FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly such in its gueration. This has been prepared to muct that demand, and an exten-sive trial of its written has conclusively shown with what unceres it accomplicates the purpose designed. Seen proposed to meet that demand, and an extensive trial of its virtues has conclusively shown with what unceress it accompany here the purjose designed. It is easy to make a physical pic, but not easy to make the best of all piles — one which showld have more of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision.
