THE WEBER BABY GRAND.
RECEIVED HOME.

"THE WEBER PIANO"

Is generally acknowledged the grandest instrument of music which has ever appeared in the household, or adorned the Lyric Stage. Its tones are pure and beautiful beyond all others. It is sweet, sympathetic and plaintive, or loud, grand and majestic, at the will of the performer. In its capacity to portray feeling, and in its wonderful power of expression, it stands absolutely without a rival. The duration of its tones, quick responsive action, and perfect mechanism, place it, in the estimation of all musical people, above and beyond all its competitors. For many years the "Weber" Piano was used only by the wealthy and musical aristocracy of the United States; but since the Philadelphia Exhibition, where it was first placed before the public in competition with the great makers of the world, the demand for it has been unprecedented.

The first second-hand instrument of this maker, offered at public competition in Montreal, though a square several years in use, realized \$515.00. This was far above the price reached by any other piano, and shows that a good piano, like a good painting, will always command its price.
