\* Disbursements in the previous fiscal year, 2014-2015, totaled \$5.37 billion. This value is attributable to significant one-time expenditures, in particular, a double payment of \$442 million to the International Development Association as a result of changes in the Government of Canada's payment schedule. When this exceptional payment is removed for year-over-year comparison purposes, and applied to the following fiscal year 2015-2016, Canada's ODA increased by 7%.
