MEETING A
QUIET ONE

Speaking Commences this After-
noon at Two o'clock—Candi-
dates Addressed Electors.

The Nominees.
Mr. J. A. McCandless, Labor.
Major Beattie, Conservative.

The nominations were very quiet to-
day, but two names, those of Major
Beattie, the Conservative candidate,
and Mr. J. W. McCandless, the nominee
of the Labor party, being put forward.
It was thought for a time that Mr.
Alex. Stuart, K. C., might run as an
Independent Liberal, but his name was
not submitted. He had his nomination
papers made out and signed, but he
decided at the last minute not to al-
low his name to be placed before the
electorate.

Small Attendance.
There was a small crowd at the
meeting.

The name of Mr. McCandless was
the first to be put in. He put up his
deposit of \$200, and named Mr. Jos.
T. Marks as his agent. This was
about 12:30 o'clock.

Major Beattie's papers were put in
shortly before 1 o'clock. He named
Mr. R. Bayly as his agent.

Not more than fifty people were
present when Mr. McCandless was
nominated, and not more than sev-
enty-five when Major Beattie's name
was given to the returning officer.

Both candidates addressed the elec-
tors at 2 o'clock. Mr. Ivey was
named as chairman. The crowd was
small, and not very enthusiastic.

Major Beattie spoke first.
The major's speech consisted of an
attack on the Laurier Government, in
which the usual charges were made.

WEATHER NOTES.

The pressure is very high this morning
over the Lake region, and an important
disturbance is situated in the Southwest
States.
The long-continued warm weather from
Ontario to the Maritime Provinces has
now given way to cooler conditions, and
the outlook is more disturbed generally.

MR. J. A. McCANDLESS,
Candidate of the Labor Party in
London.

MAJOR THOMAS BEATTIE,
Who Was Again Nominated by the
Conservative Party of London as
Their Standard-Bearer.

Mr. Frank Lawson for President

A general meeting of the Canadian
Club will be held at the city hall on
Thursday evening, to appoint a nomi-
nating committee for the election of
officers of the society.

Dr. John D. Wilson, the retiring
president, will not again seek the posi-
tion. It is expected that Mr. Frank

Lawson, at present first vice-president
of the club, will be selected to pre-
side over the luncheon.
Mr. Lawson has always taken a
deep interest in the affairs of the
club, and will make a creditable pre-
siding officer.
A number of luncheons have been
arranged for.

BALKAN ENEMIES
NOT MOBILIZING

The War Cloud Which Lowered
Saturday Has Once More
Been Dispersed.

London, Oct. 18.—The cloud which
lowered over the near eastern situa-
tion on Saturday has been dispersed,
leaving a more hopeful prospect for the
preservation of peace. Official denials
of the mobilization rumors from both
Turkey and Bulgaria are held to in-
dicate the success of the diplomatic
efforts of the western powers in Con-
stantinople and Sofia towards the set-
tlement of a difficult problem, and al-
though it becomes daily more clear
that the agreement entered into by
Sir Edward Grey, the British foreign
secretary, and M. Terehovsky, the Rus-
sian foreign minister, concerning the
proposed conference of the powers, is
not acceptable to Austria or Turkey,
and that prolonged and delicate ne-
gotiations must precede the assembling
of the conference, the belief in the best
informed quarters still is that peace
will be unbroken. A dispatch from
Sofia to the Times says that it is un-
derstood that Bulgaria is willing to
negotiate for the purchase of the Ori-
ental Railroad, either with Turkey or
with the company, for a sum to cover
the company's rights and Turkish pro-
prietary rights. This sum, it is stated,
will be divided between the company
and Turkey in the proportion of 55 and
45 per cent, respectively, as is now the
case with the receipts of the railroad,
exceeding certain guaranteed amounts.

TWO CANDIDATES IN
W. AND N. MIDDLESEX

Mount Brydges, Oct. 19.—Nomi-
nations for the Dominion elections will
be held here this afternoon at 3
o'clock. Mr. W. S. Calvert and Robt.
McLachlan will be the respective
nominees. It is not expected that
there will be a third candidate.

Alisa Craig, Oct. 19.—There is quite
a large crowd in town today to at-
tend the nominations for the Dominion
elections in the town hall. It is cer-
tain that Messrs. A. Smith and J.
Doyle will be the only candidates.

BAD BUSH BLAZE
BOTHERING BARRIE

Barrie, Oct. 19.—Bush fires are ra-
ging in this section, but so far have not
done much damage. Midhurst was in
the fire zone all day Saturday, but no
part of the village was injured. An-
other fire started near Crown Hill
from clearing operations on Saturday,
but it also was overcome. Dense vol-
umes of smoke are rolling across the
pine plains towards Angus from the
direction of Tilga, but as yet neither
village is in danger.

THE HAINS INDICTED.

New York, Oct. 17.—Indictments
charging Captain Peter C. Hains and
his brother, T. Jenkins Hains, with
murder in the first degree for killing
William E. Anns at the Bayview Yacht
Club last August were handed up to
Supreme Court Judge Garrettson to-
day by the grand jury in Long Island
City.

HE BURNED POSTERS
OF LIBERAL CANDIDATE

Acton, Oct. 19.—W. G. Gould ap-
peared before the public magistrate
this morning charged with stealing
and burning campaign posters an-
nouncing a meeting in the interests of
H. S. Harrison, Liberal candidate in
Haltoun. He pleaded guilty. He sub-
sequently paid damages and costs out
of court, and the matter consequently
has been dropped.

EARL GREY RETURNS
FROM TRIP TO WEST

Ottawa, Oct. 19.—Earl Grey return-
ed to Ottawa this morning after a
fortnight's holiday in the west. His
excellency was accompanied by Lord
Miles, who will leave for Toronto to-
day, but will return again and address
the Ottawa Canadian Club.

BURNED IN THEIR COTS

Overheated Stove Causes the Death
of Four Children.

Altoon, Pa., Oct. 19.—An over-
heated stove set fire to a dwelling-
house at Summit, a mining town ten
miles west of here, yesterday, and four
children lost their lives, while other
persons were probably fatally injured.

The dead:
Morris Delaney, aged 15 years;
Robert Nagle, aged 13 years; Joseph
Delaney, aged 9 years; Charles De-
laney, aged 20 months.

Mrs. Luke Delaney, mother of the
Delaney children, jumped from a sec-
ond story window, and was taken to
Johnstown Hospital, dying. Wilson
Judge, aged 16 years, had his leg
broken and was internally injured.
Mrs. Delaney, who was aroused by
the heat from the fire, opened her bed-
room door intending to rescue her
children who were asleep in another
room. She was confronted by flames
through which it was impossible to
pass, leaving her no alternative but to
jump to save her life. Besides being
injured by her fall she was severely
burned. The children were burned to
ashes in their cots.

A SERIOUS FALL.

Flesherton, Oct. 17.—Percy Trim-
ble, son of W. Trimble of the Park
House, was gathering beechnuts last
evening, when the limb he was stand-
ing on broke, throwing him to the
ground, twenty feet below. He fell
on his back and is in a serious con-
dition in consequence, being paralyzed
from the waist down.

INDECENT POSTCARDS.

Toronto, Oct. 17.—W. F. Renwick,
Fred Maddock, Wilson Benson and
Samuel Beeshorn were arrested yes-
terday afternoon in the continuation
of the police crusade against places
where indecent postcards are said to
be sold, and appeared in the police
court this morning. Benson
pleaded guilty. He was already in
custody and consequently was not
admitted to bail. The others all
pleaded not guilty and were released
on bail. As the crown was not ready
the cases were adjourned until Friday.

DETAINED BY FOGS.

Montreal, Oct. 17.—Five ocean steam-
ships are detained in port today on ac-
count of the fog and smoke which
render river navigation dangerous. All
should have sailed this morning, one
of them being the weekly mail steamer
for England.

Canadian Pacific Is Dissatisfied
With Interswitching Arrangement

Will Ask the Railway Commission
to Readjust Charges With
the G. T. R.

There is quite a lot of business
coming up at the council tonight, and
some of it is very important.

Among the communications is one
from the C. P. R., a copy of a request
made by the company to the railway
commission to readjust the charges
on the interswitching line. The C. P.
R. claim that they are getting the

worst of the transaction with the G.
T. R., and will appeal.

The city is notified of the appeal.
Tuberculosis Hospital.

A very large petition for a con-
sumptive hospital will be presented.
It has been signed by all the large
manufacturers, practically in the city.

The trouble on Carling street will
again be ventilated. It is thought,
however, that the council will not in-
terfere with rights that have been
granted for many years now.

An application for a grant will be
made by Mrs. J. W. Cockburn, widow
of Sergt. Cockburn, who was killed
in the Westman fire.

A MIGHTY DEMONSTRATION
TO SIR WILFRID AT OTTAWA

Ten Thousand Hear the Premier's Recital of Canada's Progress
Under the Liberal Administration and Splendid Results
Obtained By Various Policies.

Ottawa, Oct. 18.—The fellow-citizens
of Sir Wilfrid Laurier turned out en
masse last night, filled the huge Arena
Skating Rink with a cheering, enthu-
siastic crowd of between nine and ten
thousand, and made the campaign
meeting in the interests of the Prime
Minister and his running mate, Mr. H.
B. McGovern, the greatest political
demonstration in the history of the
capital. It was a striking evidence of
the hold Sir Wilfrid has on the esteem
and affections of the people of his home
city, and a compelling indication of
the fact that the voters of the capital
who get their political facts at first
hand the year round, appreciate the
Government's record of work and the
Opposition's record of talk at their
true values. Sir Wilfrid's eloquent
appeal for endorsement from his own
fellow-citizens was received with an
enthusiasm which leaves little room for

doubt as to the verdict of this city on
election day. Although somewhat
tired after a month of strenuous cam-
paigning, he announced that he was
still in excellent health and never felt
greater confidence of winning.

Nothing But Scandal.
The campaign, he said, had been the
easiest to fight of all his many battles
because of the playmate politics of his
opponents and the petty issues they
raised. Their whole stock in trade
was the scandal cry, and he devoted
a portion of his speech to showing the
baselessness of the charges made
against the Government as a Govern-
ment. One alleged scandal after an-
other had died a natural death. The
Ross rifle charges, which had taken up
so much of the time of the last session
of Parliament, had found a conclusive
answer in the verdict given at Bisley

Rev. Mr. Lanceley on News Gathering

At the New St. James Church last
night Rev. E. B. Lanceley, in the
course of a sermon on "Who Shall
Show Us Any Good?" said:

"There is a great deal more good in
the world than most people think.
There are about 48,000 people in this
city, and of that number about 45,000
are real good, honest law-abiding
citizens.
"If the papers which you will read
tomorrow were to tell you about the
45,000 people who are living thus, in-
stead of telling you all about the
divorces, the thefts, the uncharitableness,
and troubles of the other 3,000, it
would make an interesting story. If

we could clean those three thousand
undesirables who make all this trouble
out of our city, it would be a perfect
paradise. If we were to hear about
the men who paid their debts instead
of about the men who cheat, the men
and women who are living happily
together and fight and get into court,
or about the hundreds of horses that
never ran away it would be an up-
lifting influence. There is really far
more good than evil in the world, only
pains is given to give prominence to
all the evil or unusual happenings,
whereas the good passes by unnoticed
in many cases."

Two Candidates in East Middlesex

Dr. Routledge, of Lambeth, and Mr.
Peter Elson, of London Township, were
chosen as candidates to contest the
election in East Middlesex at a largely
attended nomination meeting held in
Pottersburg today.

The nominations began at eleven

o'clock, and long before that hour
farmers had driven in from all over the
district.

The nominations closed at two
o'clock, after which both Dr. Routledge
and Mr. Elson were given an hour to
speak.

GEO. BRENER SAYS
HE'S NOT GUILTY

Asked for Trial Without a Jury—
Comes Up Saturday.

George Brener today appeared be-
fore Judge Elliott in the county
judges' criminal court, pleaded not
guilty to a charge of housebreaking
and elected summary trial by judge
without a jury.

The case will be tried next Sat-
urday.

Brener is alleged to have broken
into the home of Mrs. Gray, 143 Elm-
wood avenue, on the night of Sept.
13. Mr. Marshall Graydon appeared
for Brener.

James Covey, recently fined \$20,
with the option of two months in
jail for wife-beating, also appeared
before Judge Elliott, and stated that
he could not furnish bonds to keep
the peace for one year as demanded
by the police magistrate.

Mrs. Covey appeared in court and
asked that her husband be given
another chance.

"If he does what is right all will
be well," said she. "If not, I shall
ask for a separation."
Covey was held in his own recog-
nizance for \$100 to keep the peace
for one year. Inasmuch as his fine has
not yet been paid, he will have to serve
the two months unless someone comes
to his assistance shortly.

FOUR CANDIDATES
FOR THE CAPITAL

Ottawa, Oct. 19.—Four candidates
were placed in nomination for Ottawa
today. Sir Wilfrid Laurier and H. B.
McGovern were nominated in the
Liberal interest, and Thomas Kirkett
and Dr. J. L. Chabot in the Conserva-
tive interest.

LOST IN AN AUTO

Wandered for Seven Days Without
Seeing a Human Being.

Salisbury, Rhodesia, Oct. 17.—Lieut.
Graetz, of the Prussian army, who for
months has been making an effort to
cross Africa in a specially constructed
automobile, has reached Wankles,
Rhodesia. He had a bad time since he
was last reported. He lost his way be-
tween Victoria Falls and Wankles, and
wandered for seven days without see-
ing a human being.

His worst experience was when he
was overtaken by a bush fire. The
whole plain was ablaze, and he was
soon surrounded by flames as high as
a house. He tried to dash through,
but soon the spokes of the automobile
wheels became entangled in the her-
bage, and were burned to the rims.
Lieut. Graetz's clothing and hair were
singled. He momentarily feared an ex-
plosion of his petrol and escaped with
his life by a hair's breadth. Later he
suffered terrible thirst in the arid
wilderness.

BATHING AT CONEY

New York, Oct. 19.—The sud-
den and unexpected reversal of
every meteorological precedent,
which has brought back sum-
mer weather at a time normal-
ly when furs and overcoats are in
active demand, resulted in
the reopening on Sunday of the
bathing pavilions at Coney Is-
land and Brighton Beach, and
the invasion of the sea by
hundreds of bathers.

All the amusement places
along the beach, which could be
reopened on short notice, were
thronged, and the entire
resort was gay with a crowd
on which summer dresses pre-
dominated.

AGED MAN FOUND DEAD IN WOODS
HAD BEEN MISSING THREE WEEKS

Children Beechnutting Came Across the Body of John Eedy, of
This City—Remains Located On the Premises of
Wm. Stanley, Near Granton.

John Eedy, a well-known resident

of this city, was found dead in the
bush of Wm. Stanley, a farmer living
near Granton, yesterday afternoon by
some children named Parkinson, who
were in the woods beechnutting.

Eedy was about 60 years old and
had been missing for three weeks.

During the summer he had worked
for Wm. Radcliffe, a farmer living over
and a half miles east of Granton.

About a month ago he announced

his intention of going to Thorndale,
and getting work for the winter.

He disappeared soon after and noth-
ing more was thought of the matter
until his body was found.

He is survived by his wife, who
lives in this city, and by one son, Mr.
C. F. Eedy, grocer, who lives on Gros-
venor street.

The funeral will be held on Tuesday
to Burr Cemetery, it having been de-
cided that an inquest is unnecessary.

Former St. Thomas Man in the West
Says Knows Actors in Bomb Outrage

New Turn to Recent Mysterious
Explosion at Railway
City.

A dispatch from St. Thomas states
that Allan Binns, a former resident of
St. Thomas, has been arrested in San
Francisco, charged with attempting to
blow up the residence of a medical
man in that city. He placed several
sticks of dynamite at the rear of the
doctor's residence, it is said, but it
was discovered before any damage
was done.

Binns wrote to Chief Armstrong, of
the St. Thomas police force, acknowl-
edging that he knew the party who at-
tempted to blow up the residence of
ex-Licence Inspector McLellan in St.
Thomas, a few weeks ago. A bomb
was placed at the door of the inspec-
tor's residence, composed of powder,
scrap iron and other materials. Little
damage was done.

The case was placed in the hands
of Inspector Reburn, of Toronto, and

as a result the information is now
given that Binns knew of the occur-
rence.

The letter does not reveal who were
the perpetrators of the outrage. Binns
states that he knows who did it, and
will reveal the names. He claims that
an old grudge against McLellan is at
the bottom of the act.

Binns is thought to be demented. He
lived in St. Thomas many years ago,
and went west, where he met with an
accident, and was treated by the phy-
sician whose residence he attempted to
destroy. He claims that the doctor
did not do a good job when he was in-
jured. Binns was in St. Thomas a
short time prior to the attempt to blow
up McLellan's residence, being regis-
tered at the Columbia Hotel as A.
Howard. He left for London a day or
so before the consummation of the
plot, going from here to the west.

No effort will be made to extradite
Binns, and he will be tried by the
American authorities. He states his
willingness to return when the case
against him in San Francisco is dis-
posed of.

Forty Ontario Seats Says Mr. Graham

Toronto, Oct. 18.—Hon. George P.
Graham, minister of railways and can-
als, arrived in the city today after a
series of meetings in Northern On-
tario.

"There is only one result there can
be," he said, in answer to the inquiry
as to the outlook for October 26. "The
Government is perfectly safe."

"What about Ontario?" he was asked.
"Some Conservatives are predict-

ing that Borden will have 50 of a
majority, which would mean that only
18 Liberals would be elected."

Mr. Graham smiled. "We'll have 40
seats or over, at the least," was his
answer. And he said it as though he
knew what he was talking about.

Mr. Graham will speak at Whitby,
will attend his nomination meeting in
Brookville on Monday, and will spend
the rest of the week at more meetings
throughout the Province.

Milk Dealer Was Fined in Court

R. J. Worrall, a milk dealer of Lon-
don Township, was fined \$5 and \$2.85
costs by Magistrate Love this morning
on a charge laid against him by Medi-
cal Health Officer Hutchinson of sell-
ing impure milk.

The sample of milk was furnished
by Chief Williams, at whose house it
had been left.
Dr. Hutchinson, after examining it,
found that it contained impurities. Mr.
Worrall, after hearing the evidence,
withdrew his plea of not guilty and
paid his fine.

A Police Raid.

On Saturday night the police made
a raid on Richmond street and arrest-
ed three young men who were found

place gambling. The keeper of the
place and two frequenters pleaded
guilty. The keeper was fined \$25 and
costs and each of the frequenters \$5
and costs.

Poor "Bill" Again.

William McKenna, who was given
until today to get out of town or else
go to the central for six months, was
gathered in on Saturday night in a
reluctantly drunken condition. He is
at present in jail sobering off, and when
he comes up will be sent down for six
months.

Delbert Botterill, for being drunk,
was fined \$10 and costs, and Patrick
Quinn, in a similar charge, was fined
the same amount.

The London Meat Inspection Laws

The question of meat inspection,
which has again been brought to the
attention of the council by the request
of the Guelph City Council to co-op-
erate with them in securing amend-
ments to the laws at present existing,
will not result in any definite action.

All that the Guelph Council asks
has been done by the city council,
and more.

Several requests from the city coun-
cil have been sent to the Government,
and they will be taken up at the next
session of the House.

In addition, the amendment of the
city of London permitting the city to
allow a private company to establish

an abattoir in the city under city con-
trol will also come up at the next
session.

There is a company prepared to
build an abattoir, which, when com-
pleted, will guarantee a perfect in-
spection of the meat supply of the
city.

"What we need is an abattoir," said
Ald. Greenlee this afternoon. "We
need one badly. That will guarantee
us good meat. We sent a request to
the Government some time ago, ask-
ing that we be given the privilege
to allow a private company to estab-
lish an abattoir here, and I expect
that our request will be favorably
considered."

Sunday Was a Real Summer Day

The thermometer on Sunday came
within a degree and a half of regis-
tering the highest point in October since
1897. Last Thursday 81.5 was reach-
ed. Sunday the highest registration
was 80, and the lowest 45.5.

Sunday at noon it was hard to

realize that it was not midsummer.
Straw hats were numerous, and fall
overcoats were at a discount.

The local parks were well patron-
ized, and almost everybody was out
enjoying the excellent and unusual
October weather.

FOREST SCHOOL GAMES.

Forest, Ont., Oct.
