

THEY ALWAYS HAVE IT WITH THEM.—Antikamnia is not a remedy which can only be used on rare occasions; on the contrary, we find a large number of physicians always have it with them, as the following letters will testify:

W. B. Heustis, M.D., Kickatom, N.Y.: "I never think of leaving my office without a supply of antikamnia in my pocket-case."

G. W. H. Kemper, M.D., Muncie, Ind.: "I carry antikamnia with me all the time, and it serves me in numerous emergencies."

W. L. Suggett, M.D., Flora, Ill.: "Whenever we start on a trip anywhere, my wife is sure to say, 'Did you put the antikamnia in my valise?'"

ADULTERATING OLIVE OIL WITH CASTOR OIL.—Olive oil is found to be frequently adulterated with castor oil. It is even claimed that the olive, especially if it has become strong smelling or rancid, is improved by the addition. As much as 2 per cent. of the adulterant may be added without detection. An Italian expert claims its presence may be discovered by taking 10 cc. of the suspected oil, mixing it with half its volume of hydrochloric acid, and then shaking them together in a test glass graduated to 0.1 cc. If any castor oil is present, the liquid will separate, on standing, into three well-defined layers, the lowest of which will be the hydrochloric acid, the top the olive, and the middle the castor oil. This test may be used with sesame, cotton seed, colza, earlnut and linseed oils.—*Pharmaceutical Era.*

HAPPY RELIEF ABDOMINAL SUPPORTER

24 SPADINA AVE.,

TORONTO, April 7th, 1891.

I have used Mrs. Pickering's Happy Relief Abdominal Supporter in my practice, and have found it to give entire satisfaction. A patient who had suffered for many years from an enormous hernia, being almost disabled thereby, has found the most complete relief from its use, and is now able to perform her household duties. She had tried other supporters, without the slightest benefit.
