

Mr. Enzenroth is a graduate chemical engineer of the University of Michigan, and has for the past few years been associated with Mr. Pullar. The firm will make a specialty of road and pavement inspection and the testing of bituminous materials. They have a plan for the inspection of pavements which they claim is new, practical and thorough. They intend to give special attention to municipal plant work.

In our issue of April 24th, under the heading of "Personals," a slight inaccuracy occurred when reference was made to the organization of the firm of McPhie, Kelly & Darling, of Hamilton. We find that Mr. McPhie has had an established architectural business there for eighteen years, and Mr. B. F. Kelly, O.A.A., has been associated with him for five years. It was Mr. Darling, not Mr. McPhie, who was connected with the Hamilton Bridge Works Company for fourteen years. We are glad to place this matter correctly before our readers and regret the mistake made. It is the firm's intention to conduct a combined architectural and engineering practice.

COMING MEETINGS.

CANADIAN ELECTRICAL ASSOCIATION.—Annual Convention will be held in Fort William, June 23, 24 and 25. Secretary, T. S. Young, 220 King Street W., Toronto.
