Change Not Wanted.

Montreal, Sept. 30.—Speaking for the Province of Quebec, La Presse says that Quebec does not want any part in the proposed modification of the B.N.A. Act, with a view to give to the smaller provinces a larger representation in the House of Commons. The French daily concludes thus: "When we sign a just and equitable arrangement, we are ready to support the consequences without complaint."

On a Hunt For Himself.

Mr. Rodolphe Forget, M.P., the well-known Montreal financier, is telling a story of Murray Williams, a financial editor of the Star of that city, which is convulsing St. Francis Xavier street. Mr. Williams came over from Liverpool recently on the Laurentic, on which Chief Inspector Dew, of Scotland Yard, was traveling in order to reach Father Point after the Montreal, which had on board Dr. Crippen and Miss Le Neve. No one but Captain Hayes, of the big White Star liner, knew that the quiet unassuming man who joined heartily in the deck games and saloon concerts was the well-known London sleuth. Naturally the conversation of the passengers frequently turned to the crime which had set England by the ears, and the Liverpool papers which came on board the day the Laurentic sailed intimated that Inspector Dew was to be a passenger. There was much speculation as to which passenger was the Scotland Yard man, and Mr. Forget says that Mr. Williams was quite unaware that his stateroom mate was the well-known detective.

One day when bridge had palled and there was not enough energy in the smoking-room to get up a pool on the day's run, Murray Williams said to Hurst, his room mate, "Say, old man, let's go all through the ship and try and find that fellow Dew."

And for two hours after that Inspector Dew engaged in an exciting hunt to find himself.

Fall Housecleaning

Generally at this season of the year the busy housewife directs her attention to the Fall Cleaning, new paper, new colorings are talked of. The tapestry, curtains must harmonize with the other decorations. If they have become faded and look lifeless just send them to us, and we will dye them a new shade, or if just a little cleaning would aid in their appearance we can do that also.
