Juniors to Play Intermediates

For City Rugby Championship

Two Local Teams to Clash Next
Monday Afternoon.

As a result of an argument as to which is the better team, the London junior and intermediate Rugby teams will meet Monday afternoon at 2 o'clock to settle the city championship. This is the first time in many years that such a contest has been played in London, and the stands should be packed on the occasion.

Bobby Yohn will play on the junior team, and it is reported also that Grafton may line up with them. With these players on, the juniors ought to give their heavier opponents a great battle.

The juniors are not a bit backward in predicting a victory for themselves. The battle will be a most interesting one, no matter which side wins, for all of the players are local boys, and are well-known to every Rugby fan in the city. The admission to grounds and stand will be 25 cents.

CURRENT SPORTING GOSSIP

BY SOUTHPAW

THE ADVERTISER bowlers will tackle the Grocers again a week from Monday, and in order to have a light workout previous to the game, they challenge the Free Press athletes to a game of tenpins on Wednesday evening next at the Ideal alleys.

GET YOUR TICKETS for Bennett's big hockey benefit from the players, the management of the team, or St. John's Athletic Club.

"POP" BICE predicts that the juniors will get a good spanking when they clash with the Intermediates Monday afternoon. One Mr. Wilson, however, replies by intimating that "Pop" will have less thought-dome covering than he now boasts of when the dust—or the snow—has settled.

VARSITY HAS BEEN coming along fast, and with Grafton and Yohn out for business, it looks as though the Intermediates will have to work every second to nose out a victory. It'll be a great battle anyway.

THE HAMILTON SCRIBES are still banging away at one another, and from here it looks like a case of "take your pick." "Spec's" bad boy is in wrong, though, on that interprovincial official business. He's a too-happy-go-lucky kid for the job.

AS EVIDENCE of this fact it need only be cited, that although one day remains to decide the question, the local juniors do not know whether they are to play tomorrow at Strathroy or in Halifax. Strathroy people, it is said, declare that they will have anything that looks like a Petrolia or London football player arrested on sight. Besides, The Advertiser can state on good authority that the Strathroy grounds cannot be procured.

THE NATIONAL ALLEY BOWLING TEAM, of London, wants to know just where, when and how the Hamilton trundlers get off. "They have some few face-muscles in the rugby line down there," said "Manager Mike" today, "but when we challenged the best they had in a bowling way we were greeted with a silence as intense as that permeating the Bryan camp at present."

Wake up, you Tigers!

Team in Good Shape for the Argos

If London does not defeat the Toronto Argos tomorrow there will be some surprised fans hereabouts.

The intermediates leave via the C. P. R. at 8:30 Saturday morning for Toronto, and they will take with them a fast team.

The line-up will be somewhat as follows:

Full, Heal; halves, Wilkins, Sage and Routledge; quarter, Corcoran; outside wings, Moore and Baker; scrum, Smith, Marshall and J. Routledge. The

other positions will be played by some of the following players: McColl, Bice, Strathroy, De Winton and Wright.

"Tim" Corcoran, the brainy little quarter, stated today that the team was in excellent trim, and capable of giving any of them a stiff argument, even without the services of Yohn and Grafton.

"Wilkins is coming up strong," said Corcoran, "and the rest of the boys are improving every day. Watch our smoke tomorrow."

Longboat May Get Trimmed
In His First "Pro" RaceDeerfoot II., the Apache Wonder,
Is Credited With Five Miles
in 24:52

Toronto, Nov. 6.—The Star says: Tom Longboat's first opponent in the professional game will be Matthew Deerfoot, an Apache Indian, said to be a relative of the famous Deerfoot.

If this young wonder from out of the west can put within a minute of the time he is credited with he will make Tommy Longboat look like a spavined crab, and if he beats him it will be your Uncle Thomas under the sink with the rest of the pipes. His \$20,000 fortune will have disappeared like mist before a squall.

This young Deerfoot, from out of the west is credited with rambling five miles so fast that he makes any of the Onondaga's five-mile records look like a dead march at the old soldiers' home.

Five in 24:52.

Western men say Deerfoot has rambled 100 miles in 24:52.

Alfie Shrubbs' world's record for five is 24:22-5, made in 1904.

The professional record has stood since 1883. It is 24:40, and J. White is the holder.

Longboat's best five miles was made at the C. A. A. U. championships at Halifax, where he ran in 26:05.

He is credited with 25:30 indoors at Belleville, but he didn't do it. The distance must have been half a mile shy, because the Indian is notoriously a poor merry-go-round performer. Between 26:05 and 24:52 there is a quarter of a mile, and a quarter of a mile

is a terrible trimming at five miles.

Of course, no one has yet chased the Indian hard for five miles, and so there is no real line on him, but he is not now in shape for a gruelling five miles, nor can he get there in time for this Buffalo race with Deerfoot if it comes off on Nov. 13.

Chicago Dope.

The Chicago dope about Deerfoot II. is interesting. Here it is:

"Matthew Deerfoot, said to be a relative of the famous Deerfoot, the great Indian runner, arrived here from Colorado en route to New York, where he proposes to issue a challenge to the Italian runner, Pietro Dorando, who is expected in the metropolis soon. Deerfoot, who is said to be a greater distance runner than Shrubbs or Longboat, is being sent east by a syndicate of western mining men, who are prepared to back him heavily against any professional runner in the world. Young Deerfoot, who is twenty years old, lanky in build, and with all the characteristics of the distance performer, is thought to be one of the best runners ever produced in the west. He has beaten many good men in the events in which he has competed, but little has been heard of him in the east. His record in Indian races in his native states is remarkable, according to report. Recently he ran five miles in competition in 24:52, which, if authenticated, is a very fine performance.

Confident of Victory.

"The western Indian while east will probably not only turn his attention to Dorando, but will try to inveigle Shrubbs and Longboat into matches, which he believes he can win."

Meanwhile the headstrong Indian

FINAL SOCCER
GAMES MONDAYNorth End Meets Chelsea and
Queens Plays Asylum.

There will be no soccer games tomorrow, but on Monday the final games of the season will be played, when the North Enders and the Chelsea teams clash at Carling's Heights, and the Queens' Park and Asylum teams get together on the Asylum grounds.

The first game will be played at 10 a.m. and the second at 3 p.m.

The North Enders have so far been the king-bees of local soccerdom, having yet to lose a contest. Chelsea is the league tail-end, but has strong hopes of winding up a bad season by trimming the leaders. Hard luck has been largely responsible for the bad showing of Chelsea, which has lost the services of a number of goalkeepers who could not get away from their work top lay.

The weather will cut no figure in the soccer games, which will be played if it is raining snowballs. Alf Hogg, one of the finest of the soccer players at Carling's Heights, and is certain to keep the boys moving all the way.

The second contest will prove as fast as the first one, and a good crowd will doubtless be in attendance.

While I would prefer Longboat, I will only be too anxious to run Dorando or Hayes, provided they can find time to absent himself from his theatrical engagements."

HOCKEY BENEFIT
AT BENNETT'SNo "Pro." Hockey in London
This Winter—Better
Accommodations.

The tickets for the hockey club benefit to be given at Bennett's popular vaudeville house the week of Nov. 16 and 17 can be procured at the following places:

St. John's Athletic Club, the management of the London Intermediate Hockey Club, or the players themselves.

The club will receive a percentage of all tickets sold at the places mentioned, and local hockey fans who have the interests of hockey at heart will purchase tickets.

As usual the performance will be a high-class one, and those who attend will be treating themselves to an excellent vaudeville performance, besides assisting local sports materially.

No "Pro." Hockey.

It has been settled now that pro hockey will not be given an opportunity of obtaining a foothold in London this season. A junior team may be encouraged, although this is by no means certain, providing that a city league is formed. London needs either a city league or junior hockey to develop players.

The improvements on the rink will begin at once, and by the time King Winter arrives with ice London will have to all intents and purposes a new rink.

Arrangements are being made to do away with the high railing in front of the gallery, which will be tilted, so that a good view of the game can be obtained from any angle.

London last year enjoyed a hockey boom, but it will be tame in comparison with the coming season, which is likely to excel all records in point of attendance. Londoners will pay to see good hockey any time, and especially when suitable seating-accommodation is provided.

MR. BRENT RESIGNS
FROM THE C. A. A. U.

Owing to business reasons Mr. Stanley Brent, of the local Y. M. C. A., has resigned his position as commissioner of the C. A. A. U. in this district.

Mr. Brent has given entire satisfaction in the office, but owing to slight differences which have sprung up with a few local athletes, decided to give way to someone not so prominently connected with local athletics.

INDOOR BASEBALL
AT THE ARMORIES

Two games of indoor baseball were played at the Armories last night, the winners being the Buglers and A Company, over G Company and E Company; 15-9 and 14-7 were the respective scores.

The teams lined up as follows:

Buglers—Callahan, Allport, McColl, McCrimmon, Brodson, Ball, Wilson, Smith, O'Connell.

G Company—McQueen, Patterson, Anderson, Hayes, Dobbs, Baker, Stinson, Allport, Monahan.

Umpire—Jeffries.

E Company—Hunt, Treleven, Gold, Egerton, Pope, Kingsmill, Watt, Dobson, Raymond.

A Company—Walker, Nichol, Tice, Callahan, Langley, Owens, McGuire, Greer, McCoombe.

Umpire—J. Jeffries.

ELEVEN YEAR OLD
BOY RUNS 6 MILES

Halifax, N. S., Nov. 5.—The students of St. Mary's College had their first big road race on Saturday. The distance, six miles, was covered by the winner, Frederick McCafferty, in 40 minutes. Lester Skinner secured second place, only two yards separating first and second. John Quinn was a good third, was only one minute behind McCafferty. The feature of the race was the running of Alfred Mackasey, a boy of only eleven years, who covered the distance in 43 minutes, and ran with grit and style, which might be imitated with advantage by many of our adult Marathon competitors.

CURLING.

Ayr, Nov. 5.—The following officers were elected at the annual meeting of the Ayr Curling Club held tonight: W. Lounsbrough, president; H. M. Lay, vice-president; Jas. G. Fair, secretary-treasurer; W. Ramsay, R. McGee, E. Whitson, managing committee; John Goldie and Geo. Graham, representatives to association meeting in Toronto.

PITRE AND ROSS
JOIN MONTREAL

Montreal Nov. 5.—With the signing of Pitre and Ross, which will probably take place today, Montreal will have the nucleus of a pretty strong hockey team. It is asserted now that Ross will bring Glass and Johnson with him to Montreal ranks along with Small. If these predictions are carried out, there is no doubt about the strength of Montreal's team this winter. National Hockey again applied for admission to the senior hockey league, but the outlook is not bright, as they have no players outside of Laviolette and Gauthier.

THE TISER DEMONS
LOSE TO GROCERS

The mighty bowling Demons have fallen at last. Last night The Advertiser Newsroom team essayed to defeat the Grocers without aid from the editorial department, and as a result the vendors of cheese, turnips and tomatoes proved victors in two out of three games.

Next time!

BILLY PAPKE
BEGINS TRAINING

San Francisco, Cal., Nov. 6.—Believing that exactly three weeks' solid work will fit him exceptionally well for his fight Thanksgiving Day with Stanley Ketchell, Billy Papke today began the first of his stunts, picking up the work at San Rafael.

Three days will be devoted to light work, and by that time the middleweight champion will be prepared for the roughest sort of training. He is going in for rough work, as he intends to make a rushing fight of his next meeting with Ketchell. He is satisfied that the former champion's heart was broken in their last meeting, and that he will not be able to weather another storm like that.

Ketchell's manager is still grumbling about the conditions of the match and the impression is becoming widespread that Ketchell will find it impossible to make the middleweight limit in time for the engagement. This is denied by the Ketchell party, but they are making many objections that it looks as if the match might finally be declared off.

SOX PLAYERS ARE
LISTED INELIGIBLE

Cincinnati, O., Nov. 5.—For participating in ball games with the Logan Square Independent Club, in Chicago, which is in violation of the rules of the national baseball commission, nine players of the Chicago American League Club have been placed on the ineligible list, by a ruling promulgated by the commission today. The players upon whom the ruling is made are: White, Atz, Donohue, Elene, Smith, Altrock, Purcell, Owen and Roth.

Several weeks ago members of the Washington American League Club and the Minneapolis and the Milwaukee clubs, American Association, were placed on the ineligible list for playing against the same independent club.

The clubs having title to the players against whom rulings were made, have been requested not to enter into any contracts with any of them until the ineligibility shall have been removed.

Stanfield's Underwear

(Chapter 6)

Cutting
and
Sewing

After the best wool has been selected, washed, shrunk, combed, spun and knitted—the pure woolen fabrics go to the cutting room. Just as the tailor and dressmaker cut out garments by hand, so in the Stanfield mills, all the cutting is done by hand.

Some Underwear is cut out by machinery. Now, we have machines which do what human hands can't do. 18 of our spinning machines spin as much yarn as 16,546 spinning wheels. 88 of our knitting machines knit as much underwear as 17,234 women with needles—and do it without a dropped stitch or broken thread.

But we have never seen a machine that could cut out cloth as well as it can be done with shears in the hands of a skilled cutter. This is why Stanfield's Underwear is cut by hand.

On the other hand, all Stanfield's Underwear is sewed by machinery. It is quicker and better, because the sewing machines are run by electricity and because they sew inter-locking stitches, which make it impossible for seams to ravel.

As fast as garments are completed, they go to the laundry, to be washed by being revolved in big machines for an hour to determine that they are absolutely unshrinkable. Then each garment is tested on models—which range in size from 22 to 70 inches chest or bust measure—and its size thus exactly determined.

When you buy Stanfield's Underwear, you know that you are getting Underwear

—made of the purest, strongest wool
—that can't rip or ravel
—that won't shrink or stretch
—that fits perfectly
—that wears longer.

Your dealer has all sizes and weights or can easily get them for you.

BOSS SULLIVAN
RESIGNS POSITION

New York, Nov. 6.—James E. Sullivan, president of the Amateur Athletic Union, yesterday declared his resignation from that office. Sullivan has served his term of office, and is not seeking a third.

It is unknown how he will spend his spare time in the future. For the last quarter of the century Sullivan has had an active career in the cause of amateur sport, and has acquired himself with distinction. He has filled every office in the National A. A. U.

It is as though his policy that the association was transformed from a hopelessly penniless body a few years ago to a state of financial independence today.

Charles H. Carter, of the Boston A. A. U., of Boston, Mass., is the man most favored to fill Sullivan's shoes. He is one of the board of governors of the A. A. U., and has a wide knowledge of all divisions of the sport.

TWO MONTHS RACING
AT NEW ORLEANS

New Orleans, La., Nov. 6.—Announcement was made last night that New Orleans would have two months of racing this season. Manager Jack Lovocano, of the Louisiana Driving and Racing Association, said that no form of betting prohibited by the Locke bill, would be tolerated.

The races will start on Thanksgiving Day.

THE HOME OF
RUGBY PLAYERS

Jack Corkery, on the half line for Ottawa College; Ben Simpson, on the back division of the Hamilton Tigers; Murray and Hal Kennedy, half backs for Ottawa Rough Riders; Allan Campbell, playing quarter for T. No other town in Canada can make anything like that showing.—Peterboro Examiner.

NATIONAL LEAGUE
SLABSMEN LEAD

"Christy" Mathewson, of the New York Giants, by virtue of winning 209 out of 312 games he had pitched in eight years, leads all pitchers in the big leagues in the figures.

Sam Leever and Addie Joss are tied for second place. Leever, with 10 years' experience, and Joss, with three less. Both have a percentage of .655, 14 points less than the Gotham slab star.

The real leaders are Young, Griffith, and Nichols. Although Griffith and Nichols are not now pitching, they were in the game recently enough to fairly claim representation in such a table. Young's record is remarkable, especially so when it is considered that for many years he was with a team that landed very low down on the column.

In considering such a table, it is to rely largely on his support. A pitcher with a weak team behind him never has the same chance to make a record as the pitcher who is properly backed up by eight other men.

A pitcher's ability can never be judged by his winning average, and the custom of so doing is a most inexcusable one. Nevertheless, this table is given for what interest it may possess. It is not complete, but contains

STALLINGS FOR
FARRELL'S TEAM

New York, Nov. 6.—The announcement was made yesterday by Frank J. Farrell, president of the New York American League Baseball Club, that he has appointed George T. Stallings to manage his team next year. Stallings had charge of the Newark, N. J., club of the Eastern League last season. The announcement said that Stallings' control of the team would be absolute.

HOCKEY.

Paris, Nov. 5.—The Paris hockey club held a meeting last night and elected officers as follows: President, D. Sinclair; first vice-president, Dr. Lovett; second vice-president, O. B. S. Messrs. Ryder, Beaton, Bell and Hodgins, of Toronto, have challenged the Tecumseh Whist Club for the Hay trophy offered by the Canadian Whist League.

The challenge will doubtless be accepted as soon as the coming Thanksgiving Day tournament is over.
