 3 p.m. The auditors' quarterly statement of receipts and disbursements was received and filed. Mr. Burkholder will supply the drugs for the next quarter. Moved by J. the \$17 bequeathed to the hospital by Annie Winfield, a former patient, and who died in the hospital, be placed in the endowment fund. Carried. The superintendent's report showed that there were 80 patients in the hospital at present. The chairman here brought up the question of increased accommodation in the hospital, which, he said, was fast becoming a burning one. There are 60 patients now in the hospital. This is an unusually large number for this time of the year. It is almost as the winter approaches. This caused an important discussion of the trust board. It was questioned whether the present buildings should be added to or altered in any way. It was agreed that but for the financial view of the matter, the proper thing would be to erect new buildings on a new and more central site. The public, in times of sickness, appears to be looking more and more to the hospitals, and the number in the City Hospital at this season of the year, with new hospitals recently opened in Stratford, St. Thomas, Chatham, etc., is a serious fact. Should not the public provide the very best accommodation that money can procure for the sick? Is it not in the public interest that hospitals should be placed in the same footing as schools? These problems the trust could not decide, but regard them as of the greatest consequence. R. Lewis (chairman), Mayor Esery, Jas. Gilmour, T. H. Purdon and the medical superintendent were present.

## A Druggist Experiences 14 Years Steady Increase in the Sale of Royal Crown Remedy.

St. Marys, April, 1881.  
Some three years ago Isaac Williams' Royal Crown Remedy was introduced to me for sale; since then it has had a steadily increasing sale. It seems to give the best of satisfaction whenever used. S. FRAZEE, chemist.

St. Thomas, Aug. 14, 1879.  
Having been troubled with dyspepsia and general debility—my wife was also in very delicate health—I procured one bottle of Williams' Royal Crown Remedy. I found that it gave us both great relief. I take great pleasure in recommending it to the public. HUGH RILEY, M.D.
