

man should not pretend to be a breeder. Some say there are two kinds of morality—Bible and common real. I am inclined to think the first. "Bible" or rather spiritual morality, covers the whole ground. "Do unto others as you would that they should do unto you," is a good motto to live by—a good motto for a breeder.

Weekly FARMING is a real genuine Klondike for every Canadian breeder of fine stock. If you don't dig gold out of it, you can get out of it that which will bring gold dollars.

The men who have pluck and enterprise enough to launch out the first, only and original weekly agricultural paper in Canada deserve well of the Canadian farmers and breeders. Our Canadian farmers admire pluck and enterprise, as in touch with their own *fin de siècle* progress, and this is why weekly FARMING has been a success from the start.

The Canadian bacon hog, the Tamworth or "ladies' hog," will put as many or more of those good, round, bright, gold English guineas in the farmer's pocket as any other breed in existence to-day. If you do not believe it, try it and be convinced. Select a Tamworth with a good, smooth head, ears wide apart, snout moderately long and quite straight, and face slightly dished, long and straight back, fine slanting shoulders, sides long and deep, loin strong and broad, hams well let down and well set on good, strong, shapely legs, set well outside of body. Get a Tamworth of this kind, quit breeding the scrub, and will guarantee you money every time. *Sotto voce*. Canada is not quite free of breeders of scrub Tamworths.

While we can't all have blooded stock, let us all encourage the breeding of the same as much as possible. How much better the stock on the farm looks when it is well bred than the mongrels do. As we now have a weekly paper printed in the interests of all lovers of good stock, called FARMING, I should be pleased to see contributions from all breeders of purebred stock, and will agree to add my aid along with others in making the editor feel that his paper has the backing of lovers of fine stock. I also encourage the publishers by giving them a good yearly ad. For, be it remembered, it is by the advertisements that the editor can give us a real good paper. An ad. in FARMING is bound to pay. If you don't believe it, try it. Keep your ad. constantly before the people. It pays every time.

J. A. MACDONALD.

HORSE HURTS

As an effective healer for sprains, curbs, galls, splints, sore throat, coughs, swelling, soreness or inflammation in horses and cattle, Griffith's Liniment has proved a supreme success—as good for the horse as for his master! P. H. Ritchie & Co., ranchers in Vancouver, B.C., say: "We consider Griffith's Menthol Liniment unequalled for horses. One of ours had a bad swelling on the left leg, which was swollen to an immense size. We applied the liniment, and in two days the swelling had left him. We have tried many liniments but have found nothing to equal it."

Patchall

THE Twentieth Century Mender bids goodbye to the needle and thread. Welcomed by thousands of women and praised by men. No more dirt in your home from mending bags. PATCHALL mends grain bags, binder canvas, and all kinds of cloth. It is a great saver for the farmer. Straw passing through small holes, winding on the rollers of the self-binding harvester breeds evil. A small piece of canvas and a little PATCHALL saves time and money. A great success in grain warehouses wherever tried. Thousands of bags are now patched by PATCHALL. Eight patches, two inches square, cost a cent. If you cannot obtain it from your hardware dealer, send 25 cents, and we will mail a can to your address prepaid. Manufactured by

Domestic Specialty Co.,
Hamilton, Ont.

SEND US 15c. and we will send the best little **SKATE SHARPENER** ever invented—can be carried in the vest pocket—no wearout to it—no keen razor edge without removing skates from the feet. **Good Active Ads** Wanted. They sell at sight. Here is a chance to make a little pocket money quickly. **Enterprise Mfg. Co.,** Toronto, Ont.
