

June 17, 1925.

W.J. Dunlop, Esq.,  
Extension Department,  
University of Toronto.

Dear Mr. Dunlop:-

Reference your letter of the 9th inst. addressed to Sir Arthur Currie, we are sending an undergraduate to attend to the Universities Booth during the month of August. He is very well qualified for the purpose, having been at the University of British Columbia and at the Ontario Agricultural College as well as at McGill. The young man's name is Henry Davis. We are of course meeting the expense. Under the circumstances it seems hardly worth while to provide an attendant for September, but perhaps the other universities might care to join in doing so.

Yours faithfully,

Wilfrid Bovey.
