DON'T SUFFER

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment,
made with oil of mustard. Better than
a mustard plaster and does not blister.

Many doctors and nurses frankly
recommend Musterole for sore throat,

bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneu-monia). It is always dependable.

Realizing That Healing Work of Church Yet Possible

PROF. HERING LECTURES structible.

Tells of the Doctrines Christian Science Church

Lecturing in the local church last night on Christian Science, as the scithinking people of to-day are beginning harmonious sense of existence.

Prof. Hering's address follows "To-day many thinking people are be- its truth. inning to see as they have not seen is termed matter; and all this in spite longed-for goal, the demonstrable work-of the bias of materialistic thought ing understanding of the Christ-method, ing understanding of the Christ-method, which declares that any existence apart with unmistakable signs following." rom the material cannot be conceived. It is encouraging that Christian peoples are beginning to awake out of their sleep and to assert their right to the freedom and harmony of the children

'According to the Scriptural accounts the healing wrought by the Master and his disciples was accomplished through nental or spiritual means alone, that through some action of thought. Christian Science healing is brought about in the same way. In both, the healing principle and law are mental, ually buy." and knowing this, we are led to examine into the nature of mind and

nind action. "Mind is evidently much more than mere human thought or limited con-sciousness since it includes the cause and phenomena of all existence. Christian Science teaches that mind is the nfinite consciousness which expresses tself as ideas and constitutes all being the intelligence and creative principl and substance of the universe; the basis of all manifestation and right thought "We can thus distinguish between

the real mind, the infinite, spiritual, mmortal consciousness which expresses itself in perfect, indestructible, har-monious ideas, and the mind which in-cludes the belief in matter, evil, limi-tation, disease and death. This latter therefore is not real mind, but a false St. Paul terms 'the carnal mind which is enmity against God,' in other words, God's unlikeness or opposite. Paul also writes, 'To be carnally minded is death; but to be spiritually minded is life and This carnal mind Christian Science further defines as 'mortal mind,' since it includes all that is sick, sinning, discordant and mortal. It is the inversion or counterfeit of the imcharacteristic is finity as opposed to infinity; therefore, since all that is real some scheme of co-operative marketing is infinite, all that is finite is unreal, and these unreal beliefs of the carnal interested. mind have neither place, presence, not power, any more than has the school-boy's erroneous belief that two times two make five. It is simply a false con-

cept. It has no existence. "Mrs. Eddy's supreme declaration this, that there is one infinite Mind which is wholly good, perfect, indestructible, immortal. This infinite, absolute omniscient, omnipresent, omnipotent Being is the incorporeal Father-Mother God whose true nature is revealed through Christian Science. This divine actuality is the scientific basis on which all Christian Science healing is demonstrated, the divine Principle whose everpresence is utilized in the ming of sin and sickness, through the available transforming power of the

Christ, coming to the human conscious-"Christian Science explains the true nature of the divinely created man, as not the man created of the dust of the ground, but as the image and likeness of God, the man whom God pronounced good and to whom He gave dominion

over the earth.
"The perfect nature of God and the real man was revealed to Mrs. Eddy. The Scriptures spiritually understood reveal this truth, and Mrs. Eddy first stated it in scientific and metaphysical terms which, when understood, make stence—perfect God, perfect man, and erfect universe.

"But if all reality is spiritual and spiritua it possible for anyone to begin to demonstrate it. The creative principle operates positively through divine law istence-perfect God, perfect man, and

ditions?' Here Christian Science explains that because spirit, the absolute good, is infinite, everywhere, there can be no place for either evil or matter, and it therefore classifies all phenomena and all experiences which are unlike perfect God and perfect man as unreal, as false concepts projected by erroneous human sense, as untrue be-

ing them untrue, for truth is inde-"It should be clearly seen that although Christian Science denies matter by revealing its unreality, it does not destroy the sense of existence. denial of matter does not produce a blank, for matter cannot be effectually denied until the substance of spirit has been clearly apprehended.
