

A New One

Here is the newest two-button sack with long, smart lapels. It is essentially a dressy young man's style. The coat is beautifully modelled and perfectly draped. The shoulders and sleeve head are cleverly tailored by experts, the skirt hugs the hips and the trousers are designed specially to suit the young man. Let us show you this style.

AN INVITATION TO SICKNESS

Thin, Watery Blood Leads to a Break-down in Health.

Thin, impure blood is an invitation to sickness. The blood is at work day and night to maintain the health and any lack of strength or purity in the blood is a weakness in the defense against disease. Anaemia is the doctor's name for lack of blood—watery blood. There may be an actual loss in the quantity of the blood, or one or more of its constituents may be lacking. The surest symptom of anaemia is pallor. The trouble is particularly common among young girls between the ages of fourteen and eighteen, but is also found in women of all ages, and quite frequently attacks men. It is nearly always present and prevents recovery after grippe, fevers, malaria, and operations and for this reason a tonic medicine is required in all these cases to enrich the blood, build up the nerves and restore health and strength. And there is no other tonic as good as Dr. Williams' Pink Pills, as has been proved in thousands and thousands of cases, among them that of Miss Annie Turner, Marie Joseph Post Office, N. S., who says: "Dr. Williams' Pink Pills have been of inestimable benefit to me. I was so badly run down that I could hardly go about, was not able to help in the work about the house. As my health grew worse the trouble brought on some species of fit, and when these attacks would come on I would sometimes remain unconscious for half an hour. After many other medicines had failed to help me, my brother got me a supply of Dr. Williams' Pink Pills and I began taking these. In the course of a few weeks I felt much better, and after taking the Pills for a time longer I was again in the full enjoyment of good health. I feel that I cannot praise Dr. Williams' Pink Pills too highly and I recommend them to all weak girls."

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Hawn—Graham, that we adjourn until Friday, instant, at 8 p.m.—Carried.

W. S. FULLER, Clerk.

Death of Judge Mabee.

One of the big men in Canadian public life passed away Monday when Judge Mabee, chairman of the Board of Railway Commissioners of Canada, died of collapse, due to heart failure.

Just a week ago Judge Mabee was taken ill while the railway board was in session at Toronto, and he was removed to St. Michael's Hospital, where an operation for appendicitis was performed. Gangrene, however, had set in, causing paralysis of the bowels, which was relieved by a second operation on Friday.

At that time little hope was held out for his recovery, but at midnight Sunday the doctors reported his condition somewhat improved, and the outlook was declared to be slightly more hopeful. As late as Monday morning the doctors issued a bulletin declaring that, though still critically ill, they now felt hopeful for recovery. Then at 1 p.m. he suffered a severe collapse, due to heart failure, and all hope was given up.

The funeral was held at Port Rowan on Wednesday.

Farm Laborers and Domestic.

I have been appointed by the Dominion Government to place immigrants from the United Kingdom in positions as farm laborers or domestic servants in this vicinity. Any person requiring such help should notify me by letter or in person, stating fully the kind of help required, when wanted and wages offered. The numbers arriving may not be sufficient to supply all demands, but every effort will be made to supply each applicant with the help required.

JOSEPH H. HUME,
Canadian Gov't Employment Agent,
Watford, Ontario. m3-2

From Old Subscribers.

Alex. Mavity, Vancouver:—Please find enclosed \$2 for subscription to Guide until June, 1913. We are always glad to get the paper, and hear from old friends from time to time. We wish you every prosperity.

PRENTIS FOR High Class Tailoring DARK ROOM TESTING

CARL A. CLASS, OPTICIAN, WATFORD, ONT.

Every child on reaching the age of seven years should have the eyes examined, and it often happens that one eye only is affected. This throws all the work on the better eye while the other through disuse frequently loses its function entirely. With proper lens correction this trouble will be wholly overcome. If accompanied by parents we will be glad to examine children's eyes free of charge.
