## Good Old-Fashioned Apple Butter

A fragrant, smooth and toothsome spread for pancakes, muffins, toast, etc., made in the old time way from Fresh, Juicy Apples in Libby's Spotless White Enamel Kitchens.

The apples are carefully assorted, washed and cooked, then strained free from every shred of skin, stem, seed or core.

Then comes the skillful proportioning of the ingredients—apples, cane sugar, boiled cider, together with the finest spices, cinnamon, cloves, nutmeg and other aromatic spices.

The tins are enamel lined and are as hygienic as glass. An absolutely wholesome and delicious Apple Butter, guaranteed to keep until used.
