THEN AND NOW.

The time must be well within the recollection of most of our readers when a great many prejudices existed against life insurance but we are glad to say, from careful observation, that most of such prejudices have been gradually dispelled, and, as a result of the general advancement of knowledge regarding different lines of business during the past half century, life insurance has greatly obtained the favour of the majority of our people, and to-day we find that not only life insurance for protection of the family is sought for, but, in addition, the investment element has largely been adopted and appears in most of the contracts of our regular life companies. The intending insurer of to-day need have no anxiety in respect to the company he desires to select, provided he takes the necessary steps to obtain full information regarding its financial standing. This can be readily ascertained on reference to the Government Blue Book on insurance.

There are great differences between companies, however, even though they may issue the same kind of policies and transact, in nearly all respects, the same kind of business. One company is better than another if it is able to earn a higher rate of interest on its invested assets, and also if it is in a position to show a satisfactory surplus over and above all liabilities.

Canadians should be, and no doubt are, sufficiently patriotic to foster home institutions by transacting their business with them, more especially those which invariably have all their assets invested in Canadian securities, thus in no small way helping to build up the resources of our own country. One of the leading companies, distinctly Canadian, and one which merits the patronage of all classes of insurers, is that strong and successful home company, the North American Life of this city. Its record of success is unexcelled by that of any other company. Its plans of insurance are second to none. Its treatment of and equitable dealings with its policyholders have gained for it the respect and admiration of all classes.

The head office of this sterling institution is located at 22 to 28 King street west, Toronto, Ont., where full information will be cheerfully furnished on application therefor to Wm. McCabe, Managing Director, or it can be secured from any of the company's agents

HOW A WOMAN PAID HER DEBTS!

I am out of debt, and thanks to the Dish Washer business for it. In the past five weeks I have made over \$500, and I am so thankful that I feel like telling everybody, so that they can be benefited by my experience. Anybody can sell Dish Washers, because everybody wants one, especially when it can be got so cheap. You can wash and dry the dishes in two minutes. I believe that in two years from now every family will have one. You can get full particulars and hundreds of testimonials by addressing the Iron City Dish Washer Co., 148 S. Highland Ave., Station A., Pittsburg, Pa., and you can't help but make money in this business. I believe that I can clear over \$3,000 the coming year, and I am not going to let such an opportunity pass without improvement. We can't expect to succeed without trying.—MRS. B.
