LONDON AND DISTRICT

Lad Improving.

Little Robert Beamish, son of Mand Mrs. Beamish, of 221 Richmond street, who was so badly scalded when boiling coffee accidentally fell on him on Thursday, is improving steadily.

on Thursday, is improving steadily.

Spat on Sidewalks.

Seven citizens who expectorated on the sidewalks were brought before Police Magistrate Graydon yesterday morning and were fined \$1 85 each for the offence. Four men who rode bicycles on the sidewalk took the same sentence.

Eye Injured.

Lorne Kibbler, the North End lad whose eye was injured by an arrow shot by a companion some time ago, is improving. He will not lose the sight of the eye altogether, it is said, but the vision will not be as clear as it was prior to the accident.

er caught fire. The damage was

slight.

New Driveway.

A driveway from Wonderland to Springbank is the latest proposal, For some time Commissioner John Marr has long advocated that a boulevard drive be built from Wonderland down drive be built from Worderland down through the park. "It is a lovely spot," he stated. "I think that if we had a driveway of that kind, it would add greatly to the beauty of the park and improve it in every way." The rest of the commissioners are coming to Mr. Marr's way of thinking on this matter, and if the cost is not excessive, it will probably be built. Mr. Marr and Mr. Glaubitz, the superintendent, will look into the matter of cost at once, and report to the board which will take the matter up.

MORE MONEY NECESSARY TO CARE FOR POOR

The Cost of Living Has Greatly Increased During the Past Few Years.

At the meeting of the finance committee held yesterday afternoon, a request was presented from the Woman's Christian Association, asking that they be paid \$3.00 a week for the care of the aged poor, instead of \$2.50, the present grant. It was pointed out that the cost of living had increased greatly during the past few years, and the management of the home found it impossible to maintain the institution at the present figures.

On motion of Ald, Richter, it was decided to have City Auditor Jewell and Inspector McCallum look into the matter, and report back to the committee. Some of the aldermen thought that the price was sufficiently high at the present time.

the present time. City Clerk Baker reported that it was impossible for him to attend all committee meetings, and suggested that Mr. Herry Bennett be made assistant account. sistant secretary of committees. This

was done.
Those present were Ald. Eckert, chairman; Ald. Richter, Ald. Stevenson, Ald. Bennett, Mayor Beattie and Secretary Baker.

COAL CEMENT **CHAR COAL**

BYLAW TO PROHIBIT **EXPOSURE OF FOOD**

Deputation Waited on Board of Health in Regard to the Matter.

Matter.

The board of health, at its meeting last night, was requested by a deputation from the Woman's Canadian Club, the Union Mothers' Club and the Council of women to have a bylaw passed prohibiting the insanitary exposure of food in front of stores. They also requested that some steps be taken to insure the establishment of a garbage system in the city, and asked that the board of health take steps to abolish the drinking cup, particularly in schools.

Mrs. Yarker was the first speaker. She stated that the Council of Women and the other organizations were present to protest against the way in which food was exposed for sale in some of the stores. It was unhealthy and insanitary, and should be prolibited. Several years ago the same request was made, but no heed was paid to it. Mrs. Yarker expressed the hope that the board of health would do something.

The Dangerous Files and the death of the dust, which is a matter of great importance to the residents of that importance to the residents of that importance to the residents of the dust, which is a matter of great importance to the residents of that importance to the residents of the dust, which is a matter of great importance to the residents of that importance to the residents of that importance to the residents of the dust, which is a matter of great importance to the residents of that importance to the residents of that importance to the residents of that importance to the residents of the dust, which is a matter of great importance to the residents of the dust, which is a matter of great importance to the residents of that importance to the residents of that importance to the residents of that importance to the residents of the dust, which is a matter of great importance to the residents of that importance to the residents of the dust, which is a matter of great importance to the residents of that importance to the residents of the dust, which is a matter of great importance to the residents of that importance to the residents of that the board of the du

some.

Mis. Irwin, of the Mothers' Club, regretted that the citizens voted down the
garbage system. There was no question
but that it was badly needed in the city
of London.

The election of onicers resulted actions:

Treasurer—Dr. W. A. Young, Toronto.

field.

They are greatly encouraged by the evidences that Christian bodies are feeling their way toward better relations with one another. This felious slip was denoted especially by resolutions adopted by the Students' Federation Conference in Constantinople, in which nearly all the Christian bodies working in Europe and in the Near East were represented. Mr. Mchee found waiting him in London, a signed photograph of the Czar as a souvenir of the two hours' talk at the palace.

Mr. Mott and Mr. McBee probably will have a special audience with

favor artificial efforts to legislate churches into organic Christianity, but are convinced that promotion of the apirit of toleration and fellowship will open the way for the reunion of Christendom.

SUGGESTION REGARDING KING ST. PAVEMENT

How the "Rocky Road" May Be Made Passable and Dustless at Small Cost.

A most interesting article on "Rejuvenating Macadam Roads With Oll,"
written by Mr. Francis Buzzell, son of
Mr. F. C. Buzzell, the American customs officer here, is to be found in the
January issue of Popular Mechanics,
a well-known magazine, of which Mr.
Buzzell, jun., is assistant editor. He
is a warm advocate of this system of
preserving roads, and while in London
last week, he discussed the question
with many prominent citizens, urging
them to have the system adopted in
London.

automobiles.

The cost is borne by the city and the property-owners. The average for the place is 40 per cent, by the corporation, and 60 per cent, by the property-owners.

property-owners.

The cost of this work varies from 2½ to 5 cents per square yard. A comparatively small amount is at the high figure, and then generally for the first application.

garbage system. There was no question but that it was badly needed in the city of London.

London a Model.

"London should be a model for the other cities," she declared. "I am afraid that she is not. The infant mortality is the city of London is greater than in New York or in London, England. That the city of London is greater than in New York or in London, England. That the city of London is greater than in New York or in London, England. That the city of London is greater than in New York or in London, England. That the city of London is greater than in New York or in London, England. That the city of London is greater than in New York or in London, England. That the city of London is greater than in New York or in London, England. That the city of London is greater than in New York or in London, England. That the city of London is greater than in New York or in London, England. That the city of London is greater than in New York or in London, England. That the city of London is greater than in New York or in London, England. That the city of London is greater than in New York or in London, England. That the city of London is greater than in New York or in London, England. That the city of London is greater than in New York or in London, England. That the city of London is greater than in the city of London in the dead of the control some quarter of a gallon per square sard, which is but 5 cents per front foot on each side. At this figure, and the great is but 3 feet sigure, if the actual road surface is but 30 feet work wo

mudless, while unoiled roads, dusty before sprinkling, are muddy after-wards. Water sprinkling aids in wear-ing out road surfaces, while oil re-builds."

time required for brewing Red Rose Tea; and the result is a beverage of matchless flavor and satisfying strength. The verdict of your family will be that
